Power Company, a corporation, and South Central Bell Telephone Company, a corporation, the receipt whereof is acknowledged. \$100.00
hereby grant to said Alabama Power Company and South Central Bell Telephone Company, their successors and assigns, the right to construct, operate
and maintain lines of poles and towers and appliances necessary in connection therewith, for the transmission of electric power and communication
service, with the right to string thereon from time to time electric power and communication wires and cables, together with the right to install,
maintain and operate underground conduits, cables, or other facilities for the purpose of conducting communication wires underneath the surface of the

Together with all the rights and privileges necessary or convenient for the full enjoyment or use thereof, including the right of ingress and egress to and from said lines; and including the right to install guys and anchors within twenty feet of aforesaid poles on property immediately adjacent to said streets, avenues, alleys, public ways, public utility easements and/or said additional easements; and to overhang with wires and crossarms, for a distance not to exceed five (5) feet, the property immediately adjacent to said streets, avenues, alleys, public ways, public utility easements, and/or said additional easements; and the right to cut, trim and keep clear, both on the areas described above and on lots adjacent thereto, all trees and undergrowth within ten (10) feet of the above described lines and electric facilities, as well as the right to cut danger timber within falling distance of said lines and facilities; and also the right to string wires across properties adjacent to said streets, avenues, alleys, public ways and easements.
