(b) The Lessee has, by all necessary action, duly authorized the execution, delivery and performance of this Lease Agreement, and when duly executed and delivered by the Lessor, this Lease Agreement will constitute a legal, valid and binding obligation of the Lessee.

(c) Neither the execution and delivery of this Lease Agreement, the consummation of the transactions contemplated hereby, nor the fulfillment of or compliance with the terms and conditions of this Lease Agreement will conflict with or constitute a breach of, or default under, any agreement or instrument to which the Lessee is a party, or by which it is bound, or constitute a default under any of the foregoing, or result in the creation or imposition of any lien, charge or encumbrance whatsoever upon any of the property or assets of the Lessee under the terms of any instrument or agreement.

political subdivision of any of the foregoing or by any public corporation, authority, agency or instrumentality of any of the foregoing, any part of the proceeds of which were, are or will be used with respect to facilities located or to be located in the City or the County, the principal user of which facilities was, is or will be, the Lessee or any related person or persons (as the terms "principal user" and "related person" are defined in Section 103(b)(6) of the Code and the regulations thereunder), other than the Bonds.

(h) Neither the Lessee nor the Lessor nor any agent acting on behalf of either of them has offered the Bonds for sale to, or solicited offers to buy any of the Bonds from, or otherwise approached or negotiated with respect to the Bonds with any prospective purchasers other than the initial purchasers of the Bonds. The Bonds will not be further offered for issuance or sale to anyone, nor will any offers be solicited from anyone to acquire the Bonds so as to make the issuance or sale of the Bonds a transaction not exempted by Section 4(2) of the Securities Act of 1933, as amended, from the registration requirements of Section 5 of said Act.

(i) The undertakings by the Lessor to acquire, construct and equip the Project and to lease the same to the Lessee pursuant to this Lease Agreement have induced the Lessee to expand its existing operations in the State by locating its new corporate headquarters facility within twenty-five (25) miles of the City.

To the extent such insurance is available to redeem Bonds pursuant hereto, no claim shall be made and no suit brought hereunder against the Lessee by the title insurance company or anyone else claiming on behalf of or by, through or under it.

Section 3.3 Quiet Enjoyment and Possession. The Lessor covenants and agrees that as long as the Lessee shall not be in default under this Lease Agreement, the Lessee may peaceably and quietly have, hold and enjoy the Project, and that the Lessor will, to the extent funds are made available to it for such purposes, defend the Lessee's enjoyment and possession thereof against all parties.

ARTICLE IV

Any amounts received in connection with the foregoing, after deduction of expenses incurred in such recovery, if received prior to the Completion Date, shall be paid into the Construction Fund and, if received on or after the Completion Date, shall be paid into the Bond Fund.

This appointment of the Lessee to act as agent and all authority hereby conferred are granted and conferred irrevocably to the Completion Date and thereafter until all activities in connection with the acquisition, construction, reconstruction, improvement and equipping of the Project shall have been completed, and shall not be terminated prior thereto by act of the Lessor or the of Lessee; it being understood that the liability

It is expressly provided, however, that the Lessor retain primary legal responsibility for the expenditure of the proceeds of the Bonds; nothing herein set forth shall be construed as relieving or derogating the Lessor's responsibility therefor; and the Lessor shall take such action, institute such procedures and adopt such regulations consistent with the Indenture to insure that the Lessee at all times is in full compliance herewith.

The Lessor hereby ratifies and confirms all lawful and proper actions of, and assumes and adopts all such contracts entered into by the Lessee prior to the effective date hereof with respect to the Project.

The Lessor agrees to continue to acquire, construct, install and equip the Project with all reasonable dispatch, delays incident to strikes, riots, acts of God or public enemy or any delay beyond the reasonable control of the Lessor only excepted; but, if such acquisition, construction, installation and equipping is delayed for any reason, there shall be no resulting liability on the part of the Lessor and no diminution in or postponement of the amounts payable by the Lessee pursuant to this Lease Agreement.

The Lessor and the Lessee agree that the Lessee may supplement, amend and add to the Plans and Specifications, and that the Lessee shall be authorized to omit or make substitutions for components of the Project provided (i) such changes or amendments will not change the nature of the Project to the extent that it would not constitute a project under the Act; and (ii) such changes or amendments will not materially affect the ability of the Project for its intended use.

Section 4.2 Agreement to Issue Bonds; Application of Bond Proceeds; Additional Bonds.

(a) To provide funds for payment of the Cost of Construction, the Lessor agrees that it will sell, issue and deliver \$1,500,000 aggregate principal amount of Bonds to the initial purchasers thereof and deposit the proceeds therefrom with the Trustee as follows:

- (i) in the Bond Fund, a sum equal to the accrued interest, if any, to be paid by the purchasers of the Bonds; and
- (ii) in the Construction Fund, the balance of the proceeds to be received from said sale.

(b) The Lessor agrees to authorize the issuance of Additional Bonds upon the terms and conditions provided herein and in the Indenture. Additional Bonds may be issued for the purpose of financing:

- (i) the Cost of Construction to the extent that such cost exceeds the amount in the Construction Fund; or
- (ii) the cost of new construction as the Lessee may deem necessary or desirable, all as more particularly provided in Section 207 of the Indenture;
- (iii) the refunding of all of the Bonds then outstanding of any series;
- (iv) any combination of these purposes.

If the Lessee is not in default hereunder, the Lessor agrees, on request of the Lessee, from time to time, to use its best efforts to issue the amount of Additional Bonds specified by the Lessee, within the limits and under the conditions specified above and in the Indenture, provided that in the case specified in clause (ii) of this paragraph: (I) the Lessee and the Lessor shall have entered into an amendment to this Lease Agreement to provide for the lease of any improvements to the Lessee at a rental rate

providing for additional payments in an amount at least sufficient to pay the principal of, interest, and premium, if any, on the Additional Bonds as the same shall mature and become due, and to make all other required payments under such amendment, (II) substantially all of the proceeds of the Additional Bonds shall be used for land or property of a character subject to the allowance for depreciation within the meaning of Section 103(b)(6) of the Code, and (III) the Lessor shall have otherwise complied with the provisions of the Indenture with respect to the issuance of such Additional Bonds.

Section 4.3 Disbursements from the Construction Fund. The Lessor will, as provided in Section 601 of the Indenture, authorize and direct the Trustee to use or direct the use of the monies in the Construction Fund for the following purposes:

(a) Payment of the fees of recording the deed whereby the Project has been or is to be conveyed to the Lessor and the fees for recording this Lease Agreement, the Indenture, any other agreements contemplated hereby, and any title curative documents needed to perfect or protect the title of the Lessor to the Project, and the fees and expenses in connection with any actions or proceedings that the Lessee may deem desirable to bring in order to perfect or protect the title of the Lessor to the Project, including the expenses in connection with the title insurance policy required to be provided by Section 3.2 hereof;

(b) Payment to the Lessee and to the Lessor, as the case may be, of such amounts, if any, as shall be necessary to reimburse the Lessee and the Lessor in full for all advances and payments made by them, or either of them, or for their accounts, at any time prior to or after the delivery of the Bonds, for expenditures in connection with the acquisition by the Lessor of title to the Project, the preparation of the Plans and Specifications, acquiring, improving, constructing and equipping of the Project or any one or more of said expenditures (including architectural, engineering and supervisory services with respect to any of the fore-

going), provided, that each payment shall be made only upon receipt by the Trustee of a statement therefor approved in writing by the Authorized Lessor Representative and the Authorized Lessee Representative;

(c) Payment of the initial or acceptance fee of the Trustee, legal and accounting fees and expenses, and costs incurred in connection with the authorization, sale and issuance of the Bonds, the Indenture, this Lease Agreement and all other documents in connection therewith, and payment of all fees, costs and expenses in connection with the acquisition of title to the Project; provided, that each such payment shall be made only upon receipt by the Trustee of a statement therefor approved in writing by the Authorized Lessee Representative;

(d) Payment for labor, services, materials, and supplies used or furnished in site improvements and in the construction and improvement of the Building, all as provided in the Plans and Specifications therefor, payment for the cost of the acquisition of the Leased Equipment, the furniture, fixtures and all personal property deemed necessary in connection with the Project and payment for the miscellaneous expense incidental to any thereof, including the premium on any surety bond required to be deposited with the Trustee under any of the provisions of the Indenture which relate to the Project; provided, that each such payment shall be made only upon a written order by the Project Supervisor;

(e) Payment of fees, if any, for architectural, engineering and supervisory services with respect to the Project, provided that each such payment shall be made only upon a written order of the Project Supervisor.

(f) Payment, as such payments become due, of the fees and expenses of the Trustee properly incurred under the Indenture that may become due during the Construction Period.

(g) To the extent not paid by a contractor for construction, or improvement with respect to any part of the Project, payment of

the premiums on all insurance required to be taken out and maintained during the Construction Period under this Lease Agreement, or reimbursement thereof if paid by the Lessee under Section 6.3 hereof;

(h) Payment of the taxes, assessments and any other charges referred to in Section 6.2 hereof that may become payable during the Construction Period;

(i) Payment of expenses incurred with approval of the Authorized Lessee Representative in seeking to enforce any remedy against any contractor or subcontractor in respect of any default under a contract relating to the Project;

(j) Payment of any other costs and expenses relating to the Construction of the Building, including interest accruing on the Bonds during the Construction Period, that may be approved in writing by the Authorized Lessee Representative and by the Project Supervisor;

(k) All monies remaining in the Construction Fund after the Completion Date and after payment or provision for payment of all other items provided for in the preceding subsections (a) to (j), inclusive, of this Section shall be paid into the Bond Fund, except for amounts retained by the Trustee at the direction of the Lessee for payment of Project costs not then due and payable, any balance remaining of such retained funds after full payment of all such Project costs shall be paid into the Bond Fund.

The Trustee may advance monies from the Construction Fund (including amounts retained under the preceding subsection (k) of this Section) to the Lessor or a contractor acting as agent of the Lessor for the use by the Lessor or such agent in making any of the payments referred to in the preceding subsections (b), (d), (e), and (j) of this Section, if there is furnished to the Trustee an agreement satisfactory to the Trustee executed by Lessee indemnifying the Trustee against any loss occasioned by the failure of the Project Supervisor to certify on or before the Completion Date that the amounts so advanced have been used to make payments

referred to in said subsections (b), (d), (e) and (j) or are being retained in accordance with said subsection (k) to make such payments.

Before any of the payments referred to in the preceding subsections (b), (d), (e) or (j) of this Section may be made, the Project Supervisor shall certify with respect to each such payment, and before any of the payments specified in the preceding subsections (g), (h) and (i) of this Section may be made, the Authorized Lessee Representative shall certify with respect to each payment: (i) that none of the items for which the payment is proposed to be made has formed the basis for any payment theretofore made from the Construction Fund and (ii) that each item for which the payment is proposed to be made is or was necessary or appropriate in connection with the Project. In the case of any contract providing for the retention by the Lessor of a portion of the contract price, there shall be paid from the Construction Fund only the net amount remaining after deduction of any such portion.

Section 4.4 Furnishing Documents to Trustee. The Lessor and the Lessee agree to cause such statements or requisitions to be directed by the Lessor and the Lessee to the Trustee as may be necessary to effect payments from the Construction Fund in accordance with Section 4.3 hereof.

Section 4.5 Establishment of Completion Date. The Completion Date shall be evidenced by the Trustee by a certificate signed by the Authorized Lessee Representative stating that, except for amounts retained by the Trustee at the Lessee's direction for any Cost of Construction not then due and payable, the acquisition, construction, installation and equipping of the Project has been completed substantially in accordance with the Plans and Specifications and all labor, services, materials and supplies used in such construction have been paid for, and all costs and expenses incurred in connection therewith have been paid. Notwithstanding the foregoing, such certificate shall state that it is given

without prejudice to any rights against third parties which exist at the date of such certificate or which may subsequently come into being. The Lessor and the Lessee agree to cooperate in causing such certificate to be furnished to the Trustee. As soon as practicable, and in any event within sixty days from the receipt of such certificate, the Trustee shall transfer all amounts then in the Construction Fund, including any unliquidated investments made of monies theretofore deposited in the Construction Fund, to the Bond Fund to be applied in accordance with Section 504 of the Indenture, except for amounts retained, as aforesaid, by the Trustee for any Cost of Construction, or for amounts retained because the Lessee shall have directed the Trustee to use such monies to purchase Bonds for the purpose of cancellation.

Section 4.6 Lessee Required to Pay in Event Construction Fund Insufficient. In the event the monies in the Construction Fund available for payment of the Cost of Construction (including the proceeds of any Additional Bonds issued for the purpose of paying the cost of completing the Project pursuant to Section 207 of the Indenture) should not be sufficient to pay the Cost of Construction in full, the Lessee agrees to complete the Project and to pay that portion of the Cost of Construction in excess of the monies available therefor in the Construction Fund. The Lessor does not make any warranty, either express or implied, that the monies paid into the Construction Fund and available for payment of the Cost of Construction will be sufficient to pay all the Cost of Construction. The Lessee agrees that if, after exhaustion of the money in the Construction Fund, the Lessee shall pay any portion of the Cost of Construction pursuant to the provisions of this Section, it shall not be entitled to any reimbursement therefor (except from the proceeds of Additional Bonds, if any) from the Lessor or from the Trustee or from the holders of any of the Bonds, nor shall it be entitled to any diminution of the amounts payable under Section 5.3 hereof.

Section 4.7 Project Supervisor. Such person as the Lessee designates shall be appointed by the Lessor as the Project Supervisor for the purpose of taking all actions and making all certificates required to be taken and made by the Project Supervisor under the provisions of this Lease Agreement; and such person as the Lessee designates shall be appointed by the Lessor as an alternate Project Supervisor to take any such action or make any such certificate if the same is not taken or made by the Project Supervisor. In the event either of the persons so appointed, or any successor appointed under the provisions of this section, should become unavailable or unable to take any action or make any certificate provided for in this Lease Agreement, another Project Supervisor or alternate Project Supervisor, shall thereupon be appointed by the Lessor pursuant to designations for that purpose made by the Lessee. If the Lessee fails to make such designation within ten days following the date when the then incumbent Project Supervisor becomes unavailable or unable to take any of the said actions, the Trustee may then appoint as a successor, any architect or engineer licensed under the laws of the State.

Section 4.8 Investment of Construction Fund and Bond Fund Monies. Provided this Lease Agreement has not been terminated pursuant to Section 11.1 hereof, and no event of default hereunder shall have occurred and be continuing, any monies held in the Construction Fund and the Bond Fund shall be invested or reinvested by the Trustee, at the request of and as directed by the Lessee, in (i) stocks, bonds, treasury notes and other evidences of indebtedness of, and those unconditionally guaranteed as to the payment of principal and interest by, the United States of America, (ii) bonds and notes of the Federal National Mortgage Association, (iii) obligations of the Federal Intermediate Credit Corporation, (iv) obligations of Federal Bank for Cooperatives, (v) bonds and notes of Federal Home Loan Banks, or (vi) any other investments, including commercial paper and certificates of indebtedness issued by commercial banks including the Trustee, to the extent then permitted by law. For the purposes of this Lease Agreement and the

Indenture, any certificates of deposit purchased by the Trustee (provided investment in the same is permitted under applicable law) shall be deemed to be investments and not trust deposits. The Trustee may make any and all such investments through its own bond department.

Section 4.9 Board to Pursue Remedies Against Contractors and Subcontractors and their Sureties. In the event of default of any contractor or subcontractor under any contract made by it in connection with the Project, the Lessor will promptly proceed either separately or in conjunction with others, to exhaust the remedies of the Lessor against the contractor or subcontractor so in default and against its surety for the performance of such contract, it being understood that all such actions taken by the Lessor to exhaust such remedies shall be at the expense of the Lessee. The Lessor will advise the Lessee of the steps it intends to take in connection with any such default. If the Lessee shall so notify the Lessor, the Lessee may, in the Lessee's own name or in the name of the Lessor, prosecute or defend any action or proceeding, or take any other action involving any such contractor, subcontractor or surety which the Lessee deems reasonably necessary, and in such event, the Lessor will cooperate fully with the Lessee and will take any action necessary to effect the substitution of the Lessee for the Lessor in any such action or proceeding. Any amounts recovered by way of damages, refunds, adjustments or otherwise in connection with the foregoing prior to the Completion Date shall be paid into the Construction Fund, and after the Completion Date shall be paid into the Bond Fund.

Section 4.10 Use of Bond Proceeds. The Lessor and the Lessee covenant that substantially all of the proceeds of the Bonds will be used to pay Costs of Construction of the Project, which constitute proper costs of land or property of a character subject to the allowance for depreciation within the meaning of Section 103(b)(6)(A) of the Code and the Regulations thereunder.

Section 4.11 Assignment of Surety Bonds and Warranties. The Lessor hereby transfers and assigns to the Lessee all the Lessor's rights and interest in, to and under any maintenance or surety bonds or warranties with respect to the quality, durability or workmanship obtained by or vested in the Lessor in connection with the acquisition, construction, equipping and improving of the Project, and grants to the Lessee the right to take action, in the name of either the Lessor or the Lessee, but at the Lessee's sole cost and expense, for the enforcement of such surety bonds and warranties. The net amount recovered in any such action shall be paid into the Construction Fund, or, if such amount is recovered after the Completion Date, to the Lessee, unless an event of default hereunder shall have occurred and be continuing, in which case such amount shall be paid into the Bond Fund.

ARTICLE V

EFFECTIVE DATE AND DURATION OF THIS LEASE AGREEMENT, RENTAL PROVISIONS

Section 5.1 Effective Date and Duration of this Lease Agreement. This Lease Agreement shall become effective upon its delivery and the leasehold estate created hereby shall begin on the Completion Date and, subject to the provisions of this Lease Agreement (including particularly Articles X and XI hereof), shall, unless terminated by the Lessee pursuant to Section 11.1 hereof, continue until 11:59 o'clock, P.M., on November 1, 1996.

Section 5.2 Delivery and Acceptance of Possession. The Lessor shall deliver to the Lessee sole and exclusive possession of the Project (subject to the right of the Lessor to enter thereon for inspection purposes and to the other provisions of Section 8.2 hereof) on the Completion Date and the Lessee will accept possession of the Project upon such delivery; provided, however, that the Lessee shall be permitted such possession of the Project prior to such date of delivery of sole and exclusive possession as shall not interfere with the construction and equipping of the Project.

Section 5.3 Rents and Other Amounts Payable. During the terms of this Lease Agreement, the Lessee will pay to the Trustee for the account of the Lessor (in funds which will be immediately available on the day when payment on the Bonds is due) and for deposit into the Bond Fund as Basic Rent for the Project; on or before the 15th day of December, 1981, an amount equal to the aggregate of one-third ($1/3$) of the amount coming due as interest on May 1, 1982 and one-sixth ($1/6$) of the principal amount coming due on November 1, 1982; and, on or before the 15th day of each month commencing in January, 1982, an amount equal to the aggregate of the following:

- (i) An amount equal to one-sixth ($1/6$) of the amount coming due as interest on the succeeding November 1 or May 1 (hereinafter called "interest payment dates"); plus
- (ii) An amount equal to one-twelfth ($1/12$) of the principal amount coming due on the Bonds on the succeeding November 1, (hereinafter called "principal payment dates"); plus
- (iii) At least 45 days before the appropriate redemption date, an amount equal to the redemption premium, if any, on all Bonds to be redeemed on such redemption date.

Notwithstanding anything to the contrary herein set forth, there shall be credited against any installment of Basic Rent due under the provisions of this section 5.3 (including components of principal and interest) any amount then held in the Bond Fund which is unrestricted as to its application under the terms hereof and of the Indenture.

If, on any interest payment date or principal payment date, the balance in the Bond Fund available for the payment of principal of, premium, if any, and interest on the Bonds is insufficient to make such payment when due and payable under the Indenture, then on such date the Lessee shall forthwith pay any such amount necessary to make the balance in the Bond Fund sufficient directly to the Trustee for deposit in the Bond Fund. Any additional amounts held by the Trustee in the Bond Fund on any interest

payment date or principal payment date which are unrestricted as to application shall, as the Lessee may direct, (a) to be used to call such Bonds as may be redeemed pursuant to the provisions of the Indenture, (b) be used for purchasing said Bonds prior to maturity, paying the market price therefor, or (c) be held in the Bond Fund and credited against the aforesaid rental obligations.

The Lessee will also pay directly to the Trustee for its own use in addition to the Basic Rent the fees, charges and expenses of the Trustee relating to the Bonds, such fees, charges and expenses to be paid directly to the Trustee for its account as and when such fees, charges and expenses become due and payable.

The Lessee shall not be obligated to make any other payments under this section and the Lessee's obligation to make rental payments under this Section 5.3 shall be deemed satisfied at any time that the entire principal of, and premium, if any, and interest on the Bonds shall have been fully paid in accordance with its terms, or at any time that there shall be in the Bond Fund an amount sufficient to pay, retire and redeem all outstanding Bonds in accordance with the provisions of the Indenture (including, without limiting the generality of the foregoing, principal, interest to maturity, redemption premiums, if any, expenses of redemption, and Trustee's fees, charges and expenses).

Section 5.4 Prepayment of Rents.

(a) Optional Prepayment. There is expressly reserved to the Lessee the right, and the Lessee is authorized and permitted, at any time the Lessee may choose, to prepay all or any part of the rents payable under Section 5.3 hereof, and the Lessor agrees that the Trustee may accept such prepayment of rents when the same are tendered by the Lessee. All rents so prepaid shall be credited on the rental payments specified in Section 5.3 hereof in the order of their maturities, unless prior to the date on which said credit is to be taken, the Lessee requests the Lessor to use such monies to redeem the Bonds in accordance with the provisions of the Indenture.

336 PAGE 547
BOOK

(b) Mandatory Prepayment. It is understood by the parties hereto that one of the principal inducements to the purchase of the Bonds by the purchaser thereof is that under existing law the interest income thereon will be exempt from federal income taxation. The Lessee further understands and agrees that, as a result of a mistake in or breach of any one or more of the covenants, warranties or representations made by the Lessee in this Lease Agreement, or in the various certificates executed in behalf of the Lessee in connection with the sale of the Bonds, the interest income on the Bonds may be or become subject to federal income taxation.

Therefore, in the event of a Determination of Taxability, the principal of the Bonds then outstanding shall become subject to mandatory redemption on a date not later than ninety (90) days after such Determination of Taxability. In such event the Lessee shall prepay the Basic Rent sufficient to redeem the Bonds in accordance with the provisions of the Indenture and to pay all expenses of such redemption provided that any monies then held in the Construction Fund and Bond Fund which are not restricted to other purposes shall be credited against such prepayment of Basic Rent and be applied to the redemption of the Bonds.

Section 5.5 Lessee Entitled to Certain Rent Abatements If Bonds Paid Prior to Maturity. If at any time the aggregate monies in the Bond Fund shall be sufficient to retire all of the Bonds outstanding in accordance with the provisions of the Indenture, and to pay all fees and charges of the Trustee and paying agents due or to become due through the date on which the last of the Bonds is retired under circumstances not resulting in termination of the Lease Term, and if the Lessee is not at the time otherwise in default hereunder, the Lessee shall be entitled to use and occupy the Project from the date on which such aggregate monies are in the hands of the Trustee to and including November 1, 1996, without the payment of the rent specified in Section 5.3 during that interval (but otherwise on the terms and conditions thereof).

Section 5.6 Indemnity Against Claims. The Lessee covenants and agrees to pay and to indemnify and save the Lessor harmless of, from and against any and all claims, damages, demands, expenses, liabilities and losses of every conceivable kind, character and nature whatsoever (including, but not limited to, claims for loss or damage to any property, or injury to or death of any person) asserted against the Lessor by or on behalf of any person, firm, corporation or governmental authority arising out of, resulting from, or in any way connected with the Project, including but not limited to the condition, use, possession, conduct or management of, or any work done in or about, the Project, or from the planning, design, acquisition or construction of the Project or any part thereof, or from the lease or sale of any part thereof. The Lessee will also pay and discharge and will indemnify and hold harmless the Lessor from: (a) any lien or charge upon payments by the Lessee to the Lessor hereunder, and (b) any taxes, assessments, impositions and other charges, in respect to the Project. The Lessee also covenants and agrees to pay and to indemnify and save the Lessor harmless of, from and against, all of the Lessor's costs, expenses (including reasonable counsel fees) and liabilities incurred in any action or proceeding brought by reason of any such claim or demand. If any such claim is asserted, or any such lien or charge upon payments, or any taxes, assessments, impositions or other charges are sought to be imposed, and either the Lessor and the Trustee has notice or knowledge thereof the Lessor or the Trustee, as the case may be, will give prompt notice to the Lessee, and the Lessee shall have the sole right and duty to assume, and will assume the defense thereof on the Lessee's behalf and on behalf of the Lessor, with full power to litigate, compromise or settle the same in the Lessee's sole discretion.

Notwithstanding the foregoing, nothing set forth in this Section 5.6 shall be construed to indemnify the Lessor for or release the Lessor from any liability which it would otherwise

have had arising from the willful, wrongful or negligent actions or failures to act on the part of the Lessor, its employees, agents or representatives action in their capacities other than as contemplated by this Lease Agreement.

Section 5.7 Obligation of Lessee Unconditional. The obligation of the Lessee to make the payments pursuant to this Lease Agreement and to perform and observe the other agreements on the Lessee's part set forth herein shall be absolute and unconditional, shall not be subject to any defense or any right of set-off, counterclaim or recoupment arising out of any breach by the Lessor of any obligation to the Lessee, whether hereunder or otherwise, or out of any indebtedness or liability at any time owing to the Lessee by the Lessor. The Lessee hereby agrees to pay to the Trustee all of said payments payable by the Lessee pursuant to Section 5.3 of this Lease Agreement. Until such time as the principal of, premium, if any, and interest on the Bonds shall have been fully paid or provisions for the payment thereof shall have been made in accordance with the Indenture, the Lessee: (i) will not suspend or discontinue any payments pursuant to this Lease Agreement, (ii) will perform and observe all the Lessee's other agreements set forth in this Lease Agreement, and (iii) except as provided in Article XI hereof, will not terminate this Lease Agreement for any cause including, without limiting the generality of the foregoing, failure of the Lessor to complete the Project, failure of the Lessor's title to the Project or any part thereof, loss of title to (or the temporary use of) the Project by virtue of the exercise by others of the power of eminent domain, any acts or circumstances, that may constitute failure of consideration, destruction of or damage to the Project, commercial frustration of purpose, any change in the tax or other laws of the United States of America or of the State of Alabama, or any political subdivision of either thereof, or any failure of the Lessor to perform and observe any agreement, whether express or implied, or any duty, liability or obligation arising out of or

connected with this Lease Agreement.

Nothing set forth in this Section 5.7 shall be construed to release the Lessor from the performance of any of the agreements on its part herein set forth. In the event the Lessor shall fail to perform any such agreement on its part, the Lessee may institute such action against the Lessor as the Lessee may deem necessary to compel performance or may pursue such other remedies for non-performance as may be available to the Lessee so long as such action shall not violate the agreements on the part of the Lessee set forth in the preceding paragraph. In no event, however, shall the Lessee be entitled to any diminution of the amounts payable under Section 5.3 hereof. The Lessee may, however, at the Lessee's own cost and expense and in the Lessee's own name or in the name of the Lessor, prosecute or defend any action or proceeding or take any other action involving third persons which the Lessee deems reasonably necessary in order to insure the acquisition, construction, installation and equipping of the Project or to secure or protect the Lessee's right of possession, occupancy and use hereunder, and in such event, the Lessor hereby agrees to cooperate fully with the Lessee and to take all action necessary to effect the substitution of the Lessee for the Lessor in any such action or proceeding if the Lessee shall so request.

ARTICLE VI
MAINTENANCE, TAXES AND INSURANCE

Section 6.1 Maintenance and Modifications of Project by Lessee. The Lessee will, at the Lessee's sole expense, during the Construction Period and the Lease Term, keep the Project in as reasonably safe condition as its operations shall permit and in good repair and in good operating condition, making from time to time all necessary repairs thereto (including external and structural repairs). The Lessee may, also at the Lessee's expense, make from time to time any additions, modifications or improvements to the Project that the Lessee may deem desirable for the Lessee's business purposes and that do not adversely affect the

structural integrity of the Project or substantially reduce its value. All such renewals, replacements, additions, modifications and improvements so made by the Lessee shall become part of the Project. The Lessee may, also at the Lessee's own expense, locate on the Leased Land any tangible personal property not purchased by the Lessor with the proceeds from the sale of the Bonds which, in the Lessee's judgment, is essential to the operation of the Project.

The Lessee will not permit any mechanics', materialmen's or other liens (except Permitted Encumbrances) to be established or remain against the Project for labor or materials furnished in connection with the Project or any additions, modifications, improvements, repairs, renewals or replacements so made by the Lessee; provided, that if the Lessee shall first notify the Trustee of the Lessee's intention to do so, the Lessee may in good faith contest any mechanics', materialmen's or other lien filed or established against the Project, and in such event, may permit the items so contested to remain undischarged and unsatisfied during the period of such contest and any appeal therefrom unless the Lessor or the Trustee shall notify the Lessee that, in the opinion of Independent Counsel, by non-payment of any such items, the security afforded pursuant to the terms of the Indenture will be materially endangered or the Project or any part thereof will be subject to loss or forfeiture, and in either of such events, the Lessee shall promptly pay and cause to be satisfied and discharged all such unpaid items or secure such payment by posting a bond, in form satisfactory to the Lessor, with the Trustee. The Lessor will cooperate fully with the Lessee in any such contest.

Section 6.2 Taxes, Other Governmental Charges and Utility Charges. The parties to this Lease Agreement understand and acknowledge that: (i) under present law the income and receipts, if any, of the Lessor from the Project are not subject to either Federal or State taxation, and (ii) this factor among others, has induced Lessee to enter into this Lease Agreement. Nevertheless,

the Lessee will pay during the Construction Period and the Lease Term, as the same respectively become due, all taxes and governmental charges of any kind whatsoever that may at any time be lawfully assessed or levied against or with respect to the Project or any equipment or other personal property installed or brought by the Lessee therein or thereon (including, without limiting the generality of the foregoing, any taxes levied upon or with respect to the income or profits of the Lessor from the Project which, if not paid, will become a charge on the Project prior to or on a parity with the lien of the Indenture or a charge on the revenues and receipts from the Project prior to or on a parity with the charge thereon and the pledge or assignment thereof to be created and made in the Indenture, and including any ad valorem taxes lawfully assessed thereupon), all utility and other charges incurred in the operation, maintenance, use, occupancy and upkeep of the Project and all assessments and charges lawfully made by any governmental body for public improvements that may be secured by lien on the Project; provided, that with respect to special assessments or other governmental charges that may lawfully be paid in installments over a period of years, the Lessee shall be obligated to pay only such installments as are required to be paid during the Construction Period and the Lease Term. The foregoing provisions of this Section 6.2 shall be effective only so long as any Bonds remain outstanding or any part of the principal of, premium, if any, or the interest on the Bonds remains unpaid.

The Lessee may, at its expense and in its own name and behalf, or in the name and behalf of the Lessor, in good faith, contest any such taxes, assessments and other charges and, in the event of any such contest, may permit the taxes, assessments or other charges so contested to remain unpaid during the period of such contest and any appeal therefrom unless the Lessor or the Trustee shall notify the Lessee that, in the opinion of Independent Counsel, by non-payment of any such items, the security afforded pursuant to the terms of the Indenture will be materially

endangered or the Project or any part thereof will be subject to loss or forfeiture, and in either of such events such taxes, assessments or charges shall be paid forthwith by the Lessee. The Lessor will cooperate fully with the Lessee in any such contest.

In the event that the Lessee shall fail to pay any of the foregoing items required by this Section 6.2 to be paid by the Lessee, the Lessor or the Trustee may, but shall be under no obligation to pay the same and any amounts so advanced therefor by the Lessor or the Trustee shall become an additional obligation of the Lessee to the one making the advancement, which amounts, together with interest thereon at 15% per annum from the date thereof, the Lessee agrees to pay.

Section 6.3 Insurance Required to be Carried.

(a) During the Construction Period. During the Construction Period the Lessee shall take out, or cause to be taken out and continuously maintain in effect, or caused to be maintained in effect, the following insurance:

(1) Builders'-Risk Completed Value Form Insurance or other types of insurance, to the extent of the full insurable value of the Project against loss thereto from, or damage by vandalism, fire, and lightning, with uniform standard extended coverage endorsement limited only as may be provided in the standard form of extended coverage endorsement at the time in use in the State;

(2) Workmen's Compensation Insurance;

(3) Insurance against liability for injuries to, or death of any person, or damage to or loss of property arising out of or in any way relating to the condition of the Project or any portion thereof, in the minimum amounts of \$1,000,000 for death of or personal injury to any one person, and \$500,000 for property damage in any one accident; and

(b) After the Completion Date. After the Completion Date the Lessee shall take out and continuously maintain in effect,

throughout the Lease Term the following insurance, paying as the same become due, all premiums with respect thereto:

(1) Insurance to the extent of the full insurable value of the Project against loss thereto from, or damage by vandalism, fire, and lightning, with uniform standard form of extended coverage endorsement at the time in use in the State; and

(2) The insurance referred to in subsection (a)(3) of this Section.

Any determination of "full insurable value" shall be made by such recognized appraiser or insurer as may be selected by the Lease.

Section 6.4 Application of Net Proceeds of Insurance. The Net Proceeds of the insurance carried pursuant to the provisions of Section 6.3 hereof shall be applied as follows: (i) the Net Proceeds of the insurance required in Section 6.3(a)(1), and 6.3(b)(1) hereof shall be applied as provided in Section 7.1 hereof and (ii) the Net Proceeds of the insurance required in Sections 6.3(a)(3) and 6.3(b)(2) hereof shall be applied toward extinguishment or satisfaction of the liability with respect to which such insurance proceeds may be paid.

Section 6.5 Additional Provisions Respecting Insurance. All insurance required in Section 6.3 hereof shall be taken out and maintained in generally recognized responsible insurance companies selected by the Lessee and acceptable to the Trustee, and may be written with deductible amounts comparable to those on similar policies carried by other companies engaged in business similar in size, character and other respects to those in which the Lessee is engaged. All policies evidencing such insurance shall be carried in the names of the Lessor, the Lessee and the Trustee as their respective interests may appear; provided, that all such insurance policies (other than those evidencing the insurance required by Section 6.3(a)(3) and 6.3(b)(2) hereof and such other policies or portions thereof as may evidence insurance against

liability for death of, or injury to persons or damage to or destruction of property of others) shall include clauses providing that all Net Proceeds of insurance resulting from claims in excess of \$100,000 for loss or damage covered thereby be paid to the Trustee; and provided further, that all claims (regardless of amount) may be adjusted by the Lessee with the insurers (subject, in the case of any one claim in excess of \$100,000 to the approval the Trustee).

All such policies shall be deposited with the Trustee; provided, that in lieu of such policies the Lessee may deposit with the Trustee a certificate, or certificates of the respective insurers attesting the fact that such insurance is in force and effect. Prior to the expiration of any such policy, the Lessee shall furnish to the Trustee evidence satisfactory to the Trustee that such policy has been renewed or replaced by another policy or that there is no necessity therefor under the terms of this Lease Agreement.

In lieu of separate policies, the Lessee may maintain blanket policies having the same coverage required herein, in which event the Lessee shall deposit with the Trustee a certificate or certificates of the respective insurers as to the amount of coverage in force upon the Project.

Section 6.6 Advances by Lessor or Trustee. In the event the Lessee shall fail to maintain the full insurance coverage required by this Lease Agreement or shall fail to keep the Project in as reasonably safe condition as its operating conditions will permit, or shall fail to keep the Building in good repair and good operating condition, the Lessor or the Trustee, after first notifying the Lessee of any such failure on the Lessee's part and after giving the Lessee a reasonable opportunity to cure such default, may, but shall be under no obligation to, take out the required policies of insurance and pay the premiums on the same, or make the required repairs; and all amounts so advanced therefor by the Lessor or the Trustee shall become an additional obligation

of the Lessee to the one making the advancement, which amounts, together with interest thereon at the rate of 15% per annum from the date thereof, the Lessee agrees to pay.

Section 6.7 Removal of Leased Equipment. The Lessor shall not be under any obligation to renew, repair, or replace any inadequate, obsolete, worn out, unsuitable, undesirable or unnecessary Leased Equipment. In any instance where the Lessee, in the Lessee's sole discretion, determines that any items of Leased Equipment have become inadequate, obsolete, worn out, unsuitable, undesirable or unnecessary, the Lessee may remove such items of Leased Equipment from the Building and the Leased Land and, on behalf of the Lessor, sell, trade-in, exchange or otherwise dispose of them, as a whole or in part, without any responsibility or accountability to the Lessor or the Trustee therefor, provided that either:

(a) The Lessee shall substitute (either by direct payment of the costs thereof or by advancing to the Lessor the funds necessary therefor) and install anywhere in the Building or on the Leased Land, other machinery or equipment having equal or greater utility (but not necessarily having the same function) in the operation of the Project, all of which substituted machinery or equipment shall be free of all liens and encumbrances (other than Permitted Encumbrances) but shall become a part of the Leased Equipment;

(b) The Lessee shall (i) in the case of the sale of any such equipment to anyone other than itself, or in the case of the scrapping thereof, pay into the Bond Fund the proceeds from such sale or the scrap value thereof, as the case may be, (ii) in case of the trade-in of such equipment for other equipment not to be installed in the Building or on the Leased Land, pay into the Bond Fund the amount of the credit received by it in such trade-in and (iii) in the case of the sale

of any such equipment to the Lessee or in the case of any other disposition thereof, pay into the Bond Fund an amount equal to the original cost thereof less depreciation at rates calculated in accordance with generally accepted accounting principles applied on a consistent basis.

In the event that prior to such removal of items of Leased Equipment from the Building and the Leased Land the Lessee with the Lessee's own funds has acquired and installed machinery or equipment which has become part of the Leased Equipment, the Lessee may take credit to the extent of the amount so spent by it against the requirement that it either substitute and install other machinery and equipment having equal or greater utility or that the Lessee make payment in the Bond Fund.

The removal from the Project of any portion of the Leased Equipment pursuant to the provisions of this Section shall not entitle the Lessee to any abatement or diminution of the amounts payable under Section 5.3 hereof.

The Lessee will promptly report to the Trustee each such removal, substitution, sale and other disposition and will pay to the Trustee such amounts as are required by the provisions of the preceding subsection (b) of this Section to be paid into the Bond Fund promptly after the sale, trade-in or other disposition requiring such payment; provided that no such report and payment need be made until the amount to be paid into the Bond Fund on account of all such sales, trade-ins or other dispositions not previously reported aggregate at least \$10,000. The Lessee will pay any costs, including counsel fees, incurred in conveying to the Lessor any items of machinery or equipment that under the Provisions of this Section are to become a part of the Leased Equipment. The Lessee will not remove, or permit the removal of any of the Leased Equipment from the Leased Land except in accordance with the provisions of this Section 6.7.

ARTICLE VII

DAMAGE, DESTRUCTION AND CONDEMNATION

Section 7.1 Damage and Destruction. Unless the Lessee shall have exercised its option to purchase pursuant to the provisions of Section 11.2 hereof, if, prior to full payment of the Bonds (or provisions for payment thereof having been made in accordance with the provisions of the Indenture), the Project is destroyed or damaged (in whole or in part) by fire or other casualty to such extent that the claim for loss resulting from such destruction or damage is not greater than \$100,000, the Lessee or the Lessor at the Lessee's direction, (i) will promptly repair, rebuild or restore the property damaged or destroyed to substantially the same condition as existed prior to the event causing such damage or destruction and (ii) will apply for such purpose so much as may be permitted of any Net Proceeds of insurance resulting from claims for such losses, as well as any additional monies of the Lessee necessary therefor. All Net Proceeds of insurance resulting from claims for such losses not in excess of \$100,000 shall be paid to the Lessee.

Unless the Lessee shall have elected to exercise its option to purchase pursuant to the provisions of Section 11.2 hereof, if, prior to full payment of the Bonds (or provision for payment thereof having been made in accordance with the provisions of the Indenture), the Project is destroyed or damaged (in whole or in part) by fire or other casualty to such extent that the claim for loss resulting from such destruction or damage is in excess of \$100,000, the Lessee shall promptly give written notice thereof to the Trustee. All Net Proceeds of insurance resulting from claims for such losses shall be paid to and held by the Trustee, whereupon, (i) the Lessee, or the Lessor at the Lessee's direction, will promptly repair, rebuild or restore the part of the Project damaged or destroyed to substantially the same condition as existed prior to the event causing such damage or destruction and (ii) the Trustee, upon receipt of the certificate of the Lessee

that such payment is required for such purpose, will apply so much as may be necessary of the Net Proceeds of such insurance to payment of the costs of such repair, rebuilding or restoration, either on completion thereof or as the work progresses.

In the event such Net Proceeds are not sufficient to pay in full the costs of such repair, rebuilding or restoration, the Lessee will nonetheless complete the work thereof and will pay that portion of the costs thereof in excess of the amount of such Net Proceeds paid to the Trustee or will pay to Trustee the monies necessary to complete said work, in which case the Lessor will proceed so to complete said work. The Lessee shall not, by reason of the payment of such excess costs (whether by direct payment thereof or advances to the Lessor or Trustee therefor), be entitled to any reimbursement from the Lessor or any abatement or diminution of the amounts payable under Section 5.3 hereof.

Any balance remaining of such Net Proceeds paid to the Trustee after payment of all the costs of such repair, rebuilding or restoration shall be paid into the Bond Fund. If the Lessee shall so direct the Lessor in writing within 90 days following the payment of any such Net Proceeds into the Bond Fund, the Lessor shall cause such balance of Net Proceeds, or such part thereof as the Lessee shall direct, to be applied by the Trustee to the redemption of Bonds at the earliest date allowable, and at the redemption price stated under Section 301 of the Indenture. If the Bonds have been fully paid (or provision for payment thereof shall have been made in accordance with the Indenture), all such balance of Net Proceeds shall be paid to the Lessee.

Section 7.2 Condemnation or Failure of Title. Unless the Lessee shall exercise its option to purchase pursuant to the provisions of Section 11.2 hereof, in the event that title to, or the temporary use of the Project or any part thereof or the leasehold estate of the Lessee in the Project created by this Lease Agreement or any part thereof shall be taken under the exercise of power of eminent domain by any governmental body or by

any person, firm or corporation acting under governmental body or by any person, firm or corporation acting under governmental authority, or in the event of a failure of title, the Lessee shall be obligated to continue to pay the amounts specified in Section 5.3 hereof. The Lessor, the Trustee and the Lessee will cause the Net Proceeds received by them or any of them, from any award made in such eminent domain proceedings, or from the title insurance policy purchased pursuant to Section 3.2 hereof to be deposited in the Bond Fund and to be applied by the Trustee in one or more of the following ways as shall be directed in writing by the Lessee:

(a) The restoration of the Building and improvements comprising part of the Project to substantially the same condition as they exist immediately prior to the exercise of the said power of eminent domain or failure of title.

(b) Redemption of the Bonds and payment of accrued interest thereon to the date of redemption, provided, that no part of any such condemnation award or title insurance proceeds may be applied for such redemption unless (1) all of the Bonds are to be redeemed in accordance with the Indenture upon exercise of the option to purchase provided for by Section 11.2 hereof, (2) in the event that less than all of the Bonds are to be redeemed, the Lessee shall furnish to the Lessor and the Trustee a certificate of an Independent Engineer acceptable to the Lessor and the Trustee stating (i) that the property forming a part of the Project that was taken by such condemnation proceedings, or with respect to which the failure of title occurred, is not essential to the Lessee's use or occupancy of the Project, or (ii) that the Project has been restored to a condition substantially equivalent to its condition prior to the taking by such condemnation proceedings or failure of title.

Unless the Lessee shall have elected to exercise the Lessee's option to purchase the Project pursuant to the provisions of Section 11.2 hereof, within ninety days from the date of entry of

a final order in an eminent domain proceeding granting condemnation, or from the date of entry of a final order that title to the Project, or any part thereof, was not vested in the Lessor, the Lessee shall direct the Lessor and the Trustee in writing as to which of the ways specified in this section the Lessee elects to have the condemnation award or title insurance proceeds applied. Any balance of the Net Proceeds of the award in such eminent domain proceeding or of title insurance proceeds shall be paid into the Bond Fund. If the Bonds have been fully paid (or provision for payment thereof has been made in accordance with the provisions of the Indenture) all such Net Proceeds shall be paid to the Lessee.

The Lessor shall cooperate fully with the Lessee in the handling and conduct of any prospective or pending condemnation, or failure of title proceeding with respect to the Project or any part thereof and will, to the extent it may lawfully do so, permit the Lessee to litigate in any such proceeding in the name and behalf of the Lessor. In no event will the Lessor voluntarily settle, or consent to the settlement of, any prospective or pending condemnation or title proceeding with respect to the Project or any part thereof without the prior written consent of the Lessee.

Section 7.3 Condemnation of Lessee Owned Property. The Lessee shall also be entitled to the Net Proceeds of any condemnation award or portion thereof made for damages to, or takings of its own property not included in the Project, provided that any Net Proceeds resulting from damages to, or a taking of all or any part of the leasehold estate of the Lessee in the Project created by this Lease Agreement shall be paid and applied in the manner provided in Section 7.2 hereof.

ARTICLE VIII

SPECIAL COVENANTS

Section 8.1 No Warranty of Condition or Suitability by the Lessor. THE LESSOR MAKES NO WARRANTY, EITHER EXPRESS OR IMPLIED,

WITH RESPECT TO THE CONDITION OR WORKMANSHIP OF ANY PART OF THE PROJECT, OR THAT THE PROJECT WILL BE SUITABLE FOR THE LESSEE'S PURPOSES OR NEEDS.

Section 8.2 Inspection of the Project. The Lessor, the Trustee, and their or either of their duly authorized agents shall have the right at all reasonable times to enter at their own risk upon the site of the Project and examine and inspect the Project. The Lessor and its duly authorized agents shall also have such rights of access to the Project as may be reasonably necessary to cause to be completed the acquisition, construction, installation and equipping of the Project provided for in Section 4.1 hereof, and thereafter for the proper maintenance of the Project in the event of failure by the Lessee to perform the Lessee's obligations under Section 6.1 hereof.

The Lessor and the Trustee shall also be permitted, at all reasonable times, to examine the books and records of the Lessee with respect to the Project.

Section 8.3 Annual Statement. The Lessee agrees to furnish the Trustee and any bondholder who may so request, within 120 days after the close of any calendar year, the Lessee's financial statement together with such other information as may be reasonably required by the Trustee concerning the financial condition of the Lessee.

Section 8.4 Release of Certain Land. Notwithstanding any other provision of this Lease Agreement, the parties hereto reserve the right at any time, and from time to time, to amend this Lease Agreement for the purpose of effecting the release of and removal from this Lease Agreement and the leasehold estate created hereby of any part of the Leased Land with respect to which the Lessor proposes to grant an easement or convey fee title to a railroad, public utility or public body in order that railroad, utility services or roads may be provided for the Project, provided that, if at the time any such amendment is made, any of the Bonds are outstanding and unpaid there shall be deposited with

the Trustee the following:

(a) An executed copy of the said amendment;

(b) A resolution of the Board of Directors of the Lessor (i) stating that the Lessor is not in default under any of the provisions of the Indenture or of this Lease Agreement, and the Lessee is not, to the knowledge of the Lessor, in default under any of the provisions of this Lease Agreement, (ii) stating an adequate legal description of that portion of the Leased Land to be released, and (iii) requesting the consent of the Trustee to said amendment and the release of such property from the lien of the Indenture;

(c) A certificate of the Lessee approving such amendment and stating that the Lessee is not in default under any of the provisions of this Lease Agreement;

(d) A copy of the instrument granting the easement or conveying the title to a railroad, public utility or public body; and

No release effected under the provisions of this Section 8.4 shall entitle the Lessee to any abatement or diminution of the amounts payable under Section 5.3 hereof.

Section 8.5 Purchase of Additional Machinery, Equipment, Furniture or Fixtures by the Lessor. The Lessor shall purchase additional machinery, equipment, furniture or fixtures to be used in connection with the Project upon the request of the Lessee and receipt from the Lessee of money sufficient to pay for such machinery, equipment, furniture or fixtures, whether such machinery, equipment, furniture or fixtures is to be purchased under the provisions of Section 6.1 or 6.7 hereof or otherwise. Such machinery, equipment, furniture or fixtures shall constitute a part of the Leased Equipment.

Section 8.6 Further Assurance and Corrective Instruments. The Lessor and the Lessee shall, from time to time, execute, acknowledge and deliver, or cause to be executed, acknowledged and delivered, such supplements hereto and such further instruments as

may reasonably be required for correcting any inadequate or incorrect description of the Project hereby leased or intended so to be, or for carrying out the intention of, or facilitating the performance of this Lease Agreement.

Section 8.7 Granting of Easements. If no event of default hereunder shall have happened and be continuing, the Lessee may at any time or times grant easements, licenses, rights of way (including the dedication of public highways) and other rights or privileges in the nature of easements with respect to any property included in the Indenture, free from the security interest afforded by or under the Indenture, or the Lessee may release existing easements, licenses, rights of way and other rights or privileges with or without consideration, and the Lessor shall execute and deliver, and will cause and direct the Trustee to execute and deliver any instrument necessary or appropriate to confirm and grant or release any such easement, license, right of way or other right or privilege upon receipt of: (i) an executed copy of the instrument of grant or release; (ii) a written application signed by the Lessee requesting such instrument; and (iii) a certificate executed by the Authorized Lessee Representative stating: (1) that such grant or release is not detrimental to the proper conduct of the Lessee's business, and (2) that such grant or release will not impair the effective use or interfere with the operation of the Project and will materially weaken, diminish or or impair the security afforded by, or under the Indenture.

Section 8.8 Authorized Lessor Representative. Whenever under the provisions of this Lease Agreement the approval of the Lessor is required or the Lessor is required to take some action, such approval shall be made or such action shall be taken by the Authorized Lessor Representative, and the Lessee and the Trustee shall be authorized to act on any such approval or action.

Section 8.9 Authorized Lessee Representative. Whenever under the provisions of this Lease, the approval of the Lessee is required or the Lessee is required to take some action, such

BOOK 336 PAGE 564

approval shall be made or such action taken by the Authorized Lessee Representative, and the Lessor and the Trustee shall be authorized to act on any such approval or action.

Section 8.10 Non-Arbitrage. The Lessee and the Lessor covenant that they shall take no action, nor shall the Lessee or the Lessor approve the Trustee's taking any action or making any investment or use of the proceeds of the Bonds, which will cause the Bonds to be arbitrage bonds within the meaning of Section 103(c) of the Code and the proposed, temporary or final regulations thereunder as such may be applicable to the Bonds at the time of such action, investment or use.

ARTICLE IX

ASSIGNMENT, SUBLEASING, MORTGAGING AND SELLING; REDEMPTION OF BONDS

Section 9.1 Assignment and Subleasing. This Lease Agreement may be assigned, and the Project may be subleased as a whole or in part, by the Lessee without the necessity of obtaining the consent of either the Lessor or the Trustee, provided that, however, no such assignment or further sublease shall relieve the Lessee from primary liability for any of the Lessee's obligations hereunder, and in the event of any such assignment or sublease the Lessee shall continue to remain primarily liable for payment of the amounts specified in Section 5.3 hereof and for performance and observance of the other agreements on the Lessee's part herein provided to be performed and observed by the Lessee to the same extent as though no assignment or sublease had been made.

9.2 Mortgage of Project by the Lessor and Assignment of Its Interest in this Lease Agreement. The Lessor has mortgaged the Project, has assigned its interest and has pledged any monies receivable under this Lease Agreement to the Trustee pursuant to the Indenture as security for payment of the principal of, premium, if any, and the interest of the Bonds, but such mortgage, assignment or pledge is subject and subordinate to this Lease Agreement.

BOOK 336 PAGE 565

Section 9.3 Restrictions on Mortgage or Sale of Project by Lessor. The Lessor agrees that, except for the mortgage of the Project and the assignment of this Lease Agreement and the rentals hereunder to the Trustee pursuant to the Indenture, it will not mortgage, sell, assign, transfer or convey its interest in the Project during the Construction Period and term of this Lease Agreement, except as herein provided. If the laws of the State of Alabama at the time shall permit such action to be taken, nothing in this Section 9.3 shall prevent the consolidation of the Lessor with, or merger of the Lessor into, or transfer of its remaining interest in the Project or in this Lease Agreement as an entirety to, any public corporation whose income is not subject to taxation and which has corporate authority to exercise the Lessor's rights granted hereunder; provided: (i) that no such action shall be taken without the prior written consent of the Lessee, unless such action shall be required by law, (ii) that any such action shall be approved by the governing body of the City of Pelham, Alabama, and (iii) that upon any such consolidation, merger or transfer, the due and punctual payment of the principal of, premium, if any, and interest on the Bonds according to their tenor, and the due and actual performance and observance of all the agreements and conditions of this Lease Agreement to be kept and performed by the Lessor shall be expressly assumed in writing by the corporation resulting from such consolidation or surviving such merger or to which the Project shall be transferred in its entirety.

Section 9.4 Redemption of Bonds. If there shall at any time be a deposit in the Bond Fund monies or Governmental Obligations which, together with other monies, if any, available therefor under any terms of the Indenture, are sufficient to redeem all or part of the principal amount of the Bonds, the Lessor, at the request of Lessee, shall forthwith take all steps necessary under the applicable redemption provisions of the Indenture to effect redemption of the Bonds requested by the Lessee on a redemption date selected by the Lessee.

Section 9.5 References to Bonds Ineffective After Bonds Paid. Upon payment in full of the Bonds (or provisions for payment thereof having been made in accordance with the provisions of the Indenture) and payment of all fees and charges of Trustee, all references in this Lease Agreement to the Bonds and the Trustee shall be ineffective and neither the Trustee nor the holders of any of the Bonds shall thereafter have any rights hereunder, saving and excepting those that shall have theretofore vested.

ARTICLE X

EVENTS OF DEFAULT AND REMEDIES

Section 10.1 Events of Default Defined. The following shall be "events of default" under this Lease Agreement and the terms "event of default" or "default" shall mean, whenever they are used in this Lease Agreement, any one or more of the following events:

(a) Failure by the Lessee to pay when due the amounts required to be paid pursuant to Section 5.3 of this Lease Agreement and the continued failure to pay for a period of ten days after written notice given to the Lessee by the Lessor or the Trustee;

(b) Failure by the Lessee to observe and perform any covenant, condition or agreement on the Lessee's part to be observed or performed, other than as referred to in paragraph (a) of this Section 10.1, for a period of thirty days after written notice, specifying such failure and requesting that it be remedied, is given to the Lessee by the Lessor or the Trustee, unless the Trustee shall agree in writing to an extension of such time prior to its expiration; provided, however, if the failure stated in the notice cannot be corrected within the applicable period, the Trustee will not unreasonably withhold its consent to an extension of such time if corrective action is instituted by the Lessee within the applicable period and diligently pursued until the failure is corrected;

(c) Any material warranty, representation or other statement by or on behalf of the Lessee in this Lease Agreement or in any

certificate furnished in connection with the issuance and sale of the Bonds, shall prove to be false or misleading in any material respect;

(d) The occurrence of an "Event of Default" under the Guaranty;

(e) If the Lessee shall:

- (i) apply for or consent to the appointment of a receiver, trustee or liquidator or of any of its respective properties or assets;
- (ii) admit in writing its inability to pay its debts as they mature;
- (iii) make a general assignment for the benefit of creditors;
- (iv) be adjudicated a bankrupt or insolvent^{or};
- (v) file a voluntary petition in bankruptcy or take advantage of any bankruptcy, reorganization, insolvency, readjustment of debt, dissolution or liquidation law or statute or file an answer admitting the material allegations of a petition filed against the Lessee in any proceeding under any such law;

(f) An order, judgment or decree shall be entered, without application, approval or consent of the Lessee by any court of competent jurisdiction, approving a petition seeking or appointing a receiver, trustee, or liquidator of the Lessee and such order, judgment or decree shall continue unstayed and in effect for any period of 60 days.

The foregoing provisions of this Section 10.1 are subject to the limitation that, if by reason of force majeure the Lessee is unable in whole or in part to carry out the agreements on the Lessee's part herein set forth, other than the obligations on the part of the Lessee set forth in Article V and in Section 6.2 and 6.3 hereof, the Lessee shall not be deemed in default during the continuance of such inability.

BOOK 336 PAGE 568

The term "force majeure" as used herein shall mean, without limitation, the following: acts of God; strikes, lockouts or other industrial disturbances; acts of public enemies; orders of any kind of the government of the United States or of the State of Alabama or any of their departments, agencies or officials, or any civil or military authority; insurrections, riots; epidemics; landslides; lightning; earthquakes; fire; hurricanes; tornadoes; storms; floods; washouts; droughts; arrests; restraints of government and people; civil disturbances; explosions, breakage or accident to machinery, transmission lines, pipes or canals; partial or entire failure of utilities; or any other cause or event not reasonably within the control of the Lessee. The Lessee agrees, however, to use the Lessee's best efforts to remedy with all reasonable dispatch the cause or causes preventing the Lessee from carrying out such agreements; provided, that the settlement of strikes, lockouts and other industrial disturbances shall be entirely within the discretion of the Lessee, and the Lessee shall not be required to make settlement of strikes, lockouts and other industrial disturbances by acceding to the demands of the opposing party or parties when such course is, in the judgment of the Lessee, unfavorable to the Lessee.

Section 10.2 Remedies on Default. Subject to Section 10.6 hereof, whenever any event of default referred to in Section 10.1 hereof shall have happened and be continuing, the Lessor may take any one or more of the following remedial steps:

(a) By written notice to the Lessee, the Lessor may declare all installments of rent payable under Section 5.3 hereof for the remainder of the Lease Term to be immediately due and payable, whereupon the same shall become immediately due and payable.

(b) The Lessor or the Trustee on its own behalf or on behalf of the Lessor, may re-enter and take possession of the Project without terminating this Lease Agreement, and sublease the Project for the account of the Lessee, holding the Lessee liable for the difference in the rent and other amounts payable by such sublessee

in such subleasing and the rents and other amounts payable by the Lessee hereunder.

(c) The Lessor or the Trustee on its own behalf or on behalf of the Lessor may terminate the Lease Term, exclude the Lessee from possession of the Project and use its best efforts to lease the Project to another party for the account of the Lessee, holding the Lessee liable for all rent and other payments due up to the effective date of such leasing and for the difference in the amounts payable by such new lessee and the amounts payable by the Lessee under this Lease Agreement.

(d) In the event any of the Bonds shall at the time be outstanding and unpaid, the Lessor may have access to, and inspect and examine and make copies of the Lessee's books and records and all of its accounts.

(e) The Lessor may take whatever action at law or in equity may appear necessary or desirable to collect the rent, then due and thereafter to become due, or to enforce performance and observance of any obligation, agreement or covenant of the Lessee under this Lease Agreement.

The Lessee acknowledges and understands that any lease or sublease agreement entered into by the Lessor or the Trustee pursuant to either of Subsections (b) or (c) of this Section 10.1 shall, if the Lessor and the Trustee deem it advisable, grant an option to purchase the Project to the new lessee or the sublessee on the terms and conditions acceptable to the Lessor and the Trustee.

Any amounts collected pursuant to action taken under this Section 10.2 shall be paid into the Bond Fund and applied in accordance with the provisions of the Indenture.

Section 10.3 No Remedy Exclusive. Subject to Section 10.6 hereof, no remedy herein conferred upon or reserved to the Lessor is intended to be exclusive of any other available remedy or remedies, but each and every such remedy shall be cumulative and shall be in addition to every other remedy given under this Lease

Agreement, or now or hereafter existing at law or in equity or statute. No delay or omission to exercise any right or power or shall be construed to be a waiver thereof, but any such right and power may be exercised from time to time and as often as may be deemed expedient. In order to entitle the Lessor to exercise any remedy reserved to it in this Article X, it shall not be necessary to give any notice, other than such notice as may be herein expressly required. Such rights and remedies of the Lessor hereunder shall also extend to the Trustee, and the Trustee and the holders of the Bonds, subject to the provisions of the Indenture, shall be entitled to the benefit of all covenants and agreements hereof.

Section 10.4 Agreement to Pay Attorney's Fees and Expenses.

In the event the Lessee should default under any of the provisions of this Lease Agreement, and the Lessor or the Trustee should employ attorneys or incur other expenses for the collection of amounts payable hereunder or the enforcement, performance or observance of any obligation or agreement on the part of the Lessee herein set forth, the Lessee agrees, on demand therefor, to pay to the Lessor or the Trustee the reasonable fee of such attorney or attorneys and such other expenses so incurred by the Lessor or the Trustee.

Section 10.5 No Additional Waiver Implied by One Waiver. In the event any obligation in this Lease Agreement is breached by either party and thereafter waived by the other party, such waiver shall be limited to the particular breach so waived and shall not be deemed to waive any other breach hereunder.

Section 10.6 Remedial Rights Assigned to Trustee. All rights and remedies conferred upon or reserved to the Lessor in this Article X shall, upon the execution and delivery of the Indenture, be deemed to have been assigned to the Trustee and the Trustee shall have the exclusive right to exercise such rights and remedies in the same manner and under the limitations and conditions that the Trustee is entitled to exercise rights and remedies

upon the occurrence of an Event of Default pursuant to Article 10 of the Indenture.

ARTICLE XI

OPTIONS IN FAVOR OF LESSEE

Section 11.1 Options to Terminate. The Lessee shall have the following options to cancel or terminate the term of this Lease Agreement:

(a) At any time prior to full payment of the Bonds (or provisions for payment thereof having been made in accordance with the provisions of the Indenture), the Lessee may terminate the term of this Lease Agreement and exercise the option to purchase granted in Section 11.3 hereof by paying to the Trustee for the account of the Lessor an amount of cash or Government Obligations which upon maturity will pay an amount which, when added to the amount on deposit in the Bond Fund, will be sufficient to pay, retire and redeem all the outstanding Bonds in accordance with the provisions of the Indenture (including, without limiting the generality of the foregoing, principal, interest to maturity or earliest applicable redemption date, as the case may be, premium, if any, expenses of redemption and Trustee's and paying agents' fees and expenses), and, in case of redemption, making arrangements satisfactory to the Trustee for the giving of the required notice of redemption;

(b) At any time after full payment of the Bonds (or provision for payment thereof having been made in accordance with the provisions of the Indenture), the Lessee may terminate the term of this Lease Agreement by giving the Lessor notice in writing of such termination and such termination shall forthwith become effective.

Section 11.2. Options to Purchase Project Prior to Payment of the Bonds. The Lessee shall have, and is hereby granted the option to purchase the Project prior to the full payment of the Bonds (or provision for payment thereof having been made in accordance with the provisions of the Indenture), if any of the

following shall have occurred:

(a) The Project, or any part thereof, shall have been damaged or destroyed to such extent that, in the opinion of the Lessee expressed in writing, (i) it cannot be reasonably restored, within a period of four months, to the condition thereof immediately preceding such damage or destruction, or (ii) the Lessee is thereby prevented from carrying on its normal operations at the Project for a period of four months or (iii) the cost of restoration thereof would exceed by more than \$25,000 the Net Proceeds of insurance carried thereon pursuant to the requirements of Section 6.4 hereof, plus the amounts for which the Lessee is self-insured with respect to deductible amounts permitted under Section 6.5 hereof;

(b) Title to, or the temporary use of the Project, or any part thereof, or the leasehold estate of the Lessee in the Project created by this Lease Agreement, or any part thereof, shall have been taken under the exercise of the power of eminent domain by any governmental authority or person, firm or corporation acting under governmental authority which results, or is likely to result in the Lessee thereby being prevented from carrying on its normal operations therein for a period of four months or more;

(c) As result of any changes in the Constitution of the State or the Constitution of the United States of America or of legislative or administrative action (whether state or federal) or by final decree, judgment or order of any court or administrative body, whether state or federal, entered after the contest thereof by the Lessee in good faith, this Lease shall have become void or unenforceable or impossible of performance in accordance with the intent and purposes of the parties as expressly in this Lease Agreement, or unreasonable burdens or excessive liabilities shall have been imposed on the Lessor or the Lessee including without limitation federal, state or income or other taxes not being imposed on the date of this agreement;

(d) The Project or a material portion thereof is adjudged by a court of competent jurisdiction to be a public nuisance and operation of the Project or a material portion thereof is permanently enjoined, and such decision has become final or, if appealed, affirmed upon such appeal and the decision upon such appeal has become final.

To exercise such option, the Lessee shall, within thirty days following the event authorizing the exercise of such option, give written notice to the Lessor and to the Trustee, and shall specify therein the date of closing such purchase, which date shall not be less than forty-five nor more than ninety days from the date such notice is mailed, and in case of a redemption of the Bonds in accordance with the provisions of the Indenture, shall make arrangements satisfactory to the Trustee for the giving of the required notice of redemption for the redemption of the Bonds on the earliest practicable date either on or following the closing of such purchase. The purchase price payable by the Lessee in the event of its exercise of the option granted in this Section shall be the sum of the following:

(i) an amount of money which, when added to the amount then on deposit in the Bond Fund, will be sufficient to pay the principal of the then outstanding Bonds plus accrued interest thereon to the redemption date; plus

(ii) an amount of money equal to the Trustee's and paying agents' fees and expenses under the Indenture accrued, and to accrue until such final payment and redemption of the Bonds; plus

(iii) the sum of One Hundred Dollars.

In the event of the exercise to the option granted in this section, any Net Proceeds of insurance or condemnation and shall be paid to the Lessee.

Section 11.3 Option to Purchase Project After Payment of the Bonds. The Lessee shall have, and is hereby granted the option to purchase the Project at any time during the Lease Term or at any time within one (1) year thereafter following full payment of the Bonds (or provision for payment thereof having been made in accordance with the provisions of the Indenture) or at any time at which the Lessee shall have the option to terminate this Lease Agreement pursuant to Section 11.1(a) hereof for a purchase price of One Hundred Dollars. To exercise this option granted in this Section, 11.3, the Lessee shall notify the Lessor of the Lessee's intention so to exercise such option no less than thirty (30) nor more than one hundred eighty (180) days prior to the proposed date of purchase and shall, on the date of purchase, pay such purchase price to the Lessor.

Section 11.4 Option to Purchase Unimproved Land. The Lessee shall have, and is hereby granted, the option to purchase any Unimproved part of the Leased Land at any time, and from time to time, at and for a purchase price equal to the fair market value thereof provided that it furnishes the Lessor with the following:

(a) A notice in writing setting forth (i) an adequate legal description of that portion of the Leased Land with respect to which such option is to be exercised, and (ii) a statement that the Lessee intends to exercise its option to purchase such portion of the Leased Land on a date stated, which shall not be less than forty-five, nor more than ninety days from the date of such notice, and (iii) a statement that the use to which such portion of the Leased Land will be devoted will be in furtherance of the purpose for which the Lessor was organized;

(b) A certificate of an Independent Engineer acceptable to the Trustee, dated no more than ninety days prior to the date of the purchase, stating that, in the opinion of the person signing such certificate, (i)

the portion of the Leased Land with respect to which the option is exercised is not needed for the operation of the Project for the purposes hereinabove stated, and (ii) the purchase will not impair the usefulness of the Building and will not destroy the means of ingress thereto and egress therefrom;

(c) A certificate from a M.I.A. approved appraiser acceptable to the Trustee which sets forth the fair market value of the real property to be purchased pursuant to the provisions of this Section 11.4; and

(d) An amount of money equal to the fair market value of the real property to be purchased as set forth in the appraisal called for above.

Upon receipt of the notice, certificate and money required in this section to be furnished to it by the Lessee, the Lessor will promptly deliver the same to the Trustee, will cause the Trustee to deposit said money in the Construction Fund, if prior to the Completion Date, and, if thereafter, in the Bond Fund, and will secure from the Trustee a release from the security interest afforded by the terms of the Indenture of such portion of the Leased Land with respect to which the Lessee shall have exercised the option granted in this section. In the event the Lessee shall exercise such option, the Lessee shall not be entitled to any abatement or diminution of the amounts payable under Section 5.3 hereof.

If the Lessee purchases any unimproved part of the Leased Land pursuant to the provisions of this Section, or otherwise acquires or leases other real property adjacent to the Leased Land, all walls presently standing or hereafter erected on or contiguous to the boundary line of the land so purchased, acquired or leased by the Lessee shall be party walls and each party grants the other a ten foot easement adjacent to any such party wall for the purpose of inspection, maintenance, repair and replacement thereof and the connecting of new construction. If the Lessee

utilizes any party wall for the purpose of connecting new construction that will be utilized under common control with the Project, the Lessee may also connect the utility facilities on the Leased Land for the purpose of serving the new construction and may remove any non-loadbearing wall panels in the party wall; provided, however, that if the property so purchased, acquired or leased by the Lessee ceases to be operated under common control with the Project, the Lessee covenants that the Lessee will install non-loadbearing wall panels similar in quality to those that have been removed and will provide separate utility services for the new construction.

The Lessee may, at the Lessee's own expense, connect utility and other similar facilities serving the Project to utility and other similar facilities serving real property adjacent to or near the Leased Land, or partly on such adjacent real property and partly on the Leased Land, but only if the Lessee furnishes the Lessor and the Trustee a certificate by an Independent Engineer who is acceptable to the Trustee, certifying that such connection of utility or other similar facilities will not unreasonably interfere with the use of the Project.

Section 11.5 Conveyance on Exercise of Option to Purchase.

At the closing of the purchase pursuant to the exercise of any option to purchase granted herein, the Lessor will, upon receipt of the purchase price, deliver to the Lessee documents conveying to the Lessee good and marketable title to the property with respect to which such option was exercised, as such property then exists, subject to the following: (i) those liens and encumbrances, if any, to which title to said property was subject when conveyed to the Lessor; (ii) those liens and encumbrances created by the Lessee, or to the creation or suffering of which the Lessee consented; (iii) those liens and encumbrances resulting from the failure of the Lessee to perform or observe any of its obligations in this Lease Agreement; and (iv) Permitted Encumbrances other than the Indenture and this Lease Agreement.

Section 11.6 Effect of Exercise of Options. Upon the exercise of any option provided in this Article XI, the matured or accrued obligations of the Lessee to the Lessor hereunder not theretofore performed, shall survive.

Section 11.7 Relative Postion of Options and Indenture. The Options granted to the Lessee in this Article XI, shall be and remain prior and superior to the Indenture and may be exercised whether or not the Lessee is in default hereunder, provided that such default will not result in the nonfulfillment of any condition to the exercise of such option.
