Together with all rights and privileges necessary or convenient for the full enjoyment or use of the rights herein granted, including, but not limited to the free right of ingress and egress over said right-of-way and real estate and over any property which is owned by the Grantor and is adjacent to said real estate, together with the right, from time to time, in connection with the enjoyment of the privileges herein conveyed, to cut and keep clear all trees, brush, undergrowth and other obstruction, whether located upon or near said right-of-way, to the extent necessary to permit the full enjoyment of the rights and privileges herein conveyed, and the protection of the Pipelines. 5. No delay of the Grantee in establishing the location of the right-of-way hereby conveyed, or in the use of any other right or easement hereby granted or in laying or installing the Pipelines in or along said right-of-way shall result in the loss, limitation or abandonment of any right, title, interest, easement or estate granted hereby.

6. This instrument states the entire agreement between the Grantor and the Grantee and merges in this instrument all statements, representations and covenants heretofore made and any agreements not included in this instrument are void and of no force and effect.
