My Commission Expires:

Notary Public

Commence at the Northeast corner of Section 23, Township 20 South, Range 4 West, Shelby County, Alabama and run thence easterly along the North line of Section 24 a distance of 969.58 feet to a point. Thence turn a deflection angle of 78 deg. 58' 31" to the right and run southerly a distance of 722.85 feet to a point. Thence turn a deflection angle of 89 deg. 19' 8" right and run westerly into Section 23 a distance of 1,211.77 feet to a point on the west right-of-way line of Highway North 52 and the point of beginning of the property being described. Thence turn a deflection angle of 19 degrees 45' 02" to the right and run westerly along an existing fence line a distance of 172.71 feet to a point. Thence turn a deflection angle of 93 deg. 5' 03" to the right and run northerly a distance of 100.0 feet to a point. Thence turn a deflection angle of 86 degrees 54' 57" right and run easterly a distance of 134.11 feet to a point on the westerly right of way line of said highway no. 52. Thence turn a reflection angle of 71 deg. 35' 32" right to cord and run along the arc of a curve to the left (having a central angle of 18 deg. 38' 0" and a radius of 325.0 feet). An arc distance of 105.69 feet to the point of beginning containing 0.35 of an acre.

There is an additional parcel of land that is fenced and has been in the continuous possession of the owner for a period of time exceeding ten (10) years. It is my opinion that the original deed intended to convey this parcel with the just described parcel as a single piece of property but deed was drafted without survey or knowledge of the rights of way of Highway No. 52 or the L&N Railroad right-of-way. The following description incorporates this undescribed portion of land into the previously described parcel of land to comprise a single parcel, however, Survconn engineers and surveyors and Joseph E. Conn, Jr., as surveyor do not warrant or certify to the actual ownership of this second additional parcel of land.

Commence at the NE corner of Section 23, Township 20 South, Range 3 West, Shelby County, Alabama and run thence easterly along the North line of Section 24 a distance of 969.58 feet to a point. Thence turn a reflection angle of 78 degrees 58' 31" to the right and run southerly a distance of 722.85 feet to a point. Thence turn a reflection angle of 89 deg. 19' 08" right and run westerly into Section 23 a distance of 1,211.77 feet to a point on the west right of way line of Highway No. 52 and the point of beginning of the property being described. Thence turn a deflection angle of 19 deg. 45' 02" to the right and run westerly along an existing fence line a distance of 230.51 feet to a point at an existing fence corner. Thence turn a deflection angle of 89 deg. 57' right and run northerly along a fence line a distance of 100.0 feet to an existing fence corner. Thence turn a deflection angle of 89 deg. 48' to the right and run easterly along an existing fence line a distance of 63.81 feet to a point. Thence turn a deflection angle of 93 deg. 20' 03" left and run northerly a distance of 0.07 feet to an existing steel pin corner. Thence turn a deflection angle of 86 deg. 54' 57" right and run easterly a distance of 134.11 feet to a point on the westerly right-of-way line of Highway No. 52. Thence turn a deflection angle of 71 deg. 35' 32" right to cord and run along the arc of a curve to the left (having a central angle of 18 deg. 38' 0" and a radius of 325.0 feet) an arc distance of 106.69 feet to the point of beginning, containing 0.49 of an acre.
