State of Alabama)

Shelby County)

Before me, the undersigned authority, personally appeared T. M. Spruiell, who being by me first duly sworn, deposes and says that he is well acquainted with the following described lands to-wit:

The N W $\frac{1}{4}$ of S E $\frac{1}{4}$ of Section 19
And the N W $\frac{1}{4}$ of Section 30, in Township 19 Range 2 East
situated in Shelby County Alabama.

That affiant has known said lands for about 35 years, having lived in the neighborhood of said lands for a number of years and now lives on lands adjoining said above described lands. Affiant has been over all of said lands a number of times and knows the various corners and the character of the lands and knows about the ownership and possession of said lands and has known the same for more than 30 years.

When affiant first knew the ownership of said lands the same was bought by John R. Dyke for its taxes about 27 years ago; that when the said John R. Dyke purchased said lands he took possession of the same and for a number of years during his ownership he went over the same to see if there were any trespassers on it and sold timber on the land and affiant cut the timber on said lands for the said John R. Dyke who owned and claimed the land, and that the said Dyke still owned and claimed all of said land and continued in possession of the same until he sold and conveyed the same to L. C. Moore about four years ago, and that when the said L. C. Moore bought the land from said John R. Dyke the said Moore took possession of said land and sold timber on the same and owned and claimed said lands and continued in possession of the same, and affiant is of the opinion that the said L. C. Moore still owns the said land.

That the various acts of possession that the various owners of said land has exercised has been in going over the land warning trespassers to stay off and in selling and cutting the saw timber on the land and as far as affiant knows or has ever heard no one else outside of the said L. C. Moore and his predecessors in title has ever claimed any interest in said land or the ownership or possession of the same and the title has never been questioned.
