BOOK 278 PAGE 276

I have been familiar with the above described land since before 1946. At that time it was owned by John T. Batson and wife, Elizabeth S. Batson. They used it for timberland and pastureland. They also grew corn on part of the land. It is my understanding that it is still in the Batson Family and that William F. Batson has taken title to the portion described above.

I know of no one other than the owners named herein who has claimed title to the captioned property or used it since before 1946. It is my opinion that the owners named herein have held the captioned property in actual, open, hostile, exclusive, notorious and continuous possession since before 1946, and I do not know of any boundary line disputes over title to any of the property since before 1946.
