

1564

STATE OF ALABAMA }
SHELBY COUNTY }

Before me, the undersigned authority, in and for said County, in said State, personally appeared ALTA LUCILLE CARROLL, who, after being duly sworn, deposes and says as follows:

My name is Alta Lucille Carroll. I am 55 years of age and reside in Pelham, Alabama in Shelby County. I am the widow of T. M. Carroll, who is the grantee in that certain deed recorded in the Probate Office of Shelby County, Alabama in Deed Book 84, page 238. I have been familiar with the occupation, use and possession of the following described property for a period in excess of 40 years, to-wit:

For a beginning point run South 17 deg. East 1.51 chains from the East end of a concrete culvert, under the State Highway as located in Jan. 1930, to a point on the East boundary of said highway 10 feet North of the NW corner of Carl Smith's two acre lot; thence North 89 deg. East 6.36 chains to iron stake 10 feet North of the NE corner of the Carl Smith lot; thence North 18 deg. West 6.36 chains to rock corner; thence North 89 deg. West 6.36 chains to right of way of State Highway; thence South 17 deg. East 6.36 chains to beginning point, containing 4 acres, more or less, in the SW $\frac{1}{4}$ of SW $\frac{1}{4}$ of Section 24, Township 20, Range 3 West, EXCEPT NEW HIGHWAY RIGHT OF WAY. MINERALS AND MINING RIGHTS EXCEPTED. Situated in Shelby County, Alabama.

The above property was purchased by my husband, T. M. Carroll by deed recorded in said Probate Office in Deed Book 84, page 238. Immediately after the purchase of said property by my husband, we went into the actual, adverse, open, hostile, notorious and exclusive possession of the land and began farming and cultivating crops thereon. Approximately 2 or 3 years after my husband purchased the property in 1930, we built a house on the above described property and immediately moved thereon. From the year 1932 up until the time of my husband's death in 1957 my husband and I resided on the above described property in the dwelling which we had built thereon. In 1936 my husband, who was my husband at that time, executed a deed to me conveying the above described property by deed recorded in said Probate Office in Deed Book 100, page 135. It has been called to my attention that there was a mistake in the description of the last mentioned deed, in that the said description contains an error in the number of degrees describing the Northern boundary line of said property. The above error was a typographical error and it was the agreement and understanding at that time that said deed was to convey the hereinabove described property.

BOOK 233 PAGE 302

Upon my husband's death in 1956 I continued to reside in the dwelling on the above described property and reside there at the present time. It has been called to my attention that there was an error made in the description in that certain deed from A. W. Cost and wife, S. E. Cost to Carl Smith, which deed is recorded in said Probate Office in Deed Book 73, page 263. The last mentioned deed to Carl Smith contained a typographical error and thus projected the NE corner of the Carl Smith lot upon and over the SE corner of the above described property. Actually, there is no dispute on the ground as to where the said Carl Smith lot is located, the same being immediately south of the above described property, our two lots being separated only by a 10 foot strip which was left by the original owners as an access road, As aforesaid, there is a ten foot strip of land between the Carl Smith lot, now owned by Earl Garrett, and the above described property.

Since the year 1933 my husband and I have been in the actual, open and notorious possession of the above described property up to the edge of the said 10 foot strip which separates my lot and the lot presently owned by Earl Garrett.

I am familiar with the Jimmie Glenn lot, which lot was conveyed by deed recorded in said Probate Office in Deed Book 126, page 264. The lot herein conveyed is on the other side of Highway 31, across from the above described property and does not touch or overlap in any way the above described property.

I am also familiar with the R. L. Pope lot which lot was conveyed to R. L. Pope by deed recorded in said Probate Office in Deed Book 128, page 403. This lot is East of the above described property and adjoins the said above described property but does not overlap with the said above described property at any point.

The above described property has been in the actual, exclusive, continuous, open, notorious, hostile and adverse possession of myself, and my husband, for a period in excess of thirty years, and we have possessed the same, as aforesaid, up to the immediate edge of the ten foot strip which, on the ground, divides and separates the above described property, and the Carl Smith lot, which is now owned by Earl Garrett, as aforesaid.

During the more than forty years that I have known the above described property I have never heard my title, my husband's title, or the title of

my predecessors in title questioned in any way; and there is no dispute on the ground as to the location of the said above described property.
