3. **Notice to Government.** Any permit application, or request for certification or modification, which may affect the Property, made to any governmental entity with authority over wetlands or other waters of the United States, shall expressly reference and include a copy (with the recording stamp) of these restrictive covenants.

The Covenantor reserves the right to engage in all acts or uses not prohibited by the Restrictions and which are not inconsistent with the conservation purposes of this covenant, that is to preserve the Property substantially in its natural condition, and to protect its environmental systems. Notwithstanding the foregoing Restrictions, Covenantor reserves for itself, its heirs, successors, administrators, and assigns the following "Reserved Rights", which may be exercised upon providing prior written notice to the Mobile District Engineer, except where expressly provided otherwise:

- b. **Wildlife and Forestry Management.** The Covenantor will naturally manage these lands to preserve and improve the existing forest and wildlife resources. Timber harvesting and management by Covenantor is limited to the extent necessary to protect the natural environment in areas where the forest is damaged by natural forces such as fire, flood, storm, insects or infectious organisms. Such timber harvest and/or management shall be carried out only after approval by the Mobile District Engineer.
- c. **Recreation.** Covenantor reserves the right to engage in any outdoor, non-commercial recreational activities, including hunting (excluding planting or burning) and fishing, with cumulatively very small impacts, and which are consistent with the continuing natural condition of the Property. No written notice to the Mobile District Engineer is required.
- d. **Mineral Interests.** Covenantor specifically reserves a qualified mineral interest in subsurface oil, gas, or other minerals and the right to access such minerals. However, there shall be no extraction or removal of, or exploration for, minerals by any surface mining method, nor by any method which results in subsidence or which otherwise interferes with the continuing natural condition of the Property.
- e. **Road Maintenance.** Covenantor reserves the right to maintain existing roads or trails. Maintenance shall be limited to: removal or pruning of dead or hazardous vegetation; application of permeable materials (e.g., sand, gravel, crushed) necessary to correct or impede erosion; grading; replacement of culverts, water control structures, or bridges; and, maintenance of roadside ditches.

6. **Enforcement.** The Covenantor grants to the Corps and/or the U.S. Department of Justice, a discretionary right to enforce these restrictive covenants in a judicial action against any person(s) or other entity(ies) violating or attempting to violate these restrictive covenants; provided, however, that no violation of these restrictive covenants shall result in a forfeiture or reversion of title. In any enforcement action, an enforcing agency shall be entitled to a complete restoration for any violation, as well as any other judicial remedy such as civil penalties. These enforcement rights are cumulative, in addition to, and shall not limit enforcement rights available under other provisions of law or equity, or under any permit or certification.
