Grantors agree not to build, create, or construct any obstructions, engineering works, or other structures over said pipe line nor permit the same to be done by others.

In addition to the above consideration, Grantee agrees to repair or to pay for any actual damage which may be done to growing crops, timber, fences, buildings, or other structures directly caused by Grantee exercising any rights herein granted.

Any pipe line constructed by Grantee across any portion of the above-described land which is under cultivation shall, at the time of the construction thereof, be buried to such depth as will not interfere with Grantors' use of said land for normal cultivation required for the planting and tending of crops; except that Grantee, at its option, may construct its pipe line above the channel of any natural or man-made stream, ravine, ditch, or other water course.

As a part of the consideration hereinabove set forth, Grantors hereby grant unto said Grantee, its successors and assigns, the right at any time to construct, operate, and maintain an additional pipeline or pipelines substantially parallel to the first pipeline constructed by Grantee on Grantor's land, above described and Grantee agrees to pay Grantors the sum of \$1.00 per rod for each additional pipeline constructed, said payment to be made for construction before construction commences. Said additional pipeline or pipelines shall be subject to the same rights, privileges, and conditions as set forth in this Right of Way Easement.

First National (West End Branch) Bank of Birmingham, Alabama, and payment so made shall be deemed and considered as payment to each of said Grantors.

The rights herein granted may be assigned in whole or in part.

The terms, conditions, and provisions of this right of way easement shall extend to and be binding upon the heirs, executors, administrators, personal representatives, successors, and assigns of the parties hereto.
