LAST WILL AND TESTAMENT

OF Case #04-236

JOHN B. BATES

I, JOHN B. BATES, of Dale County, Alabama, declare this to be my will, and I revoke all prior wills and codicils that I have made. At the time of the execution of this my last will and testament I am married to MARY REBECCA BATES. I have no children.

ARTICLE I

All estate and inheritance taxes (including interest and penalties, if any), together with the expenses of my last illness and all administration expenses, including an appropriate marker for my grave, payable in any jurisdiction by reason of my death (including those taxes and expenses payable with respect to assets which do not pass under this will) shall be paid out of and charged generally against the principal of my residuary estate, without apportionment. I waive any right of reimbursement for, recovery of, or contribution toward the payment of those taxes and administration expenses, except my executor shall, to the maximum extent permitted by law, seek reimbursement for, recovery of, or contribution toward the payment of federal or state estate tax attributable to property in which I have a qualifying income interest for life, over which I have a power of appointment, or which is included in my gross estate by reason of Section 2036 of the Internal Revenue Code of 1986, as from time to time amended ("Code"), and which tax is not otherwise paid or payable. Any generation-skipping tax resulting from a transfer occurring under this will shall be charged to the property constituting the transfer in the manner provided by applicable law.

ARTICLE II

A. I give all the tangible personal property that I own at my death, including any household furniture and furnishings, automobiles, books, pictures, jewelry, art objects, hobby equipment and collections, club memberships and stadium certificates, wearing apparel, and other articles of household or personal use or ornament, together with any insurance on any specific item, to MARY REBECCA BATES ("my spouse").

B. All costs of safeguarding, insuring, packing, and storing my tangible personal property before its distribution and of delivering each item to the place of residence of the beneficiary of that item shall be deemed to be expenses of administration of my estate.

ARTICLE III

I give all my residuary estate, which shall not include any property over which I have power of appointment, to my spouse.

ARTICLE IV

A. I name my spouse as executor of this will. No executor of this will shall be required to furnish bond or other security as executor.

B. If the appointment of an executor of my estate is necessary or desirable in any jurisdiction in which no executor herein named is able and willing to act, I appoint as my executor in that jurisdiction such person or corporation as may be designated in an instrument signed by my spouse, that executor to serve without bond, or if bond is required, without surety thereon, and to have all the powers and discretion with respect to my estate in that jurisdiction that are set forth or referred to in paragraph C of this Article, to be exercised without court order. As used in this will, the terms "executors" and "executor" designate any court-appointed fiduciaries or fiduciary of my estate from time to time qualified and acting in any jurisdiction.

C. In addition to all powers granted by law, I give my executor power, exercisable in the discretion of my executor and without court order, to retain, sell (at public or private sale), exchange, lease for any term (even though commencing in the future or extending beyond the date of final distribution of my estate), mortgage, pledge, or otherwise deal for any purpose with the property, real or personal, from time to time comprising my estate, for such consideration and on such terms (with or without security) as my executor shall determine; to invest and reinvest my estate and proceeds of sale of any portion thereof in such loans, stocks, or other securities, mortgages, investment companies or trusts, whether of the open and/or closed fund types, interests in general, limited or special partnerships, common trust funds, or other property as they may consider suitable, whether

or not a so-called "legal" investment of trust funds, and to change investments and to make new investments from time to time as to my executor may seem necessary or desirable; to borrow money for any purpose, at interest rates then prevailing, from any individual, bank, or other source, irrespective of whether that lender is then acting as an executor; to compromise or abandon any claims in favor of or against my estate; to hold any property in the name of a nominee or in bearer form; to employ accountants, depositories, attorneys, and agents (with or without discretionary powers); to execute contracts, notes, conveyances, and other instruments, including instruments containing covenants and warranties binding upon and creating a charge against my estate, and containing provisions excluding personal liability; to make distributions wholly in cash or in kind, or partly in each; to allot different kinds or disproportionate shares of property or undivided interests in property among the beneficiaries; and to determine the value of any property distributed in kind.

D. I empower my executor (i) to make such elections under the tax laws as my executor deems advisable, including an election to create qualified terminable interest property for both estate and generation-skipping tax purposes or for estate tax purposes alone, and (ii) to allocate the unused portion, if any, of my GST exemption (as defined in this paragraph) to any property with respect to which I am the transferor for generation-skipping tax purposes (irrespective of whether such property passes under this will) in such manner as my executor deems advisable, in each case without regard to the relative interests of the beneficiaries; however, my executor shall not make adjustments between principal and income, or in the interests of the beneficiaries, to compensate for the effects of such elections and allocation. Any decision made by my executor with respect to the exercise of any tax election or the allocation of my GST exemption shall be binding and conclusive on all persons. As used in this paragraph, the "GST exemption" means the exemption from generation-skipping tax allowed under Section 2631 of the Code.

E. To the extent that such requirements can be legally waived, no executor shall be required to file an inventory or appraisal, or account to any court, or obtain the order or approval of any court before exercising any power or discretion granted in this will.

F. I also give my executor power, exercisable in the discretion of my executor and without court order, to (i) conduct environmental assessments, audits, and site monitoring to determine compliance with any environmental law or regulation thereunder; (ii) take all appropriate remedial action to contain, clean up or remove any environmental hazard including a spill, release, discharge or contamination, either on its own accord or in response to an actual or threatened violation of any environmental law or regulation thereunder; (iii) institute legal proceedings concerning environmental hazards or contest or settle legal proceedings brought by any local, state, or federal agency concerned with environmental compliance, or by a private litigant; (iv) comply with any local, state or federal agency order or court order directing an assessment, abatement or cleanup of any environmental hazards; and (v) employ agents, consultants and legal counsel to assist or perform the above undertakings or actions.

G. No executor shall be liable for any loss or depreciation in value sustained by the estate as a result of the executor retaining any property upon which there is later discovered to be hazardous materials or substances requiring remedial action pursuant to any federal, state, or local environmental law, unless the executor contributed to the loss or depreciation in value through willful default, willful misconduct, or gross negligence.

H. To the maximum extent permitted by law, the executor may withhold a distribution to a beneficiary hereunder until receiving from the beneficiary an indemnification agreement in which the beneficiary agrees to indemnify the executor against any claims filed against the executor as an "owner" or "operator" under the Comprehensive Environmental Response, Compensation, and Liability Act of 1980, as from time to time amended, or any regulation thereunder; provided further that the executor may not take any action under this paragraph which would in any way jeopardize any marital deduction available under federal or state law for property passing to or for the benefit of my spouse.
