WHEREAS Borrower is indebted to the Government as evidenced by one or more promissory note(s) or assumption agreement(s), herein called "note," which has been executed by Borrower, is payable to the order of the Government, and authorizes acceleration of the entire indebtedness at the option of the Government upon any default by Borrower, and is described as follows:

Date of Instrument	Principal Amount	Annual Rate of Interest	Due Date of Final Installment
December 6, 1982	\$26,000.00	11.50 %	December 6, 2015

(If the interest rate is less than _____ % for farm ownership or operating loans secured by this instrument, then the rate may be changed as provided in the note.)

And it is the purpose and intent of this instrument that, among other things, at all times when the note is held by the Government, or in the event the Government should assign this instrument without insurance of the note, this instrument shall secure payment of the note; but when the note is held by an insured holder, this instrument shall not secure payment of the note or attach to the debt evidenced thereby, but as to the note and such debt shall constitute an indemnity mortgage to secure the Government against loss under its insurance contract by reason of any default by Borrower.

And this instrument also secures the recapture of any interest credit or subsidy which may be granted to the Borrower by the Government pursuant to 42 U.S.C. §1490a.

NOW THEREFORE, in consideration of the loan(s) and (a) at all times when the note is held by the Government, or in the event the Government should assign this instrument without insurance of the payment of the note to secure prompt payment of the note and any renewals and extensions thereof and any agreements contained therein, including any provision for the payment of an insurance or other charge; (b) at all times when the note is held by an insured holder, to secure performance of Borrower's agreement herein to indemnify and save harmless the Government against loss under its insurance contract by reason of any default by Borrower, and (c) in any event and at all times to secure the prompt payment of all advances and expenditures made by the Government, with interest, as hereinafter described, and the performance of every covenant and agreement of Borrower contained herein or in any supplementary agreement, Borrower does hereby grant, bargain, sell, convey, and assign unto the Government, with general warranty, the following property situated in the State

(23) Upon default by the Borrower as aforesaid, the Government and its assigns may take possession of the property and foreclose this mortgage by sale to the highest bidder, for cash, at the courthouse door of any county in which all or a part of the property is situated, after advertising the time, place and terms of sale once a week for three successive weeks in a newspaper of general circulation in each county in which a portion of the property is situated.

(24) If any provision of this instrument or application thereof to any person or circumstances is held invalid, such invalidity will not affect other provisions or applications of the instrument which can be given effect without the invalid provision or application, and to that end the provisions hereof are declared to be severable.
