The State of Oklahoma } Before me, the undersigned au-
Choctaw County } thority in and for said County,
in said State personally appeared the undersigned Andrew Lee,
who is known to me and who being by me duly sworn
deposeth and on oath saith as follows: I am familiar
with the lands described as the South half of the North-
East Quarter, South half of the North West Quarter, North half
of the South West Quarter, and South West Quarter of South
West Quarter of Section Twenty Three (23), Township Twenty-

One (21), Range Two (2) West in Shelby County, Alabama, and have been familiar with these lands continuously from June 28, 1902 to this time; practically all my life I have lived within a few miles of these lands. I remember when Mr C. L. O'Neal bought said lands from D. R. Leonard, in the year 1902. I was working for Mr O'Neal at his store and heading mill at that time, and have continued to work for Mr O'Neal continuously from that time, with the exception of a part of the last three or four years, and am now working for him again, and have been working for him for the past year. In 1902 Mr O'Neal's store and heading mill was situated in the West half of Section Twenty Six (26), in said Township Twenty One (21) Range Two (2) West, on land that formed a part of a larger tract which included the above described two hundred and eighty (280) acres; shortly after Mr O'Neal purchased the lands from D. R. Leonard and beginning in the year 1902, he began cutting and hauling timber from said lands to his store and heading mill and cord wood for use as fuel in his lime kiln and he continued to cut and haul such saw logs, timber and cord wood from said lands for more than ten years, getting some timber from said lands practically every month, if not every week during that time and he has continued to cut and haul logs, timber and cord wood from said lands to this time and is now getting timber and cord wood on said lands and I have been getting timber from this land for Mr O'Neal for the past ten or eleven months and am now at work for him getting timber off of said lands. I am at present in charge of Mr O'Neal's store and heading mill and overlook the cutting and hauling of the timber from various sections of Mr O'Neal's lands and my brother Jim Lee hauls the logs from the lands to the mill. Everyone in the vicinity knows, and has known continuously from the time Mr O'Neal purchased these lands from D. R. Leonard up to this time, that Mr O'Neal claimed to own the lands and has been in actual possession of the lands, and no one else has had possession of said lands or any part

thereof during that time. These facts are stated of my own personal knowledge.
