State of Alabama,

Shelby County.

Before me, H. L. Crim, a Notary Public in and for said county and state this day came, G. T. Stonecyper, who after being duly sworn, deposeth and says, that he was the owner of the South East Fourth of the North East Fourth of section 12, Township 22, Range 2, west, Shelby County, and that he knew of the sale of a certain ten acres supposed to be located in this forty acre tract. But, however, to his certain knowledge this ten acres has never been located, claimed, or any attempt by the part of the purchaser, B. M. Isbell, to take possession, or claim ownership of any such tract in this particular forty acres. And from all indications, it was and is a clarical error on the part of the county officials. He also states that he has regularly assessed and paid the taxes on the whole of this forty acre tract, and has held undisputed ownership and possession of same. But, he avers Jerry Dampson, by whom same is supposed to have been owned, lives and does own some property in a southeasterly direction from this tract, at a distance of more than a mile, and its reasonable to surmise that the Dampson was the land sold in 1923 for taxes.
