NORTH TO POINT OF BEGINNING. ALSO EAST 1/2 OF SE 1/4 OF NW 1/4; EAST 1/2 OF NW 1/4 OF NW 1/4; SW 1/4 OF NW 1/4 LESS FIVE ACRES IN THE NORTHEAST 1/4 OF SW 1/4 OF NW 1/4. ALL BEING SITUATED IN SECTION 10 TOWNSHIP 18 SOUTH RANGE 1 EAST, SHELBY COUNTY, ALABAMA. CONTAINING 78 ACRES MORE OR LESS.

337 PAGE 887
BOOK

THIS LEASE DOES NOT COVER NOR INCLUDE COAL OR OTHER HARD ROCK MINERALS.

It is the intention of Lessor and Lessee that this lease shall also include, and there is hereby included, granted, saved and let, for the purposes and consideration herein stated, all the land adjacent or claimed by Lessor, adjacent or contiguous to the land particularly described above, whether the same be in said section or sections, grant or grants, or in adjacent sections or grants, although not included with the boundaries

of the land particularly described above. For the purpose of determining the amount of any money payment hereunder, the lands herein shall be treated as comprising 78 acres, whether there be more or less, and in the event of a partial assignment of surrender hereunder, the assigned or surrendered portion or portions shall be deemed to contain the number of acres stated in such assignment or surrender.

2. Subject to the other provisions herein contained, this lease shall be for a term of 20 years from this date (called "primary term") and as long thereafter as oil, gas or other mineral is produced from said land or lands with which said land is pooled hereunder.

3. The royalties to be paid by Lessee are (a) on oil, one-eighth (1/8) of that produced and saved from said land, the same to be delivered at the wells or to the credit of Lessor onto the pipeline to which the wells may be connected, Lessee may from time to time purchase any royalty oil in its possession, paying the market price therefor prevailing for the field where produced on the date of purchase, in either case such interest to bear its proportion of any expense of treating unmarketable oil to render it marketable as crude oil, or gas one-eighth (1/8) of the market value at the well of the gas used by Lessor in operations not connected with the land leased or any pooled and containing all or a part of said land, the royalty to be paid by Lessee to be one-eighth (1/8) of the amount realized at the well from oil, gas or other oil, gas or one-eighth (1/8) of the market value at the mouth of the well if gas used by Lessee in manufacturing gasoline or other by products, except that in computing such value, there shall be excluded all gas or components thereof used in lease or unit operations, and all oil, all other minerals mined and marketed, one-tenth (1/10) either in kind or value, at Lessee's election, except that on sulphur mined and marketed, the royalty shall be fifty cents (50c) per long ton. In the event that any well on the land or on property pooled therewith for unit or part thereof is capable of producing oil or gas or gaseous substances in paying quantities but such minerals are not being produced, then Lessee's rights may be maintained in the absence of production or drilling operations, by commencing or resuming rental payments (hereinafter sometimes referred to as shut-in gas payments) as hereinafter provided in paragraph 6. Should such conditions occur or exist at the end of or after the primary term, or within sixty (60) days prior to the expiration thereof, Lessee's rights may be extended beyond and after the primary term by the commencement of resumption or continuation of such payments at the rate and in the manner herein provided for rental payments during the primary term and for the purpose of computing and making such payments the expiration date of the primary term and each anniversary date thereof shall be construed as a fixed rental paying date, and if such payments are made, it will be considered that oil or gas or gaseous substance is being produced within the meaning of paragraph 2 hereof. Lessor shall have free use of oil, gas, coal, wood and water from said land, except water from Lessor's wells, for all operations hereunder, and royalty on oil, gas and coal shall be computed after deducting any so used.

4. Lessee, at its option, is hereby given the right and power to pool or capline the acreage covered by this lease, or any portion thereof, if in other land, acre or lease, in the immediate vicinity thereof, when in Lessor's judgment it is necessary or desirable to do so in order properly to develop and operate said premises in conjunction with any leased square miles which may be reserved for the lessee, to include the lease is situated by any duly authorized authority, or when so would in the judgment of Lessee, promote the conservation of the oil and gas in and under and that may be produced from said premises. Lessor shall execute, or writing an instrument identifying and describing the pooled acreage. The entire acreage so pooled into a tract or unit shall be treated for all purposes except the payment of royalties on production from the pooled unit, as if it were included in this lease. If production is found on the pooled acreage, it shall be treated as if production is had from this lease, whether the well or wells is located on the premises covered by this lease or not. In lieu of the royalties elsewhere herein specified, Lessor shall receive or produce from a unit so pooled only such portion of the royalty stipulated hereon as the amount of his acreage placed in the unit or his royalty interest therein on an acreage basis bears to the total acreage so pooled in the particular unit involved.

5. If operations for drilling are not commenced on said land or on acreage pooled therewith as above provided on or before one year from this date the lease shall then terminate as to both parties, unless on or before such anniversary date Lessee shall pay or tender to Lessor or to the credit of Lessor in FIRST NATIONAL bank at LEEDS, ALABAMA, Alabama (which bank and its successors are Lessor's agent and shall continue as the depository for all rentals payable hereunder regardless of changes in ownership of said land or the rentals) the sum of

SEVENTY EIGHT AND NO/100 Dollars

28.00 (herein called rental), which shall cover the privilege of deferring commencement of drilling operations for a period of twelve (12) months. In like manner and upon like payments or tenders annually the commencement of drilling operations may be further deferred for successive periods of twelve (12) months each during the primary term. The payment or tender of rental may be made by the check or draft of Lessor mailed or delivered to Lessor or to said bank on or before such date of payment. If such bank or any successor bank should fail, liquidate or be succeeded by another bank, or for any reason fail or refuse to accept rental, Lessee shall not be held in default for failure to make such payment or tender of rental until thirty (30) days after Lessor shall deliver to Lessee a proper recordable instrument, naming another bank as agent to receive such payments or tenders. The down cash payment is consideration for this lease according to its terms and shall not be allocated as mere rental for a period. Lessee may at any time or times execute and deliver to Lessor or to the depository above named or place of record a release or releases covering any portion or portions of the above described premises and thereby surrender this lease as to such portion or portions and be relieved of all obligations as to the acreage surrendered, and thereafter the rentals payable hereunder shall be reduced in the proportion that the acreage covered hereby is reduced by said release or releases.

6. If prior to discovery of oil, gas or other mineral on said land or on acreage pooled therewith Lessee should drill a dry hole or holes thereon, or if after discovery of oil, gas or other mineral, the production thereof should cease from any cause, this lease shall not terminate if Lessor commences additional drilling or reworking operations within 60 days thereafter or if it be within the primary term, commences or resumes the payment or tender of rentals or commences operations for drilling or reworking on or before the rental paying date next ensuing after the expiration of 60 days from date of completion of dry hole or cessation of production. If at any time subsequent to sixty (60) days prior to the beginning of the last year of the primary term and prior to the discovery of oil, gas or other mineral on said land or on acreage pooled therewith, Lessee should drill a dry hole thereon, no rental payment or operations are necessary in order to keep the lease in force during the remainder of the primary term. If at the expiration of the primary term no oil, gas or other mineral is not being produced on said land or on acreage pooled therewith, but Lessee is then engaged in drilling or reworking operations thereon or shall have completed a dry hole thereon within sixty (60) days prior to the end of the primary term, the lease shall remain in force so long as operations are prosecuted with no cessation of more than sixty (60) consecutive days, and if they result in the production of oil, gas or other mineral, so long thereafter as oil, gas or other mineral is produced from said land or acreage pooled therewith. In the event a well or wells producing oil or gas in paying quantities shall be brought in on adjacent land and within one hundred fifty (150) feet of and diameter the lessor's premises or on the pooled lease, Lessor agrees to drill with the well or wells on adjacent land and

7. Lessor, at the first anniversary date and on each anniversary date thereafter of this lease, to receive from Lessee, in addition to the rental, the sum of 28.00 dollars, or the equivalent in cash, or in such other manner as Lessor may require by Lessor, Lessee will pay, all papers and documents now, or hereafter, to be used in connection with the operation of the lease, and shall be entitled within two hundred (200) feet of any residence or business on said land without Lessor's consent. Lessor shall be responsible for all damages caused by Lessor's operations hereunder other than damages necessarily caused by the excess of the rights herein granted.

8. The right of either party hereunder may be assigned in whole or in part, and the provisions hereof shall extend to their heirs, successors and assigns, but no change or division in ownership of the land, rental or royalties, however accomplished, shall operate to enlarge the obligations or diminish the rights of Lessee, and no change or division in his or her ownership shall be binding on Lessee until thirty (30) days after Lessor shall have been furnished by registered U. S. mail at Lessee's principal place of business with a certified copy of recorded or unrecorded instruments evidencing same. In the event of assignment and loss of or partial liability for breach of any obligation hereunder, full test exclusively upon the owner of this lease or of a portion of the oil who commits such breach. In the event of the death of any person entitled to qualifications of an executor or administrator of the estate, or if there be none, then until Lessor is furnished with evidence satisfactory to it as to the heirs or devisees of the deceased, and that all debts of the estate have been paid. If at any time two or more persons become entitled to participate in the rental payable hereunder, Lessee may pay or tender said rental jointly to such persons or to their joint credit, or the depository named herein, or, at Lessee's election, the proportionate part of said rental to which each participant is entitled may be paid or tendered to him separately or to his separate credit in said depository, and payment or tender to any participant of his portion of the rentals hereunder shall maintain this lease as to such participant. In event of assignment of this lease as to a segregated portion of said land, the rentals payable hereunder shall be apportionable as between the several household owners ratably according to the surface area of each, and default in rental payment by one shall not affect the rights of other household owners hereunder. If six or more parties become entitled to royalty hereunder, Lessee may withhold payment of 28.00 unless and until furnished with a recordable instrument executed by all the parties designating an agent to receive payment.

9. The breach by Lessor of any obligation hereunder shall not work a forfeiture or termination of this lease nor be cause for cancellation hereof in whole or in part save as herein expressly provided. If the obligation should require the drilling of a well or wells, Lessee shall have ninety (90) days after the receipt of written notices by Lessor from Lessor specifically stating the breach alleged by Lessor will in which to begin operations for the drilling of any such well or wells, and the only penalty for failure so to do shall be the termination of this lease save as to forty (40) acres for each well being worked on or producing oil or gas to be selected by Lessee so that each forty (40) acre tract will embrace one such well. After the discovery of oil, gas or other mineral in paying quantities on said premises, Lessee shall reasonably develop the acreage retained hereunder, but in discharging this obligation it shall in no event be required to drill more than one well per forty (40) acres of the area retained hereunder and capable of producing oil or gas or other mineral in paying quantities.

10. Lessor hereby warrants and agrees that Lessee at its option may discharge any tax, mortgage or other lien upon said land, either in whole or in part, and in event Lessor does so, it shall be subrogated to such lien with right to enforce same and apply rentals and royalties accrued hereunder toward satisfying same. Without impairment of Lessor's rights under the warranty in event of failure of title, it is agreed that if Lessor owns an interest in said land less than the entire fee simple estate, then the royalties and rentals to be paid Lessor shall be reduced proportionately. Failure of Lessee to reduce rental paid hereunder shall not impair the right of Lessee to reduce royalties. All royalty interest covered by this lease (whether or not owned by lessor) shall be paid out of the royalty herein provided.

11. Should Lessor be prevented from complying with any express or implied covenant of this lease, from conducting drilling or reworking operations thereon or from producing oil or gas therefrom, for reason of scarcity of or inability to obtain or to use equipment or material, or by operation of force majeure, or any Federal or state law or any order, rule or regulation of governmental authority, then while so prevented, Lessor's obligation to comply with such covenant shall be suspended, and Lessee shall not be liable in damages for failure to comply therewith, and this lease shall be extended so long as Lessee is prevented by any such cause from conducting drilling or reworking operations on or from producing oil or gas from the leased premises, and the time while Lessee is so prevented shall not be counted against Lessee anything in this lease to the contrary notwithstanding.

12. The undersigned Lessor, for himself and his heirs, successors and assigns, hereby surrenders and releases all rights of homestead in the premises herein described, in so far as said rights of homestead may in any way affect the purpose for which this lease is made as recited herein, and agrees that the annual drilling deferral rental payments made to Lessor as herein provided will fully protect this lease up to the full interest of the undersigned.

13. In the event that Lessor, during the primary term of this lease, receives a bona fide offer which Lessor is willing to accept from any party offering to purchase from Lessor a lease covering any or all of the substances covered by this lease and covering all or a portion of the land described herein, with the lease becoming effective upon expiration of this lease, Lessor hereby agrees to notify Lessee in writing of the offer immediately, including in the notice the name and address of the offeror, the price offered and all other pertinent terms and conditions of the offer. Lessor, for a period of fifteen days after receipt of the notice shall have the prior and preferred right and option to purchase the lease or part thereof or interest therein covered by the offer at the price and according to the terms and conditions specified in the offer. All offers made up to and including the last day of the primary term of this lease shall be subject to the terms and conditions of this Section. Should Lessor elect to purchase the lease pursuant to the terms hereof, it shall so notify Lessor in writing by mail or telegram prior to expiration of said 15-day period. Lessor shall promptly thereafter furnish to Lessee the new lease for execution on behalf of Lessor and as well, Lessee's eight draft payable to Lessor in payment of the specified amount as consideration for the new lease, such draft being subject only to approval of title according to the terms thereof. Upon receipt thereof, Lessee shall promptly execute said lease and return same along with the endorsed draft to Lessor's representative or through Lessor's bank of record for payment.

14. Lessee shall have the option to renew this lease, in whole or in part, and extend the primary term for an additional period equal to the initial primary term commencing on the expiration date of the initial primary term by paying or tendering to Lessor, as a bonus, the sum of FIFTEEN AND NO/100 Dollars (\$ 15.00) per acre for each acre renewed, on or before the expiration date of the initial primary term or, if drilling or reworking operations are being conducted on the leased premises or land pooled therewith on the expiration date of the initial primary term and such operations do not result in a commercial well and the well is plugged or abandoned, payment or tender may be made within thirty (30) days from the date on which the well is plugged or abandoned. Payment or tender of the renewal bonus may be made in the same manner and into the same depository provided for the payment of delay rental. If Lessor owns an interest in the land, less than the entire fee simple estate, the renewal bonus shall be reduced proportionately to accord with the interest actually owned by the Lessor. In the event of the assignment of this lease as to a segregated portion of the land, the renewal bonus payable hereunder shall be apportionable as between the several leasehold owners ratably and according to the surface area of each and the renewal option shall be exercisable severally and separately as to each assigned portion. In the event the lease is renewed and extended in part only, Lessee shall promptly file for record an instrument in the county in which the land is situated, designating the acreage renewed and extended and the acreage released. The renewal bonus shall be in lieu of delay rental for the first year of the extended term.

In WITNESS WHEREOF, this instrument is signed, sealed and delivered on the date first above written.
