BOOK 176 PAGE 445

Before the undersigned authority personally appeared T. M. Carroll, who is known to me, and who being first duly sworn, deposes and says:

I am acquainted with the following tract of land in Shelby County, Alabama, which I deeded to Keystone Lime Works, Inc., on October 20, 1949, and it is described as follows:

That certain tract of land, being a part of the $W\frac{1}{2}$ of the $SW\frac{1}{4}$ of the $SW\frac{1}{4}$ of Section 24, Township 20, Range 3 West, lying West of the old Birmingham Highway and East of the Louisville and Nashville Railroad right of way, and more particularly described as follows: Start at an iron stob on the East margin of the old Birmingham Highway, which is the Northwest corner of the T. S. Baker tract and run thence West 25 feet, to the West margin of said old Birmingham Highway, the point of beginning, and from said last named point, run thence West 222 feet to a stake, which is 44 feet East of Railroad track of said Railroad, and being the East margin of said L & N right of way, thence South parallel with said L & N Right of way, South 2 deg. and 30 min. East 317.7 feet to a stake, run thence East 261 feet to the West margin of the old Birmingham Highway, which is marked by a stake, run thence North 9 deg. West 316.7 feet, along the West margin of right of way of said old Birmingham Highway to the point of beginning, and containing 1.75 acres, more or less. Situated in Shelby County, Alabama.

I have known this land for forty years or more, and there have never been any mining operations on it of any kind and no minerals have been taken out of it. The land shows by itself that it has never been excavated upon in any manner.

That Sarah E. Cost, a widow, who deeded this property to me in 1935 is dead, and has been dead for 10 year or more.
