knowledgeed, do hereby grant to said Alabama Power Company, its successors and assigns, the right to  
construct, operate and maintain electric transmission and communication lines and all towers, poles,  
conduits, conductors, cables, insulators, anchors, guy wires, counterpoise conductors, and all other ap-  
pliances necessary or convenient in connection therewith from time to time over, under and across, a  
strip of land seventy-five (75) feet in width, as said strip is now located by the  
final location survey thereof heretofore made by said Company, over, under and across the lands of which  
it is hereinafter described as being a part, said survey to determine the boundaries of said strip, together  
with all the rights and privileges necessary or convenient for the full enjoyment or use thereof for the  
purposes above described, including the right of ingress and egress to and from said strip and the right  
to cut, remove, or otherwise kill, and keep clear by any means, including chemicals, all trees and under-  
growth and all other obstructions under, on or above said strip and danger trees adjacent thereto which  
now or may hereafter injure, endanger or interfere with any of the works on said strip, and the right to  
install, maintain and use anchors and guy wires on land adjacent to said strip, and the right to pre-  
vent the use of such strip as a parking area for automobiles or other vehicles, as a storage area for  
machinery or materials, or as a road other than a road crossing such strip at a location which does not  
endanger or interfere with works that have been or may at some future date be constructed on  
such strip.

Said strip is a part of a tract of land situated in Shelby  
County, Alabama, described as follows: South half of southeast quarter (S $\frac{1}{2}$  of SE $\frac{1}{4}$ ) and

south, Range 1 west.

Said strip is approximately described as follows: Commence at the southeast corner of Section

of such Section 13 a distance of 906.1 feet to a point on the east boundary line of  
the Grantor's property, such point being the point of beginning of the right of way  
herein described; therefrom, the strip lies 37.5 feet on each side of a center line  
and the continuations thereof which begins at such point of beginning and turns an  
angle to the left of 103 degrees 47 minutes and thence runs south 75 degrees 47  
minutes west a distance of 3801 feet, more or less, to a point on the south boundary  
line of the Grantor's property, such point being the point of ending of the right

Grantee will cut all trees and stumps to ground level and remove or

strip.

TO HAVE AND TO HOLD the same to the said Company, its successors and assigns, forever.
