Containing 22.75 acres, more or less.

To my knowledge the above-described land has been in open, exclusive, notorious, hostile and continuous possession of the Boles family for over 20 years. This land has been used for pasture and the Boles have raised cattle on the land, built fences, cut hay, built a pond and also built a resident on the one acre parcel.

To my knowledge this land is recognized in the community and generally understood to be the property of Etta Boles til she conveyed the one acre parcel to her son, Charles Boles and his wife, Elaine Boles in April, 1975 and I have never heard of their title or right of possession being questioned or disputed in the last 20 years.

To my knowledge no one other than the said Etta Boles and subsequently her son, Charles and his wife, Elaine has been in possession of or made any claims to any portion of said land during the time above stated.
