STATE OF ALABAMA

SHELBY COUNTY

Before me, the undersigned authority in and for said county and state, personally appeared Elvis E. Walton, who, after being by me first duly sworn to speak the truth, deposes and says:

My name is Elvis E. Walton. I am 52 years of age and have lived in the Union Church community all my life, except for a time when we lived in Birmingham, but my parents continued to live in the area and I was in the community almost weekly at that time. I have all along been a member of the Union Methodist Church and have been active in its affairs. It is common knowledge that the Church purchased its original land from Allen Lumber Company in the early 1900's and built a church. It has been a very active Church and community since that time. I know of my own knowledge that additional property was purchased for the Church from time to time, the last tract having been purchased from Mrs. Louise Mæke. We have recently built a new parsonage on the church property and have had the property surveyed for the purpose of getting a description of the different parcels purchased combined into one description. I am familiar with the boundary lines of the property and, in fact, walked the lines and am familiar with each and every iron marking the different corners as shown by the plat made by Mr. Evander E. Peavy, Registered Engineer on June 26, 1976, a copy of which is attached hereto as Exhibit "A". I know of my own knowledge that the following description properly describes all the land now owned by the Union United Methodist Church. Said description being as follows:

From the northeast corner of the NW $\frac{1}{4}$ of the SE $\frac{1}{4}$ Section 32, Township 19 South, Range 1 East, run eastwardly along the north line of the NW $\frac{1}{4}$ of the SE $\frac{1}{4}$ a distance of 661.34 feet to the point of beginning; thence left 112 deg. 01 min. a distance of 68.72 feet; thence right 97 deg. 32 min. a distance of 560.23 feet; thence right 14 deg. 39 min. a distance of 136.13 feet; thence right 85 deg. 28 min. a distance of 206.52 feet to the northwest corner of the NW $\frac{1}{4}$ of the SE $\frac{1}{4}$ of said Section 32; thence right 03 deg. 00 min. a distance of 638.0 feet; thence right 92 deg. 22 min. a distance of 436.94 feet; thence right 69 deg. 00 min. a distance of 684.81 feet to the point of beginning of the property herein described, except for that portion which is a paved road; situated in Shelby County, Alabama.

I further know of my own knowledge that no one has ever contested the title or disputed the possession of said Church throughout all the years it has owned each of the parcels heretofore purchased.

Sworn to and subscribed to before me on this the 30th day of August, 1976.
