Before me, the undersigned authority, a Notary Public in and for the State of Alabama, personally appeared Carl R. Vance, who, being by me first duly sworn, deposes and says as follows:

My name is Carl R. Vance. I am over the age of twenty-one (21) and reside in Shelby County, Alabama. I have been familiar with the land described below for the past twenty (20) years and know the uses to which this land has been put over the years by the owners. The land is best described as follows:

To the best of my knowledge, the above described property has been owned by Etta Boles since about 1964. Since that time the Boles have used the land for pasture. The Boles have raised cattle on the land and built fences, cut hay, built several lakes, used some of it for a garden, and also used the lakes for watering holes for the cattle and for fishing. The property has generally lay there being used for the above-described purposes. The Boles have kept the property cleared and well managed through the years. At one time some of the property was leased, but to the best of my knowledge these clay leases have been terminated.

To the best of my knowledge, although I have made no examination of the tax records, I have been informed and believe, and therefore state, that no one other than Etta Boles has assessed the property for taxes, nor paid taxes thereon, during the preceeding twenty years.

To my knowledge, no one has possessed said property nor used it in anyway adverse to the record title owner for, to-wit, more than twenty years, and the record title owner being, namely, Etta Boles, is, to the best of my knowledge, in the undisputed possession of same, and has held the property in actual, open, hostile, continuous, exclusive, notorious, visible, and adverse possession since about 1964.
