The State of Alabama, } Before me, Rice Alexander, a
Montgomery County. } Notary Public in and for said
State and County, personally appeared W. F. Stafford Jr.
who is known to me and who being by me first duly
sworn deposes and says: That in the month of May 1905
he had a conversation with Ollie Booth, a son of Elam
Booth deceased, with reference to the Southeast Quarter of
Northeast Quarter of Section 20, Township 21, Range 4 West

That affiant explained to said Shelby Boothe that this land had been entered by one Richard Boothe, and that a deed had been made by Elam Boothe and Jas. Boothe both sons of Richard Boothe to William Boothe also a son of Richard Boothe but that said deed was defective in that it was not acknowledged and that the signatures of the grantors and of the witnesses were made by mark. That affiant requested said Shelby Boothe to execute a quit claim deed to the Southern Mineral Land Co., which Corporation has title by mesne conveyances from said Wm Boothe to the minerals on said land. That said Shelby Boothe replied that he saw no necessity for the execution of any such deed. That it appeared to him that said Southern Mineral Land Company had a good title to the interest in said land claimed by it and that he did not care to make the deed.

Sworn to and subscribed before me this 30th day of December 1905.
