Before me, the undersigned authority in and for said County and State, personally appeared Netta C. Murray, who, after being by me first duly sworn to speak the truth, deposes and says:

My name is Netta C. Murray. I am the owner of certain property located in the NW $\frac{1}{4}$ of NE $\frac{1}{4}$ of Section 19, Township 22 South, Range 1 West, Shelby County, Alabama, which is shown on the attached survey made by Grady T. Headrick on March 2, 1977. I purchased said property from Charles Burton and wife, Billie C. Burton on November 6, 1969, as shown by deed recorded in Deed Book 260 page 198 in the Probate Office of Shelby County, Alabama. At that time there was only the old road in existence. Said road runs from Shelby to Calera and was used as a school bus route and actually a public road. I understand my deed, as well as many of the prior deeds and deeds describing adjoining land refer to an "existing unpaved public road from Alera to Shelby" and I know of my own knowledge the one shown on the attached map labeled "old road" is the one to which all these deeds referred. The County within the past 5 years has constructed and paved Shelby County No. 86 road through said property. I have been in possession of said property continuously since I purchased the same and have been on the land from time to time and Mr. Johnny Smith looked after the land for me and kept any trespassers off and watched after it for fires and any other hazards as to the possession of the property. Since I have owned the land No one has ever disputed my title or possession of the land.

As mentioned above I purchased said land on November 6, 1969. I married John B. Murray, Jr. in December of 1969.
