

SHELBY COUNTY

Before the undersigned authority personally appeared M. W. Hammond, who is known to me, and who being by me first duly sworn deposes and says:

I am acquainted with the following land situated in Shelby County, Alabama, and described as follows:

That part of said NE $\frac{1}{4}$ of SE $\frac{1}{4}$ lying West of Buck Creek and East of the West Bank of the West slough, containing 2 acres, more or less.

This land is an island, so to speak, bounded on the North, East and South by the channel of Buck Creek, and on the West by a slough which is also a channel of Buck Creek. The water run through both channels, thus forming an island. The West channel is a natural channel, as is the other channel, of Buck Creek, and this tract of land was in the possession of P. W. Denson for a great number of years, and in 1931, he deeded it to Frank Denson, Deed Book 89, page 396.

Frank Denson in turn deeded this property to G. W. Brasher along with other property in 1936, and G. W. Brasher went into possession of this so called island when he purchased it, and had the actual, open, notorious, continuous, exclusive, and adverse possession of it and had it fenced up with cattle on it until he conveyed it to the Standard Lime & Stone Company, a corporation, on December 9, 1940, Deed Book 109, page 558.

The Standard Lime & Stone Company, a corporation, went into possession of this land with other lands conveyed in the deed of G. W. Brasher to it, and had it rented out to King and Hines, who pastured the land and used it in connection with their dairy, until The Standard Lime & Stone Company, a corporation, deeded it to Keystone Lime Works, Inc., in 1948.
