Agreement For Underground Residential Distribution

Alabama Power 

STATE OF ALABAMA)

SHELBY)

COUNTY)

THIS AGREEMENT made and entered into this the 21st day of June, 19 84, by and betweenAlabama Power Company, a corporation (hereinafter referred to as "Company"), and Roy Martin
Construction, Inc. (hereinafter referred to as "Developer"), the Developer ofSunny Meadows Seven Acre Lot Subdivision; consisting of 1 lots.

WITNESSETH:

WHEREAS, Developer is the owner of the hereinafter described subdivision and is desirous of obtaining electric utility service by means of Company's underground distribution facilities for homes to be constructed on all lots to be developed within said subdivision; and

WHEREAS, the underground distribution system required to serve homes on all lots within said subdivision will include underground cables, surface transformers, underground service laterals and outdoor metering troughs; and

WHEREAS, Company is willing to provide electric service by means of an underground distribution system provided Developer complies with the terms and conditions hereinafter set forth; and

WHEREAS, said lot is described in the Corrective Statutory Warranty Deed, recorded in Deed Book 354, Page 308, in the Office of the Judge of Probate of Shelby County, Alabama; and

WHEREAS, Developer has filed for record restrictive covenants requiring all lot owners to install electric service in accordance with the Underground Residential Distribution Program; and

WHEREAS, Developer's total installation payment under this agreement is equal to \$ 1,181.00, which said amount represents the Company's estimated cost of the underground distribution system in excess of the estimated cost of an overhead distribution system, both of said cost calculations being inclusive of individual lot service as determined by the Company but excluding customer owned and installed conduit from Company furnished, customer installed, meter socket to two feet below the final grade elevation. This payment also includes anticipated estimated excess trenching cost to include rock removal and requirements to obtain suitable backfill from off site. The Developer shall be billed as a separate item for other costs incurred by the Company over and above the costs generally associated with trenching for underground residential distribution which is due principally to debris removal requirements, conduit requirements under street crossings due to inadequate written notice from the Developer as specified in paragraph six (6) below, trench depth requirements different from that generally employed by the Company, seeding and/or reseeded, sodding and/or resodding, or requirements for boring or additional equipment not generally employed by the Company for underground residential trenching.

NOW, THEREFORE, in consideration of the premises and the mutual obligations hereinafter recited, it is hereby agreed between the parties as follows:

1. (FILL IN APPLICABLE PROVISION):

Developer will pay Company the total amount of the installation payment (\$ N/A) within ten (10) days from the date of Company's written notice to Developer that said payment is due.

Developer has paid Company the total amount of the installation payment (\$ 1,181.00).

BOOK 57 PAGE 713

If the Developer has not paid to the Company the total amount of the installation payment, and if the Developer has not met the site preparation requirements as set forth herein, and home construction has not begun, and the Developer has not requested the Company to begin the construction of its facilities prior to the expiration of 180 days from the date of this Agreement, the Company will invoice the Developer for the total amount of the installation payment and the Developer shall pay the total amount of such invoice within 10 days thereafter, or the Company shall have the option to cancel this agreement. However, if the Developer has not met the site preparation requirements as set forth herein, and home construction has not begun, and the Developer has not requested the Company to begin construction of its facilities prior to the expiration of 360 days from the date of this Agreement, the Company shall have the option to cancel this agreement and refund to the Developer any monies collected. Failure to cancel this Agreement at the end of 360 days does not forfeit the Company's right to cancel at a future time.

2. Company will own, install and maintain a single-phase, underground electric distribution system, including surface mounted transformers, surface mounted enclosures which may contain electrical equipment such as sectionalizing devices, capacitors, regulators, etc., and underground cables and the 120/240-volt single-phase service lateral to the meter socket or service entrance for each residence in the said subdivision.

3. Developer agrees to grant Company right of way for the construction, operation, maintenance and removal of its facilities together with the right to ingress and egress to and from such facilities and the right to keep clear any obstruction that might injure or endanger said facilities. The Owner further covenants that the Company shall not be liable for any damages or destruction of any shrubs, trees, flowers, grass or other plants caused by the Company's equipment or employees or the equipment or employees of any contractor or subcontractor in the construction, operation, maintenance or removal of the Company's facilities.

4. The Developer shall advise each lot owner to obtain the meter location from the Company prior to the beginning of the installation of service entrance facilities and associated internal wiring.

5. Modification to the underground system after initial installation shall be at the expense of the one requesting or causing the modification.

6. The Developer shall give the appropriate Company District Superintendent a minimum of sixty days written notice prior to the commencement of the installation of any paving, streets, curbs, sidewalks, etc. After the expiration of 30 days from the date hereof this prior notice is reduced from 60 to 30 days. The Developer, prior to the Company's construction of the underground distribution system, shall make the easement in which the underground equipment or conductors are to be located accessible to the Company's equipment, remove all obstructions and grade to within four (4) inches of the final grade elevation. Streets, lot lines and easements shall be clearly marked by the Developer before Company's underground facilities are installed. All costs incurred by the Company due to improper or inadequate site preparation as stated above shall be billed to the Developer as a separate item.

7. Company, its successors and assigns, will retain title to the underground distribution system, including the underground service lateral and outdoor metering trough serving each said residence, and said underground distribution system provided by Company will not in any way be considered a fixture or fixtures and thereby a part of said real estate but will remain personal property belonging to Company, its successors and assigns, and will be subject to maintenance and removal by Company, its successors and assigns, in accordance with the applicable Rules and Regulations approved by the Alabama Public Service Commission.

8. The covenants set forth in paragraph three (3) and paragraph seven (7) above touch and concern and benefit the land and shall run with the land and shall be binding on Company and Developer, their respective heirs, executors, administrators, successors and assigns.

9. Any written notice to the Company, except as noted in paragraph one (1) and six (6) above, shall be addressed to

Alabama Power Company, Division Manager-Energy Services, 15 So. 20th St., Birmingham, Alabama. 35233

Any written notice to Developer provided for herein shall be addressed to Mr. Roy L. Martin, President,

Roy Martin Construction, Inc., P. O. Box 9, Pelham, AL 35124

IN WITNESS WHEREOF, each of the parties hereto have executed this agreement on the day and year first above written.
