AFFIDAVIT

STATE OF ALABAMA
JEFFERSON COUNTY

2359

Before the undersigned authority in and for said County and State personally appeared George Huddleston who on oath says:

That affiant bought No North, Sec. 7, T. 19, R. 1 W. in Shelby County, Alabama from Alabama Mineral Land Company on March 3, 1927, at which time such Alabama Mineral Land Company was in possession of said lands and had same assessed to it on the tax records of Shelby County, Alabama; that at the time of such purchase said Alabama Mineral Land Company delivered possession of said lands to affiant who remained and continued in open and notorious possession thereof under the claim of affiant's ownership up until affiant conveyed same to David J. Morrow on October 3, 1938, at which time affiant delivered the possession thereof to said Morrow; that during the time of affiant's possession of said lands as aforesaid affiant assessed same for taxation in such Shelby County each year and paid all the taxes thereon each year; that affiant in the course of his such possession had said lands surveyed by the Shelby County surveyor and went over same on numerous occasions and offered to sell same to various purchasers who inspected same and that affiant posted notices against trespassing on such lands and that affiant's such possession was exclusive and under a claim by affiant that he owned such lands in fee and adversely to all persons and claimants whatsoever and that affiant during such possession

believed himself to be the owner in fee of such lands and that there were no outstanding claims against same.

And affiant states that his ownership of said lands was publicly and generally known in the locality in which same was situated.

George Huddleston
