Sellers are reserving a 15' easement, more particularly described hereinbelow. Sellers reserve the right to dedicate this easement for a public sewer as well as retain the easement for a private sewer for their own purposes. This is the easement reserved by Sellers in the Sales Contract to purchasers dated January 17, 1983 and as shown on a survey prepared by James A. Riggins dated January 25, 1983. This easement does not include a portion of the easement shown by James A. Riggins in said survey because Sellers are not retaining the entire easement shown. That portion of the easement shown on said survey running generally East and West at the North end of the property conveyed and running North from the East extension of said easement is not reserved by Sellers herein. The legal description of the easement reserved is more particularly described as follows, to-wit:

Commence at the NE corner of the SE 1/4 of the NW 1/4 of Section 22 and go South 0 deg. 55 min. E along the East boundary of said 1/4-1/4 Section for 367.00 feet; thence South 46 deg. 12 min.
