SHELBY COUNTY)

Before me, the undersigned authority, in and for said County and State, personally appeared Agnes Armstrong, who, being known to me, and being by me first duly sworn, deposes and says as follows:

That she has been employed continuously by the Board of Education of Shelby County, Alabama, since 1926 and during such time, has been familiar with all of the records on file in the office of the Board of Education and has been familiar with all the lands which were owned by the Board of Education. Further deposing, affiant says that she has searched the records before she was employed by the Board of Education of Shelby County, Alabama and has not located, nor does she have any personal knowledge of the Shelby County Board of Education ever claiming any interest in the following described land in Shelby County, Alabama:

One acre lot of land commencing at the public road near the forks of the Coosa Valley and Glovers ferry road, and running East 70 yards; thence North 70 yards; thence West 70 yards; thence South 70 yards to the starting point, situated in Shelby County, Alabama.

Further deposing, affiant says that she has no knowledge, nor has she found any record of the Central School ever having been a part of the Shelby County Educational System, and that she knows of her own knowledge that there is no such school in operation in Shelby County at this time, nor has there been during the last past thirty years.

Witness my hand this 13th day of February, 1956.
