BOOK 278 PAGE 303

I have been familiar with the above-described property, its use, and its owners since before 1946. At that time it was owned by Dr. Smith. They used the land for timberland and some of it lie idle at times and grew up in underbrush. They also used some of it for pastureland and grew corn on some of it. It is my understanding that it is still in the Smith Family in the name of Thomas O. Smith, III, and Carolyn M. Smith.

I know of no one other than the owners named herein who has claimed title to the captioned property or used it since before 1946. It is my opinion that the owners named herein have held the captioned property in actual, open, hostile, exclusive, notorious and continuous possession since before 1946, and I do not know of any boundary line disputes over title to any of the property since before 1946.
