ALABAMA POWER COMPANY

BIRMINGHAM 2, ALABAMA

November 16, 1960

NOTE

Mr. James L. Ray, Jr.
County Engineer, Shelby County
Columbiana, Alabama

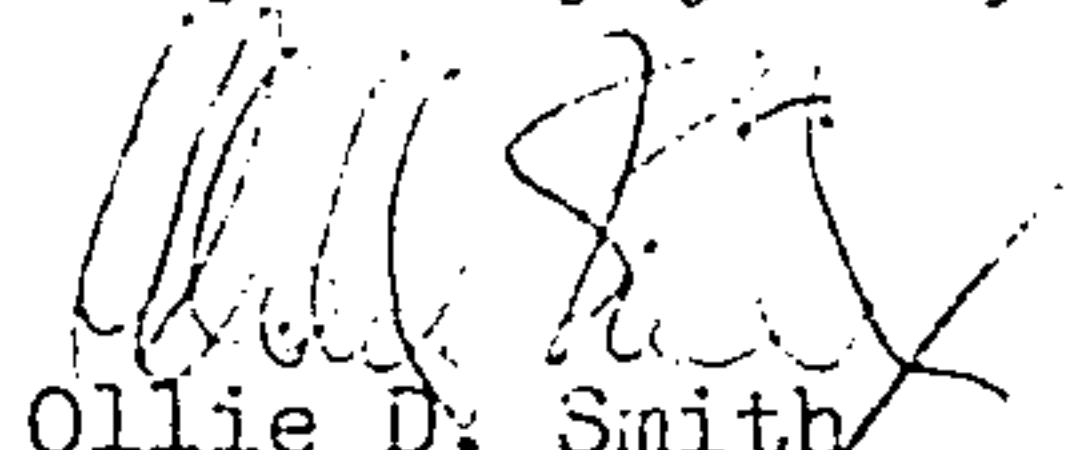

Dear Mr. Ray:

Re: SACP 4245-B, Shelby County

Reference is made to your letter of October 6, 1960, requesting right of way for the proposed county road project designated as SACP 4245-B, Shelby County, which will cross Alabama Power Company's Lay Dam-Leeds 110 KV Transmission Line right of way.

Alabama Power Company holds an easement for its right of way in the particular quarter-quarter sections outlined in your form of right of way deed and, in keeping with established policy, does not feel that the execution of a formal right of way conveyance is necessary. This is to inform you that this Company has no objections to such project as outlined on your drawing.

Very truly yours,

Ollie D. Smith
Manager, Land Department
