Each said residence or dwelling shall contain at least 2000 square feet of heated floor space, exclusive of porches or decks.

2. Notwithstanding the above, it is understood between Grantees and grantors, that Parcel 6 may not be subdivided or reduced in size by voluntary alienation, judicial sale, or other proceedings except at the discretion and with the written approval of Grantors, their heirs, successors and assigns. No portion of the said Parcel 6 shall be sold or used for the purpose of extending any public or private road, street, or alley or for the purpose of opening any road, street, or alley, except by the prior written consent of said Grantors, their heirs, successors and assigns.

3. These restrictions and limitations shall apply equally to the second plot should the Grantees elect to sell or deed this plot. No residence or dwelling or any other building may be constructed in the area West of Chelsea Forest Road and East of the lake on Parcel 6, south of the north line of said $\frac{1}{4} \frac{1}{4}$ Section.

4. When the lake on Parcel 6 was constructed, two earth piers were built. No further piers may be constructed on the lake on Parcel 6. If two houses are finally constructed on the hereinabove described property, a maximum of 2 boathouses may be constructed, one for each plot, provided that neither of the same shall extend out into the water more than 25 feet from the usual low water level line; provided further that each boathouse will be of attractive design and consistent in design, construction, color, and architecture with the residence and other improvements located on said property.

5. No building except the main residence or dwelling and boathouse shall be constructed within one hundred feet from the closest point of the lake.

6. No barn, building or other structure, except reasonable fencing, shall be constructed within one hundred feet of Chelsea Forest Road. Except for a reasonable driveway, no large trees may be cut within one hundred feet of Chelsea Forest Road. 7. Only electric motors of 5 horsepower or less shall be permitted for use on the lake. All persons fishing on the lake shall be members of the owners' family or accompanied by a member of the owners' family.

8. Animals and livestock shall be permitted on the above described property in reasonable numbers excluding pigs and hogs and provided, however, that there shall be absolutely no commercial or business raising of any animal, fish, or fowl on said property and provided further, however, that no such animal shall be pastured or kept within one hundred feet of the lake.

9. All septic tanks or other sewage systems installed must be of an adequate quality and quantity and must be installed in conformity of all existing laws and regulations concerning the same. Said septic tanks and sewage disposal systems shall not be so located or constructed so as to pollute any spring, stream or lake located on the property.

10. All buildings, structures, and improvements located on the above described property must be consistent with each other in design, color and architectural type. No outbuildings, buildings, or residences shall be erected or begun on said property without plans in three dimensions, specifications, architectural designs, grades and location therefor having first been submitted to and approved in writing by Grantors, their heirs, successors or assigns. No house trailers or mobile homes will be allowed.

11. Invalidation of any one or more of these covenants and restrictions by judgment or court order shall in no way affect any of the other provisions which shall remain in full force and effect.

12. There shall be no hunting of game on the above described property at any time and no discharging of any type of gun except in case of an emergency.

13. Grantees, their heirs, successors and assigns shall bear a pro rata share of any cost of maintaining or repairing the dam, spillway or other facilities necessary to the preservation of said lake. There shall be no minnow fishing whatsoever in the lake located on the above described property, and no new or additional fish added to the lake except in accordance with the suggestions and instructions of the Conservation Department, State and Federal. The said lake shall be fertilized and managed in accordance with the suggestions and instructions of the Conservation Department, State and Federal.

14. Grantees, their heirs, successors and assigns shall have the use of Chelsea Forest Road and unless and until it is deeded to Shelby County and accepted by Shelby County, shall bear a pro rata share of any cost of maintaining or repairing said Chelsea Forest Road. Motorcycles and motor bikes are restricted from Chelsea Forest Road except as a means of transportation to and from home.

15. Prior to the completion by Grantees, their heirs, successors and assigns of an approved dwelling or residence on the above described property, the Grantors, their heirs, successors and assigns reserve the right of first refusal should Grantees, their heirs successors and assigns desire to sell or convey the above described property. Remuneration to Grantees is to be their exact cost or the amount set by a Certified Appraiser of the Grantors' choice, whichever is less. After the completion of any approved dwelling or residence on the above described property and after Grantees have occupied said residence one full year, should Grantees desire to sell or convey the above described property, the first right of refusal shall go to the Grantors, their heirs, successors and assigns.

16. These restrictions shall be binding on Grantees, their respective heirs, successors, executors, and assigns and shall be perpetual and shall run with the land.
