Tennessee Coal, Iron & Railroad Co. } In Chancery at Columbiana 16th
vs. Newton J. Lawler. } Dist. N.E. Chy. Div. August Term 1912.

This cause was submitted at said term of this Court for final decree on pleadings and proof as noted by the register and by consent of parties held for decree in vacation.

Upon consideration thereof the Court is of the opinion that both the Complainant and Cross Complainant are entitled to relief in this cause. The original bill is filed to quiet title to the Coal, iron ore and other minerals in under and upon the SE/4 of the SE/4 of Section 34, Township 21, Range 4 W. in Shelby County Alabama. The Cross bill seeks to quiet title to the whole interest in said SE/4 of SE/4. The answer to the cross bill does not specifically disclaim ownership of the surface or agricultural interest in said forty acre tract of land. The proof shows that while said tract of land was owned in fee simple by a predecessor in title to each of the parties to this suit there was a severance of the mineral interest in said land from the agricultural interest therein and that now complainant has a perfect title to the mineral interest in said tract as described in the second paragraph of the original bill while Cross Complainant seems to have a perfect title to the agricultural interest in said ~~land~~ tract.

It is therefore ordered adjudged and decreed by the Court that both complainant in the original bill and Complainant in the Cross bill are each entitled to relief under their respective bills and that complainant in the original bill, Tennessee Coal, Iron and Railroad Co. a corporation has a perfect title in fee simple in the Coal, Iron ore and other minerals in under and upon the SE/4 of the SE/4 of Section 34, Township 21, Range 4 West in Shelby County Alabama, and that respondent Newton J. Lawler has no right, title or interest in or incumbrance upon said interest in said land as above described or any part thereof.

And that Cross Complainant, Newton J. Lawler has a perfect title in fee simple to the agricultural interest in said SE/4 of SE/4 of Section 34 Tp. 21, R. 4 W. in Shelby County Ala. and Respondent in said Cross bill, Tennessee Coal, Iron and Railroad Co. has no right, title or interest in or encumbrance upon said agricultural interest in said land, except the right to enter in or upon said land and mine the coal, sink shafts lay railroads as may be required for transportation, and the same right to mine any and all other minerals that may be in or upon said

land, and all rights that facilitate mining in any particular.
It is further ordered that each of the parties to this cause, pay one half of the cost of this suit, not heretofore otherwise taxed, to be taxed by the register for which let execution issue.
It is further ordered that each of the parties to this cause may withdraw from the file the original deeds offered in evidence in the trial of this cause upon leaving with the Register to be placed in the file certified copies thereof.

In vacation at Anniston, Ala. } W. N. Whitepide.
This Sept. 11, 1912. } Chancellor.
