Prior to such tender or payment of such additional consideration, Grantee shall not construct any pipe line upon the said property, but Grantee may enter upon the property for the purpose of making surveys and performing work incidental thereto to locate the route of the pipe line to be constructed.

TO HAVE AND TO HOLD said rights and right of way, easements, estates, and privileges unto the said Grantee, its successors and assignees, so long as said right of way and easements are used for the purposes granted herein.
