

## OIL, GAS AND MINERAL LEASE

THIS AGREEMENT made this 11th day of March, 1983, betweenJohn R. Saunders and wife, Doris W. SaundersLessor (whether one or more) whose address is 201 Office Park Drive, Birmingham, Alabama 35223  
and Amoco Production Company, P.O. Box 50879, New Orleans, LA 70150 Lessee. WITNESSETHI, Lessor in consideration of Ten and no/100 and other valuable considerations Dollars \$10.00 & OVC, in hand paid, of the royalties herein provided, and of the agreement of Lessor herein contained, hereby grants, leases and lets exclusively unto Lessee for the purpose of investigating, exploring, prospecting, drilling and mining for and producing oil, gas and all other minerals, laying pipe lines, building roads, tanks, power stations, telephone lines and other structures thereon to produce, save, take care of, treat, transport and own said products, and housing its employees, the following described land in Shelby, County, Alabama, to wit:TOWNSHIP 18 SOUTH, RANGE 1 EASTSection 26: Northwest Quarter. (NW $\frac{1}{4}$ )

Notwithstanding any wording in this lease to the contrary, it is understood and agreed between Lessor and Lessee that Lessee will not enter upon or establish a drill site on or drill on the above described property without first obtaining the prior written approval of the Lessor, but the withholding of such approval by the Lessor shall not relieve Lessee of its obligation for the payment of royalties with respect to oil, gas, or other minerals named herein allocable to the above described property but produced from drilling sites situated on other property.

Notwithstanding any wording in this lease to the contrary, it is hereby agreed between Lessor and Lessee that this lease covers only oil, gas, and sulphur in liquid, gaseous or vaporous forms or state, which can or may be produced through the bore of a well.

Should Lessor suffer damage to livestock, water wells, fences, roads, personal property buildings or other improvements as a result of operations of Lessee under this lease, Lessee agrees to pay Lessor the actual amount of the said loss. Lessee further agrees to fill and level all slush pits, so as to return the surface to its original condition as nearly as practical, within a reasonable length of time after the abandonment of the use of such pits.

In the event a portion or portions of the land herein leased is pooled or unitized with other land so as to form a pooled unit or units, operations on, completion of a well upon, or production from such unit or units will not maintain this lease in force as to land not included in such unit or units. The lease may be maintained in force as to any land covered hereby and not included in such unit or units in any manner provided for herein; provided that if it be by rental payments, rental shall be reduced in proportion to the number of acres covered hereby and included in such unit or units. If at or after the end of the primary term, this lease is being maintained as to a part of the lands by operations on, completion of a well upon, or production from a pooled unit or units embracing lands covered hereby and other land, and if at such time there be land covered hereby which is not situated in such unit or units and as to which the lease is not being maintained by operations, completion of a well, or production, Lessee shall have the right to maintain the lease as to such land by rental payments exactly as if it were during the primary term, provided that this lease may not be maintained in force by rental payments more than two (2) years beyond the end of the primary term.

It is agreed and understood between Lessor and Lessee that wherever the fraction 1/8 (one-eighth) appears in Paragraph No. 3 it is decreed to read 1/6 (one-sixth).

It is the intention of Lessor and Lessee that this lease shall also include, and there is hereby included, granted, leased and let, for the purposes and consideration herein stated, all the land owned or claimed by Lessor, adjacent or contiguous to the land particularly described above, whether the same be in said section or sections, grant or grants, or in adjacent sections or grants, although not included with the boundaries of the land particularly described above. For the purpose of determining the amount of any money payment hereunder, the lands herein shall be treated as comprising \_\_\_\_\_, whether there be more or less, and in the event of a partial assignment of interest hereunder, the assigned or surrendered portion or portions shall be deemed to contain the number of acres stated in each assignment or surrender.

Subject to the other provisions herein contained, this lease shall be for a term of 50 years from this date (called "primary term") and as long thereafter as oil, gas or other mineral is produced from said land with which said land is pooled herewith.

The royalties to be paid by Lessee are: (a) on oil, one-eighth (1/8) of that produced and saved from said land, the same to be delivered at the wells or to the credit of Lessor into the pipeline to which the wells may be connected; Lessor may from time to time purchase any royalty oil in its possession, paying the market price therefor prevailing for the field where produced on the date of purchase, in either case interest to bear its proportion of any expense of treating unmarketable oil to render it merchantable as crude; (b) on gas, one-eighth (1/8) of the market value at the well of the gas used by Lessee in operations not connected with the land leased or any pooled unit containing all or a part of said land; the royalty on gas sold by Lessee to be one-eighth (1/8) of the amount realized at the well from such sales, or one-eighth (1/8) of the market value at the mouth of the well of gas used by Lessee in manufacturing gasoline or other by-products, except that in computing such value, there shall be excluded all gas components thereof used in lease or unit operations; and (d) on all other minerals mined and marketed, one-tenth (1/10) either in kind or value at the well or mine, at Lessee's election, except that on sulphur mined and marketed, the royalty shall be fifty cents (50¢) per long ton. In the event that any well on the land or on property pooled therewith (or with any part thereof) is capable of producing oil or gas or gaseous substances in paying quantities but such minerals are not being produced, then Lessee's rights may be maintained, in the absence of production, or drilling operations, by commencing or resuming rental payments therein (sometimes referred to as shut-in gas payments) as hereinafter provided in paragraph 6. Should such conditions occur or exist at the end of or after the primary term, or within sixty (60) days prior to the expiration thereof, Lessee's rights may be extended beyond and after the primary term by the commencement, resumption or continuance of such payments at the rate and in the manner herein provided for rental payments during the primary term, and for the purpose of computing and making such payments the expiration date of the primary term and each anniversary date thereof shall be considered as a basic rental paying date, and if such payments are made, it will be considered that oil or gas or gaseous substance is being produced within the meaning of paragraph 2 hereto. Lessee shall have free use of oil, gas, water and water from said land, except water from Lessor's wells, for all operations hereunder, and royalty on oil, gas and coal shall be computed after deducting any so used.

4. Lessor, at its option, is hereby given the right and power to pool or combine the acreage covered by this lease or any portion thereof with other land, lease or leases in the immediate vicinity thereof, when in Lessor's judgment it is necessary or advisable to do so in order properly to develop and operate said premises in compliance with any lawful spacing rules which may be prescribed for the field in which this lease is situated by any duly authorized authority, or when so doing would, in the judgment of Lessee, promote the conserving of the oil and gas in aid and under and that may be produced from said premises. Lessor shall execute in writing an instrument identifying and describing the pooled acreage. The entire acreage so pooled into a tract or unit shall be treated, for all purposes except the payment of royalties or production from the pooled unit, as if it were included in this lease. If production is found on the pooled acreage, it shall be treated as if production is had from this lease, whether the well or wells be located on the premises covered by this lease or not. In lieu of the royalties elsewhere herein specified, Lessor shall receive on production from a unit so pooled only such portion of the royalty stipulated herein as the acreage of his acreage placed in the unit or his royalty interest therein on an acreage basis bears to the total acreage so pooled in the particular unit involved.

5. If operations for drilling are not commenced on said land or on acreage pooled therewith as above provided on or before one year from this date the lease shall then terminate as to both parties unless as follows: before such anniversary date Lessor shall pay or tender to Lessor or to the credit of Lessor in \_\_\_\_\_, SouthTrust Bank, Bank at Birmingham, Alabama (which bank and its successors are Lessor's agent and shall continue as the depository for all rentals payable hereunder regardless of changes in ownership of said land or the rentals) the sum of

One Hundred Sixty and no/100

(160.00), which shall cover the privilege of deferring commencement of drilling operations for a period of twelve (12) months. In like manner and upon like payments or tenders annually the commencement of drilling operations may be further deferred for successive periods of twelve (12) months each during the primary term. The payment or tender of rental may be made by the check or draft of Lessor mailed or delivered to Lessor or to said bank on or before such date of payment. If such bank (or any successor bank) should fail, liquidate or be succeeded by another bank, or for any reason fail or refuse to accept rental, Lessor shall not be held in default for failure to make such payment or tender of rental until thirty (30) days after Lessor shall deliver to Lessee a properly recordable instrument, naming another bank as agent to receive such payments or tenders. The down cash payment is consideration for this lease according to its terms and shall not be allocated as more rental for a period. Lessor may at any time or times execute and deliver to Lessor or to the depository above named or place of record a release or releases covering any portion or portions of the above described premises and thereby surrender this lease as to such portion or portions and be relieved of all obligations as to the acreage surrendered, and thereafter the rentals payable hereunder shall be reduced in the proportion that the acreage covered hereby is reduced by said release or releases.

6. If prior to discovery of oil, gas or other mineral on said land or on acreage pooled therewith Lessor should drill a dry hole or holes thereon, or if after discovery of oil, gas or other mineral, the production thereof should cease from any cause, this lease shall not terminate if Lessor commences additional drilling or reworking operations within 60 days thereafter or if it be within the primary term, commences or resumes the payment or tender of rentals or commences operations for drilling or reworking on or before the rental paying date next ensuing after the expiration of 60 days from date of completion of dry hole or cessation of production. If at any time subsequent to sixty (60) days prior to the beginning of the last year of the primary term and prior to the discovery of oil, gas or other mineral on said land, or on acreage pooled therewith, Lessor should drill a dry hole thereon, no rental payment or operations are necessary in order to keep the lease in force during the remainder of the primary term. If at the expiration of its primary term, oil, gas or other mineral is not being produced on said land, or on acreage pooled therewith, but Lessor is then engaged in drilling or reworking operations thereon or shall have completed a dry hole thereon within sixty (60) days prior to the end of the primary term, the lease shall remain in force so long as operations are prosecuted with no cessation of more than sixty (60) consecutive days, and if they resume in the production of oil, gas or other mineral, so long thereafter as oil, gas or other mineral is produced from said land or acreage pooled therewith. In the event a well or wells producing oil or gas in paying quantities should be brought in on adjacent land and within one hundred fifty (150) feet of and draining the leased premises or acreage pooled therewith, Lessor agrees to drill such offset wells as a reasonable producer would drill under the same or similar circumstances.

7. Lessor shall have the right at any time during or after the expiration of this lease to remove all property and fixtures placed by Lessee on said land, including the right to draw and remove all casing. When required by Lessor, Lessor will bury all pipe lines below ordinary plow depth, and no well shall be drilled within two hundred (200) feet of any residence or barn now on said land without Lessor's consent. Lessor shall be responsible for all damages caused by Lessor's operations hereunder other than damages necessarily caused by the exercise of the rights herein granted.

8. The rights of either party hereunder may be assigned in whole or in part, and the provisions herein shall extend to their heirs, successors and assigns, but no change or division in ownership of the land, rentals or royalties, however accomplished, shall operate to enlarge the obligations or diminish the rights of Lessor, or no change or division in such ownership shall be binding on Lessor until thirty (30) days after Lessor shall have been furnished by registered U.S. mail at Lessor's principal place of business with a certified copy of recordable instrument or instruments evidencing same. In the event of assignment hereof in whole or in part liability for breach of any obligation hereunder shall rest exclusively upon the owner of the lease or of a portion thereof who commits such breach. In the event of the death of any person entitled to rental hereunder, Lessor may pay or tender such rental to the credit of the deceased or the estate of the deceased until such time as Lessor is furnished with proper evidence of the appointment and qualifications of an executor or administrator of the estate, or if there be none, then until Lessor is furnished with evidence satisfactory to it as to the heirs or devisees of the deceased, and that all debts of the estate have been paid. If at any time two or more persons be entitled to participate in the rental payable hereunder, Lessor may pay or tender said rental jointly to such persons or to their joint credit in the depository named herein, or, at Lessor's election, the proportional part of said rental to which each participant is entitled may be paid or tendered to him separately or to his separate credit in said depository; and payment or tender to any participant of his portion of the rentals hereunder shall maintain this lease as to such participant. In event of assignment of this lease as to a segregated portion of said land, the rentals payable hereunder shall be apportionable as between the several leasehold owners ratably according to the surface area of each, and default in rental payment by one shall not affect the rights of other leaseholders or assignees hereunder. If six or more parties become entitled to royalty hereunder, Lessor may withhold payment thereof unless and until furnished with a recordable instrument executed by all such parties designating an agent to receive payment for all.

W. W. Beckett
