DeBardeleben & Wadsworth To Enoch Ensley Et al

Contract and agreement made and entered into by and between H. F. DeBardeleben and J. L. Wadsworth Trustee, parties of the first part and Enoch Ensley, J. C. Neely, Napoleon Hill, Noland Fontaine, Thomas H. Milburn and Thomas Peters, parties of the second part, to wit: On 24 day of September 1881 a contract was made between said DeBardeleben and Wadsworth trustee of one part, and the said Enoch Ensley of the other part, by which said first named parties sold to said Ensley an option to purchase the stock of the Pratt Coal and Coke Company, a corporation under the laws of Alabama, having its sitis in Jefferson County, upon the terms in said contract specified. The said other parties mentioned above as parties of the second part, have become interested with said Ensley in said contract; and in acceptance of said option and in modification and consummation of the said purchase, this contract is now made and entered into. By a deed of date July 4th 1881, the said H. F. DeBardeleben conveyed to said J. L. Wadsworth as trustee, along with other property, 1998 shares of the Stock of said Pratt Coal & Coke Company, for the purpose, and upon the trusts, and with the full power of sale and reinvestment therein recited. Said deed is to be at once filed upon record in the office of the Probate Judge of Jefferson County and is referred to here as being in the contemplation of the parties hereto.

The Capital Stock of said Pratt Coal & Coke company is now fixed at Two Hundred Thousand Dollars divided into shares of One Hundred Dollars each. The parties of the first

part hereby sell to the parties of the second part, to be transferred, on the book of the Corporation, to them, in the proportions to be by the parties of the second part directed, the whole of said Capital Stock, at and for the price of One Million of Dollars, of which Four Hundred Thousand Dollars is to be paid in cash, at the time of transfer; and the balance is to be paid in six annual installments, beginning from the date hereof and secured as hereinafter recited. Upon the payment of said Four Hundred Thousand Dollars, and the compliance with this contract as to the remaining Six Hundred Thousand Dollars, the parties of the first part bind themselves to transfer the whole of said stock, and cause new certificates therefor to be issued in due and legal manner and form, with indorsement upon each certificate that the same is issued in accordance with and upon the terms of this contract, as the same shall be of record in the office of the Probate Judge of Jefferson County. And the parties of the first part undertake and bind themselves further by all proper and legal means and in due form, to place said parties of the second part in full possession of the said Corporation known as the Pratt Coal & Coke Company, its property, franchises, management, contracts and control, subject to the provisions of this contract and to render them all needful assistance in understanding and assuming its management. They further agree and bind themselves, to pay off all debts of every kind, now against said Pratt Coal & Coke Company, and leave the stock of said company with no debt of any kind preceding it; and to defend at their own expense all lawsuits now pending against said Company, and to pay or fully settle any and all judgments now existing or that may be recovered, against said Company in any suits brought against it before the date hereof; and to fully indemnify and hold harmless the said Company, and the parties of the second part, as to any debt, lawsuit or judgment as above described. They agree to execute as to this a separate bond of indemnity and to pledge as collateral security for its performance the note to be executed by the parties of the second part, for the installment of the deferred purchase money to fall due four years after date. On their part the parties of the second part agree and bind themselves, in consideration of the foregoing

undertakings, to pay said J. L. Hadsworth, as Trustee; the sum of Four Hundred Thousand Dollars in cash, and to execute to him their joint and several promissory notes six in number, for one Hundred Thousand Dollars each, all bearing even date herewith, and payable to said J. L. Hadsworth Trustee, one, two, three, four, five and six years respectively after date, at the National Bank of Birmingham. To secure the payment of said notes the parties of the first and second parts hereby unite in retaining, declaring and creating an express lien upon all of said stocks and also upon all the real estate and its appurtenances, now owned by said Pratt Coal & Coke Company, intended to be set out in the Schedule No. 1 hereto attached and made part hereof, and all the Mines, Minerals, mineral rights, coal and iron; and upon the railroads of said Pratt Coal & Coke Company having their terminus at Birmingham and Helena with the right of way, road beds, tracts and franchises: the said property and rail roads to remain in the possession, use, occupation and control of said Pratt Coal & Coke Company with full right and power to operate the roads, work, develope and extend the mines, and to remove and use, for its own benefit and advantages without impairment of, or prejudice to the afore said lien first herein above declared and created, the coal, minerals and timber, until forfeiture hereunder; but with full right and power to the holder or holders of said notes, upon any default in the payment thereof, or of any one of them to proceed, in due legal form, to enforce and foreclose this lien, for such note or notes, or part or parts of same, as may be due and in default with all accrued interests and costs. It is the purpose of the parties of the second part to proceed at once, and as rapidly as may be possible, under the provisions of the laws of the state, to increase the stock of the Pratt Coal & Coke company, and by proper steps, issue the corporate notes or obligations of said Company, to the amount of Six Hundred Thousand Dollars, corresponding in amounts and time of maturity with their notes aforesaid, secured by a fine lien upon the property aforesaid of the Company, with the continuance and full operations of the lien herein before created, upon said property, to secure said notes; and to substitute the said corporate obligations so to be created, for the individual notes aforesaid of the parties of the second part without impairment of or prejudice to the lien first herein before created and declared upon the

said property. The parties of the first part are advised and believe that this may be ~~lawfully~~ legally and properly done. To this end the parties of the first part agree and bind themselves not to negotiate, or in any manner part with the possession and control of the six notes aforesaid, except by the pledge of one of them as collateral, with their bond of indemnity aforesaid for the space of four month from the date hereof; and to accept in lieu of said six notes and surrender said six notes in exchange for, the corporate obligation aforesaid of said Pratt Coal & Coke Company, corresponding in amount and time of maturity with said notes, provided, said corporate obligations shall have been issued in conformity to law so as to be the valid and legal obligations of said Company; and provided the first and prior lien upon said property of said Company to secure the payment of said six hundred Thousand dollars, provided by the contract, shall be so continued and preserved as to remain in full force, undiminished and unimpaired. This substitution may be made at any time within the space of four months, when it can be legally effected according to the foregoing terms; but, if the parties of the second part shall fail for the full space of four months, to tender such substitution as this contract provides for then after such four months shall expire, the parties of the first part will at their pleasure, hold the said six notes of the parties of the second part wholly released and discharged from their foregoing obligation not to negotiate them, or part with their possession and control; and in no event is the said first lien above created and declared by this agreement, upon the property aforesaid of the said Pratt Coal & Coke Company; to be prejudiced or impaired by said substitution, or the failure to make such substitution; or by any increase of the stock of said Corporation. After the signature and delivery of the contract the said Wadsworth, Justice, shall have the right, in the name of the Pratt Coal & Coke Company, or in any other lawful manner to demand, receive, sue for and recover, at his own expense all debts and demands of every name and nature, due or to become due to that Company, by reason of any transaction which had accrued prior to the signing of this contract. This contract is to be recorded in the office of the Probate Judge of Jefferson County, Alabama. It is understood and agreed between the parties hereto that

before the ~~company~~ carrying of this contract into execution the Pratt Coal & Coke Company is to convey to said Wadsworth, as Trustee an undivided three fourth interest in certain Iron ore lands now owned by said Company near to and west of McCaly station on the Alabama Great Southern Railroad, being about 3600 acres. Known as the Iron ore land of said Pratt Coal & Coke Company, and described in Schedule No. 2 attached hereto and made part here of. It is also agreed and understood that as soon as may be practicable, the parties of the first part, will convey by proper deed to the Pratt Coal and Coke Company an undivided three fourths interest in certain Iron lands, the title to which is now held in ~~xxx~~ the name of said DeBardeleben, and which are fully described in Schedule no. 3 hereto attached and made part here of. It is also agreed between the parties that they will as soon as may be practicable, make partitions of the lands embraced in Schedules nos. 2 & 3 so that the Pratt Coal & Coke Company, and the said Wadsworth Trustee, shall hold and own their respective interests is severalty; and the lien hereby created and declared will attach and bind the portions falling to the Pratt Coal & Coke Company. The interlineations of "Dollars" on page 2, and "No. 1" on page 4 and the erasure of ~~one~~ last word on page 4, made before signing. Witness the hands and seals of the parties, this 29th day of December, 1881.—

But before signing it becomes necessary to add one written stipulation, as follows. The parties of the first part agree and bind themselves; that ~~when~~ the corporate obligations as aforesaid shall be substituted for the notes of the parties of the second part, for the defered purchase money they will substitute as collateral with their bond of indemnity aforesaid for the notes of the parties of the second part falling due four years after date the corporate obligations corresponding with it in amount and time of maturity. Provided however that in no event shall any substitution of notes or obligations or increase of the Capital Stock of Said Company, operate or be construed to diminish or impair the lien herein before retained, declared and created, upon, or as to, the property of the Pratt Coal & Coke Company referred to in this contract, or any part of that property. The parties of the second part undertake and agree that the Pratt Coal & Coke Company after it comes under their control, shall carry out the provisions of this contract as far as it can lawfully do so now or here

after, and as soon and as far as it is, or may hereafter become lawfully capable of carrying out the provisions of this contract. Witness the hands & seals this 29th Day of December 1881—
