

OIL, GAS AND MINERAL LEASE

THIS AGREEMENT made this

21st

December

- 6 -

Claire B. Tannakill, a widow

Box 789, Highlands, North Carolina 28741
Geo Production Company, P. O. Box 50079, New Orleans, La. 70150

1. Being in consideration of Ten and No/100 and other valuable considerations

\$10.00 & OVC, in hand paid, of the royalties herein provided, and of the agreement of Lessor herein contained, hereby grants, leases and lets exclusively unto Lessee for the purpose of investigating, exploring, prospecting, drilling and mining for and producing oil, gas and all other minerals, laying pipe lines, building roads, tanks, power stations, telephone lines and other structures thereon, to produce, save, take care of, treat, transport and own said products, and housing its employees, the following described land in Shelby, County, Alabama, to wit:

TOWNSHIP 17 SOUTH, RANGE 1 EAST

Section 28: Southeast quarter of Section. (SE₁)

It is understood and agreed that this lease covers only oil, gas, gaseous derivatives and other gaseous and liquid hydrocarbons and sulphur, but does not cover wood, coal, iron ore or any other hard minerals.

BOOK 337 PAGE 874

It is the intention of Lessor and Lessee that this lease shall also include, and there is hereby included, granted, leased and let, for the purposes and consideration herein stated, all the land owned or claimed by Lessor, adjacent or contiguous to the land particularly described above, whether the same be in said section or sections, grant or grants, or in adjacent sections or grants, although not included with the boundaries of the land particularly described above. For the purpose of determining the amount of any money payment hereunder, the lands herein shall be treated as comprising 160 acres, whether there be more or less, and for the event of a partial assignment or surrender hereunder, the assigned or surrendered portion or portions shall be deemed to contain the number of acres stated in such assignment or surrender.

2. Subject to the other provisions herein contained, this lease shall be for a term of ~~XX~~ years from this date (called "primary term") and as long thereafter as oil, gas or other mineral is produced from said land or lands with which said land is pooled herunder.

wells may be connected, lessor may from time to time purchase any royalty oil in its possession, paying the market price therefor prevailing for the field where produced on the date of purchase, in either case such interest to bear its proportion of any expense of treating unmerchantable oil to render it merchantable as crude, (b) on gas, one-eighth (1/8) of the market value at the well of the gas used by Lessor in operations not connected with the land leased or any pooled unit containing all or a part of said land; the royalty on gas sold by Lessee to be one-eighth (1/8) of the amount realized at the well from such sales, net one-eighth (1/8) of the market value at the mouth of the well of gas used by Lessee in manufacturing gasoline or other by-products, except that in computing such value, there shall be excluded all gas or components thereof used in lease or unit operations, and full on all other minerals mined and marketed, one-tenth (1/10) either in kind or value at the well or mine, at Lessor's election, except that on sulphur mined and marketed, the royalty shall be fifty cents (\$0.50) per long ton. In the event that any well on the land or on property pooled therewith (or with any part thereof) is capable of producing oil or gas or gaseous substance in paying quantities but such minerals are not being produced, then Lessor's rights may be maintained, in the absence of production or drilling operations, by commencing or resuming rental payments (herein sometimes referred to as shut-in gas payments) as hereinafter provided in paragraph 6. Should such conditions occur or exist at the end of or after the primary term, or within sixty (60) days prior to the expiration thereof, Lessor's rights may be extended beyond and after the primary term by the commencement, resumption or continuance of such payments at the rate and in the manner herein provided for rental payments during the primary term, and for the purpose of computing and making such payments the expiration date of the primary term and each anniversary date thereof shall be considered as a fixed rental paying date, and if such payments are made, it will be considered that oil or gas or gaseous substance is being produced within the meaning of paragraph 2 hereof. Lessee shall have free use of oil, gas, coal, sand and water from said land, except water from Lessor's wells, for all operations hereunder, and royalty on oil, gas and coal shall be computed after deducting any so used.

wood and water from said land, except water from Lessor's wells, for all operations hereunder, and royalty on oil, gas and coal shall be computed after deducting any so used.

4. Lessor at its option, is hereby given the right and power to pool or combine the acreage covered by this lease or any portion thereof with other land, lease or leases in the immediate vicinity thereof, when in Lessor's judgment it is necessary or advisable to do so in order properly to develop and operate said premises in compliance with any lawful spacing rules which may be prescribed for the field in which this lease is situated by any duly authorized authority, or when to do so would, in the judgment of Lessee, promote the conservation of the oil and gas in and under and that may be produced from said premises. Lessee shall execute in writing an instrument identifying and describing the pooled acreage. The entire acreage so pooled into a tract or unit shall be treated, for all purposes except the payment of royalties on production from the pooled unit, as if it were included in this lease. If production is found on the pooled acreage, it shall be treated as if production is had from this lease, whether the well or wells be located on the premises covered by this lease or not. In lieu of the royalties hereinbefore specified, Lessor shall receive on production from a unit so pooled only such portion of the royalty stipulated herein as the amount of his acreage placed in the unit or his royalty interest therein on an acreage basis bears to the total acreage so pooled in the particular unit involved.

5. The parties hereto shall, at their expense, furnish all information which they may be required to furnish to the appropriate state and federal agencies in connection with the operation of the wells and the production therefrom.

5 If operations for drilling are not commenced on said land or on acreage pooled therewith as above provided on or before one year from this date the lease shall then terminate as to both parties unless on or before such anniversary date lessor shall pay or tender to Lessor or to the credit of Lessor in First Union Bank at Highlands N.C. which bank and its successors are Lessor's agent and shall continue as the depository for all rentals payable hereunder regardless of changes in ownership of said land or the rental of the sum of One Hundred Sixty and No/100 ~~160.00~~ Dollars ~~160.00~~, thereon called rental, which shall cover the privilege of deferring commencement of drilling operations for a period of twelve (12) months. In like manner and upon like payments or tenders annually the commencement of drilling operations may be further deferred for successive periods of twelve (12) months each during the primary term. The payment or tender of rental may be made by check or draft of lessee mailed or delivered to Lessor or to said bank on or before such date of payment. If such bank (or any successor bank) should fail, liquidate or be succeeded by another bank or for any reason fail or refuse to accept rental, lessee shall not be held in default. For failure to make such payment or tender of rental until thirty (30) days after Lessor shall deliver to lessee a properly recordable instrument, naming another bank as agent to receive such payments or tenders. The down cash payment is consideration for this lease according to its terms and shall not be allocated as mere rental for a period. Lessee may at any time or times execute and deliver to Lessor or to the depository also named or place of record a release or releases covering any portion or portions of the above described premises and thereby extinguish this lease as to such portion or portions and be relieved of obligation to the acreage so released and thereafter the rents as to the land so released shall be reduced as the proportionate part.

and the lessor surrenders this lease as to such portion or portions and be relieved of all obligations as to the acreage surrendered, and thereafter the rentals payable hereunder shall be reduced in the proportion that the acreage covered hereby is reduced by said release or releases.

6. If prior to discovery of oil, gas or other mineral on said land or on acreage pooled therewith Lessor should drill a dry hole or holes thereon, or if after discovery of oil, gas or other mineral, the production thereof should cease from any cause, this lease shall not terminate if Lessee commences additional drilling or reworking operations within 60 days thereafter or if it be within the primary term, commences to resume the payment or tender of rentals or commences operations for drilling or reworking on or before the rental paying date next ensuing after the expiration of 60 days from date of completion of last well or cessation of production. But at any time subsequent to sixty (60) days prior to the beginning of the last year of the primary term and prior to the discovery of oil, gas or other mineral on said land or on acreage pooled therewith, Lessor should drill a dry hole thereon, no rental payment or operations are necessary in order to keep the lease in force during the remainder of the primary term. If at the expiration of the primary term oil, gas or other mineral is not being produced on said land, or on acreage pooled therewith, but Lessee is then engaged in drilling or reworking operations thereon or shall have completed a dry hole thereon within sixty (60) days prior to the end of the primary term, the lease shall remain in force so long as operations are prosecuted with no cessation of more than sixty (60) consecutive days, and if they result in the production of oil, gas or other mineral so long thereafter as oil, gas or other mineral is produced from said land or acreage pooled therewith. In the event a well or wells producing oil or gas is or are opened

in the production of oil, gas or other mineral so long thereafter as oil, gas or other mineral is produced from said land or acreage pooled therewith. In the event a well or wells producing oil or gas in paying quantities should be brought in on adjacent land and within one hundred fifty (150) feet of and draining the leased premises, or acreage pooled therewith, Lessor agrees to drill such offset wells as may be required if operator would drill under the same or similar circumstances.

5. Lessee shall have the right at any time during or after the expiration of this lease to remove all property and fixtures placed by Lessee on said land, including the right to draw and remove oil casing. When required by Lessor, Lessee will bury all pipe lines below ordinary plow depth, and no well shall be drilled within two hundred (200) feet of any residence or barn now on said land without Lessor's consent. Lessee shall be responsible for all damages caused by Lessee's operations hereunder other than damages necessarily caused by the exercise of the rights herein granted.

6. The rights of either party hereunder may be assigned in whole or in part, and the provisions hereof shall extend to their heirs, successors and assigns, but no change or division in ownership of the land rental or royalties, however accomplished, shall operate to enlarge the obligations or diminish the rights of Lessor, and no change or division in such ownership shall be binding on Lessor until the same is registered by Lessor with the appropriate authority in the state of New Mexico at Lessor's principal place of business with a certified copy of recordable instrument evidencing same. In the event of assignment of all or a whole or a part, liability for breach of any obligation hereunder shall rest exclusively upon the owner of this lease or of a portion thereof who commits such breach. In the event of the death of any person entitled to benefits hereunder, Lessee may pay or tender such rentals to the credit of the deceased or the estate of the deceased until such time as Lessee is furnished with proper evidence of the age, sex and qualifications of an executor or administrator of the estate or if there be none, then until Lessee is furnished with evidence satisfactory to it as to the heirs or devisees of the deceased, and that all rentals have been paid. But in case two or more persons be entitled to participate in the rental payable hereunder, Lessee may pay or tender said rental jointly to such persons or to their joint credit, or separately, as Lessor may direct, or at Lessor's election, the proportionate part of said rental to which each participant is entitled may be paid or tendered to him separately or to his separate credit, and deposited in a bank account in the name of such participant, or Lessee may pay or tender to any participant of his portion of the rentals hereunder, shall maintain this lease as to such participant. In event of assignment of this lease as to a segregated portion of said land, the rights and obligations hereunder shall be apportionable as between the several leasehold owners, notably according to the surface area of each and in default of rental payment by one shall not affect the rights of other lessors hereunder. If six or more parties become entitled to royalty hereunder, Lessee may withhold payment thereof unless and until furnished with a recordable instrument executed by all such parties or by their agent to receive payment for all.

10. If at any time by Lessor or any assignee hereunder shall not work a drilling or termination of this lease for the cause for cancellation hereto in whole or in part save as herein expressly provided, if the Lessor so shall require the drilling of a well or wells, Lessor shall have ninety (90) days after the receipt of written notices by Lessee from Lessor specifically stating the breach alleged by Lessor within which to begin operations for the drilling of any such well or wells, and the only penalty for failure so to do shall be the termination of this lease save as to forty (40) acres for each well being worked on or producing oil or gas, to be retained by Lessor so that each forty (40) acre tract will embrace one such well. After the discovery of oil, gas or other material in paying quantities on said premises, Lessee shall reasonably develop the acreage covered hereunder, but in discharging this obligation it shall in no event be required to drill more than one well per forty (40) acres of the area retained hereunder and capable of producing oil, gas or other material in paying quantities.

11. Lessor hereby warrants and agrees to defend the title to said land and agrees that Lessee at its option may discharge any tax, mortgage or other lien upon said land, either in whole or in part, and in event payment does so it shall be subrogated to such lien with right to enforce same and apply rentals and royalties accruing hereunder toward satisfying same. Without impairment of Lessee's rights under the warranty or title of Lessor or title, it is agreed that if Lessor owns an interest in said land less than the entire fee simple estate, then the royalties and rentals to be paid Lessor shall be reduced proportionately. Authority of Lessee to reduce rental paid hereunder shall not impair the right of Lessor to reduce royalties. All royalty interest covered by this lease (whether or not owned by Lessor) shall be paid out of the royalties herein provided.

12. Should Lessor be prevented from complying with the express or implied covenant of this lease, from conducting drilling or reworking operations thereon or from producing oil or gas therefrom by reason of a variety of impossibility to obtain or to use equipment or material or by operation of force majeure, or any Federal or state law or any order, rule or regulation of governmental authority, then while so prevented, Lessee's obligation to comply with such covenant shall be suspended, and Lessee shall not be liable in damages for failure to comply therewith; and this lease shall be extended while and so long as Lessee is prevented by any such cause from conducting drilling or reworking operations on or from producing oil or gas from the leased premises, and the time while Lessee is so prevented shall not be counted against Lessee, anything in this lease to the contrary notwithstanding.

13. The unpartnered Lessor, for himself and his heirs, executors and assigns, hereby surrenders and releases all rights of homestead in the premises herein described, in so far as said rights of homestead may in

12. The undersigned Lessor, for himself and his heirs, successors and assigns, hereby surrenders and releases all rights of homestead in the premises herein described, in so far as said rights of homestead may in any way affect the purpose for which this lease is made as recited herein, and agrees that the annual drilling deferment rental payments made to Lessor as herein provided will fully protect this lease as to the full interests of the undersigned.

13. In the event that Lessor, during the primary term of this lease, receives a bona fide offer which Lessor is willing to accept from any party offering to purchase from Lessor a lease covering all or all of the substances covered by this lease and covering all or a portion of the land described herein, with the lease becoming effective upon expiration of this lease, Lessor hereby agrees to notify Lessor in writing of such offer immediately, including in the notice the name and address of the offeror, the price offered and all other pertinent terms and conditions of the offer. Lessor, for a period of fifteen days after receipt of the

the other immediately including in the same the name and address of the offeror, the price offered and all other pertinent terms and conditions of the offer. Lessor, for a period of fifteen days after receipt of the notice, shall have the prior and preferred right and option to purchase the lease or part thereof or interest therein, covered by the offer at the price and according to the terms and conditions specified in the offer. All offers made up to and including the last day of the primary term of this lease shall be subject to the terms and conditions of this section. Should Lessee elect to purchase the lease pursuant to the terms hereof, it shall be done by Lessor by writing by mail or telegram prior to expiration of said fifteen period. Lessor shall promptly thereafter furnish to Lessor the new lease for execution on behalf of Lessee, along with Lessor's signature thereon. Lessor to payment of the specified amount as consideration for the new lease, such draft being subject only to approval of title according to the terms thereof. Upon signing thereof, Lessor shall forthwith execute said lease and return same along with the enclosed draft to Lessor's representative or through Lessor's bank or agent for payment.

14. Lessee shall have the option to renew this lease, in whole or in part, and extend the primary term for an additional period equal to the initial primary term commencing on the expiration date of the initial primary term by paying or tendering to Lessor, as a bonus, the sum of Fifteen and No/100 Dollars (\$ 15.00) per acre for each acre renewed, on or before the expiration date of the initial primary term or, if drilling or reworking operations are being conducted on the leased premises or land pooled therewith on the expiration date of the initial primary term and such operations do not result in a commercial well and the well is plugged or abandoned, payment or tender may be made within thirty (30) days from the date on which the well is plugged or abandoned. Payment or tender of the renewal bonus may be made in the same manner and into the same depository provided for the payment of delay rental. If Lessor owns an interest in the land less than the entire fee simple estate, the renewal bonus shall be reduced proportionately to accord with the interest actually owned by the Lessor. In the event of the assignment of this lease as to a segregated portion of the land, the renewal bonus payable hereunder shall be apportionable as between the several leasehold owners ratably and according to the surface area of each and the renewal option shall be exercisable severally and separately as to each assigned portion. In the event the lease is terminated by non-renewal, Lessor shall promptly file for record an instrument in the county in which the land is situated, designating the acreage renewed and extended and the acreage released. The renewal bonus shall be in lieu of delay rental for the first year of the extended term.

In WITNESS WHEREOF, this instrument is signed, sealed and delivered on the date
first above written.
