SUPPLEMENTAL DEED AND AGREEMENT

KNOW ALL MEN BY THESE PRESENTS THAT:

R E C I T A L S:

A. On January 26, 1990, METROPOLITAN LIFE INSURANCE COMPANY, a New York corporation ("Grantor"), together with INVERNESS POINT HOMEOWNERS' ASSOCIATION, INC., an Alabama non-profit corporation (Grantor and Inverness Point Homeowners' Association, Inc., being collectively referred to as "Developers"), entered into an Agreement with the CITY OF HOOVER, an Alabama municipal corporation ("Grantee") whereby Developers agreed to annex property which they own generally described as Inverness to the City of Hoover (the "Annexation Agreement").

B. The annexation has now been completed pursuant to a series of petitions for annexation in accordance with Article 2, Chapter 42, Alabama Code (1975), §§ 11-42-20 through §§ 11-42-24. The property annexed is part of a planned community of approximately 1,650 acres including industrial, commercial, office, retail and residential uses, such planned community being referred to herein as "Inverness".

C. On May 1, 1990, Grantor executed and delivered to Grantee a Deed and Agreement (the "Deed") relating to the sewage treatment facility at Inverness, which Deed is recorded in the Office of the Judge of Probate of Shelby County, Alabama, in Book

314 Page 561. Contemporaneously with the execution and delivery of the Deed, Grantor and Grantee entered into that certain Agreement and Assignment (the "Agreement and Assignment") wherein Grantor agreed to cause a survey to be made of all sewer lines and lift stations which had not already been included in recorded easements by plat or otherwise and to supplement the Deed to add the additional legal descriptions.

D. Pursuant to the terms of the Agreement and Assignment, the parties have agreed to supplement the Deed, subject to the terms and conditions thereof, and subject to all provisions of the Agreement and Assignment.

AGREEMENT

BOOK 365 PAGE 877
NOW, THEREFORE, in consideration of the premises, the assumption of the obligations hereinafter set forth, and other good and valuable consideration, the receipt and sufficiency of which are hereby acknowledged, Grantor does hereby grant, bargain, sell and convey unto Grantee, subject to the conditions contained herein, non-exclusive easements for sanitary sewers and easements for lift stations, over and across the properties more particularly described in Exhibit A, which is attached hereto and made a part hereof.

TO HAVE AND TO HOLD the same unto the Grantee, its successors and assigns, forever, subject to the terms and conditions hereinafter set forth. This conveyance is subject to the following terms and conditions, and Grantee, by its acceptance of this Deed, agrees and consents to the terms hereof:

1. This conveyance is supplemental to and is subject to all of the terms and provisions of the Deed and all of the terms and conditions of the Agreement and Assignment, the provisions of which are incorporated herein by reference and made a part hereof.

2. Grantee, its successors, assigns, agents, servants, and employees shall have the right and authority to enter upon the easement land for the purpose of repairing, replacing, and maintaining said sanitary sewer and/or collection facilities; provided, however, that Grantee shall and hereby agrees that it will, at its sole expense, promptly restore the easement land to as near to the original condition as possible after any such repair, replacement, or maintenance of said sanitary sewer and/or collection facilities.

3. Grantee shall be responsible for repair and maintenance of all sanitary sewers and lift stations.

4. Grantor reserves to itself, its successors, assigns and others claiming by, under or through it, all other rights with respect to the property underlying the easements not expressly granted hereby, subject only to the rights of the public as herein set forth, and Grantor may use the easement property in any way that is not inconsistent with the rights granted hereby.

5. Mineral and mining rights not owned by the Grantor are not included, and this conveyance is subject to all other restrictions and limitations of record.

⑥ Grantee shall, upon the giving of written notice by Grantor, its heirs, legal representatives, successors, or assigns,

as the case may be, move and relocate any or all or any part of its pipes and/or collection facilities on the easement land to another location; provided, however, that Grantor, its heirs, legal representatives, successors, or assigns, as the case may be, shall reimburse Grantee for any costs or expense incurred by Grantee in such relocation, including any costs or expense of acquiring replacement easement land should the new location not be on the easement land described herein. Unless Grantee requests that Grantor perform the relocation, Grantee agrees to commence relocation within ninety (90) days after the date of the giving of such written notice and to complete all work involved in such relocation within one hundred eighty (180) days of said date.

BOOK 365 PAGE 879 (7) In the event Grantee removes its facilities from the easement land or no longer requires the use of all or any part of the easement herein granted, Grantee, upon written request of Grantor, shall execute a written instrument in recordable form releasing the Easement or such rights herein granted or such part hereof which Grantee no longer requires.

8. Grantor shall have the right at any time, or from time to time, without the consent or approval of Grantee, to dedicate all or any portion of the easement land for purposes of a public road right of way, subject to Grantee's rights to repair, replace, and maintain its sanitary sewer and/or collection facilities within the proposed public road right of way.

9. It is further understood that the easements as described on Exhibit "A" are fifteen (15) feet wide as measured seven and

one half (7½) feet from the center line described on Exhibit "A". Lift station equipment shall have a working area around them of ten (10) feet. Grantee shall have the right of ingress and egress to said easement land by way of paved roadways, paved areas, or construction roadways across land owned by Metropolitan Life Insurance Company which lies adjacent to said easement land. Grantee shall be responsible for any damage done in using the area outside the easement land for ingress and egress to said easement land.

IN WITNESS WHEREOF, the undersigned Metropolitan Life Insurance Company has caused this conveyance to be executed by its duly authorized officer as of the 23rd day of August, 1991.
