WHEREAS, Licensor is using a portion of such strip of land pursuant to such easement and has erected thereon an electric transmission line; and

WHEREAS, Licensee is the owner of, or the owner of an interest in, the servient estate of the strip of land embraced in such easement and desires to use portions of said easement for the following purposes:

A well, water line and ground shield as shown on Exhibit "A" l and Exhibit "A" 2 which is attached hereto and made a part hereof, hereinafter referred to as the encroachment; and

WHEREAS, the continued maintenance of such encroachment benefits Licensee in the use of the tract of land of which such strip of land is a part; and

WHEREAS, such encroachment, at present, inconveniences Licensor in the exercise of such easement and restricts the uses which Licensor is now making of such strip of land and may do so in the future to a greater extent; and

WHEREAS, such encroachment increases the risks imposed upon Licensor in connection with the exercise of such easement;

NOW THEREFORE, in consideration of the premises, it is hereby agreed and covenanted between the parties hereto as follows:

Licensee further agrees and covenants that if it becomes necessary in the future to remove the casing, pipe or pump from the well that no part of such casing, pipe or pump or any machinery used in connection with such removal, shall be raised a vertical distance in excess of fifteen (15) feet from ground level.

Licensee will at all times hereafter indemnify, protect and save Licensor harmless from any and all claims, loss, damage, expense, and liability which Licensor may incur, suffer, sustain or be subjected to, resulting from or arising out of the construction, maintenance, use or presence of the Encroachment of Licensee upon that portion of its easement affected by the Encroachment; provided further, that Licensee shall indemnify and save Licensor harmless against such claims, loss, damage, expense, and liability to the extent the same may be caused by Licensor's acts of negligence, sole or concurrent, or that of its employees, or agents so long as such claim or loss involves in any way the construction, operation, maintenance or presence of the Encroachment.

Licensee agrees and covenants that neither by the occupancy of such portion of such strip of land with such encroachment, nor in any other way, is he claiming: (1) adversely to Licensor in its ownership of such easement, (2) the right to maintain such encroachment on such strip of land, but that the maintenance of such encroachment by Licensee is with the recognition of the superior easement of Licensor.

Licensee further agrees and covenants that he will, within sixty (60) days from the date of a written notice given him by Licensor, remove such encroachment from such strip of land.

Licensee agrees and covenants that he will in such event promptly reimburse Licensor for the reasonable expense incurred thereby upon bill being rendered for the same.

It is understood and agreed between the parties hereto that all the undertakings and covenants contained herein are to be construed as covenants which run with the land and are to be binding upon and enforceable against the respective successors and assigns of the parties hereto.

Wherever in this agreement the term Licensor or Licensee is used, it shall be deemed to include their respective successors, heirs or assigns.
