3. The Grantee agrees that the water pipeline or pipelines placed within said right-of-way shall be buried so that the top thereof shall be not less than thirty inches (30") below the surface of the ground, and further agrees that following the construction, repair, relocation or removal of any such pipeline, Grantee will cause the surface of the ground to be restored as nearly as practicable to its former condition.

4. The Grantee shall have the right to lease, sell, assign, transfer and/or convey to others, in whole or in part, and to encumber, in whole or in part, the right-of-way, easement, estate, interests, rights and privileges granted to it by this instrument.

5. No delay of the Grantee in establishing the location of the right-of-way hereby conveyed, or in the use of any other right or easement hereby granted or in laying or installing the Pipelines in or along said right-of-way shall result in the loss, limitation or abandonment of any right, title, interest, easement or estate granted hereby.

6.
