ATTEST:

If the Developer has not paid to the Company the total amount of the installation payment, and if the Developer has not met the site preparation requirements as set forth herein, and home construction has not begun, and the Developer has not requested the Company to begin the construction of its facilities prior to the expiration of 180 days from the date of this Agreement, the Company will invoice the Developer for the total amount of the installation payment and the Developer shall pay the total amount of such invoice within 10 days thereafter, or the Company shall have the option to cancel this agreement. However, if the Developer has not met the site preparation requirements as set forth herein, and home construction has not begun, and the Developer has not requested the Company to begin construction of its facilities prior to the expiration of 360 days from the date of this Agreement, the Company shall have the option to cancel this agreement and refund to the Developer any monies collected. Failure to cancel this Agreement at the end of 360 days does not forfeit the Company's right to cancel at a future time.

2. Company will own install and maintain a single-phase, underground electric distribution system, including surface mounted transformers, surface mounted enclosures which may contain electrical equipment such as sectionalizing devices, capacitors, regulators, etc., and underground cables and the 120/240-volt single-phase service lateral to the meter socket or service entrance for each residence in the said subdivision.

3. Developer agrees to grant Company right-of-way for the construction, operation, maintenance and removal of its facilities together with the right to ingress and egress to and from such facilities and the right to keep clear any obstruction that might injure or endanger said facilities.

4. The Developer shall notify each lot owner (a) that there shall be no plants, shrubs, fences, walls, or other obstructions in front of or within three (3) feet of the sides or rear of any pad-mounted equipment that will obstruct the operation or replacement of the equipment and that the Company shall not be liable for any damages or destruction of any shrubs, trees, flowers, grass or other plants caused by the Company's equipment or employees or the equipment or employees of any contractor or subcontractor in the construction, operation, maintenance or removal of the Company's facilities; (b) to obtain the meter location from the Company prior to the beginning of the installation of the service entrance facilities and associated internal wiring; (c) of their responsibility for Installing the Company provided meter socket to Company specifications and providing and installing 2" for 200 amp or 3" for 400 amp schedule 40 PVC or equivalent galvanized conduit from the meter socket to two (2) feet below finished grade.

5. The Developer shall give the appropriate Company District Superintendent a minimum of sixty days written notice prior to the commencement of the installation of any paving, streets, curbs, sidewalks, etc. After the expiration of 30 days from the date hereof, this prior notice is reduced from 60 to 30 days. The Developer, prior to the Company's construction of the underground distribution system, shall make the easement in which the underground equipment or conductors are to be located accessible to the Company's equipment, remove all obstructions and grade to within four (4) inches of the final grade elevation. Streets, lot lines and easements shall be clearly marked by the Developer before Company's underground facilities are Installed. All costs incurred by the Company due to improper or instequate site preparation as stated above shall be billed to the Developer as a separate item.

Modification to the underground system after initial installation shall be at the expense of the one requesting or causing the modification.

7. Company, its successors and assigns, will retain title to the underground distribution system, including the underground service lateral and outdoor metering trough serving each said residence, and said underground distribution system provided by Company will not in any way be considered a fixture or fixtures and thereby a part of said real estate but will remain personal property belonging to Company, its successors and assigns, and will be subject to maintenance and removal by Company, its successors and assigns, in accordance with the applicable Rules and Regulations approved by the Alabama Public Service Commission.

8. The covenants set forth in paragraph three (3) and paragraph seven (7) above touch and concern and benefit the land and shall run with the land and shall be binding on Company and Developer, their respective heirs, executors, administrators, successors, and assigns.

<ol><li>Any written notice to the Company, except as noted in Paragraph</li></ol>	one (1) and five (5) above, shall be addressed to
Alabama Power Company, Division Manager-Marketing 15 South 2	Oth Street, Birmingham , Alabama 35233
Any written notice to Developer provided for herein shall be addressed to	Mr. John Baker, President
South Jefferson Company, Inc., I Chase Corpo Birmingham, AL 35244	rate Drive, Suite 100
IN WITNESS WHEREOF, each of the parties hereto have executed this as	reement on the day and year first above written.
