To Whom It May Concern:

We, the Architectural Control Committee of Country View Estates located at Calera, Alabama, have viewed the foundation survey of the home being built by Bill's Contracting Service, Inc. at Lot 112, Country View Estates. The survey indicates the left side of the foundation is past the 35' set back building line.

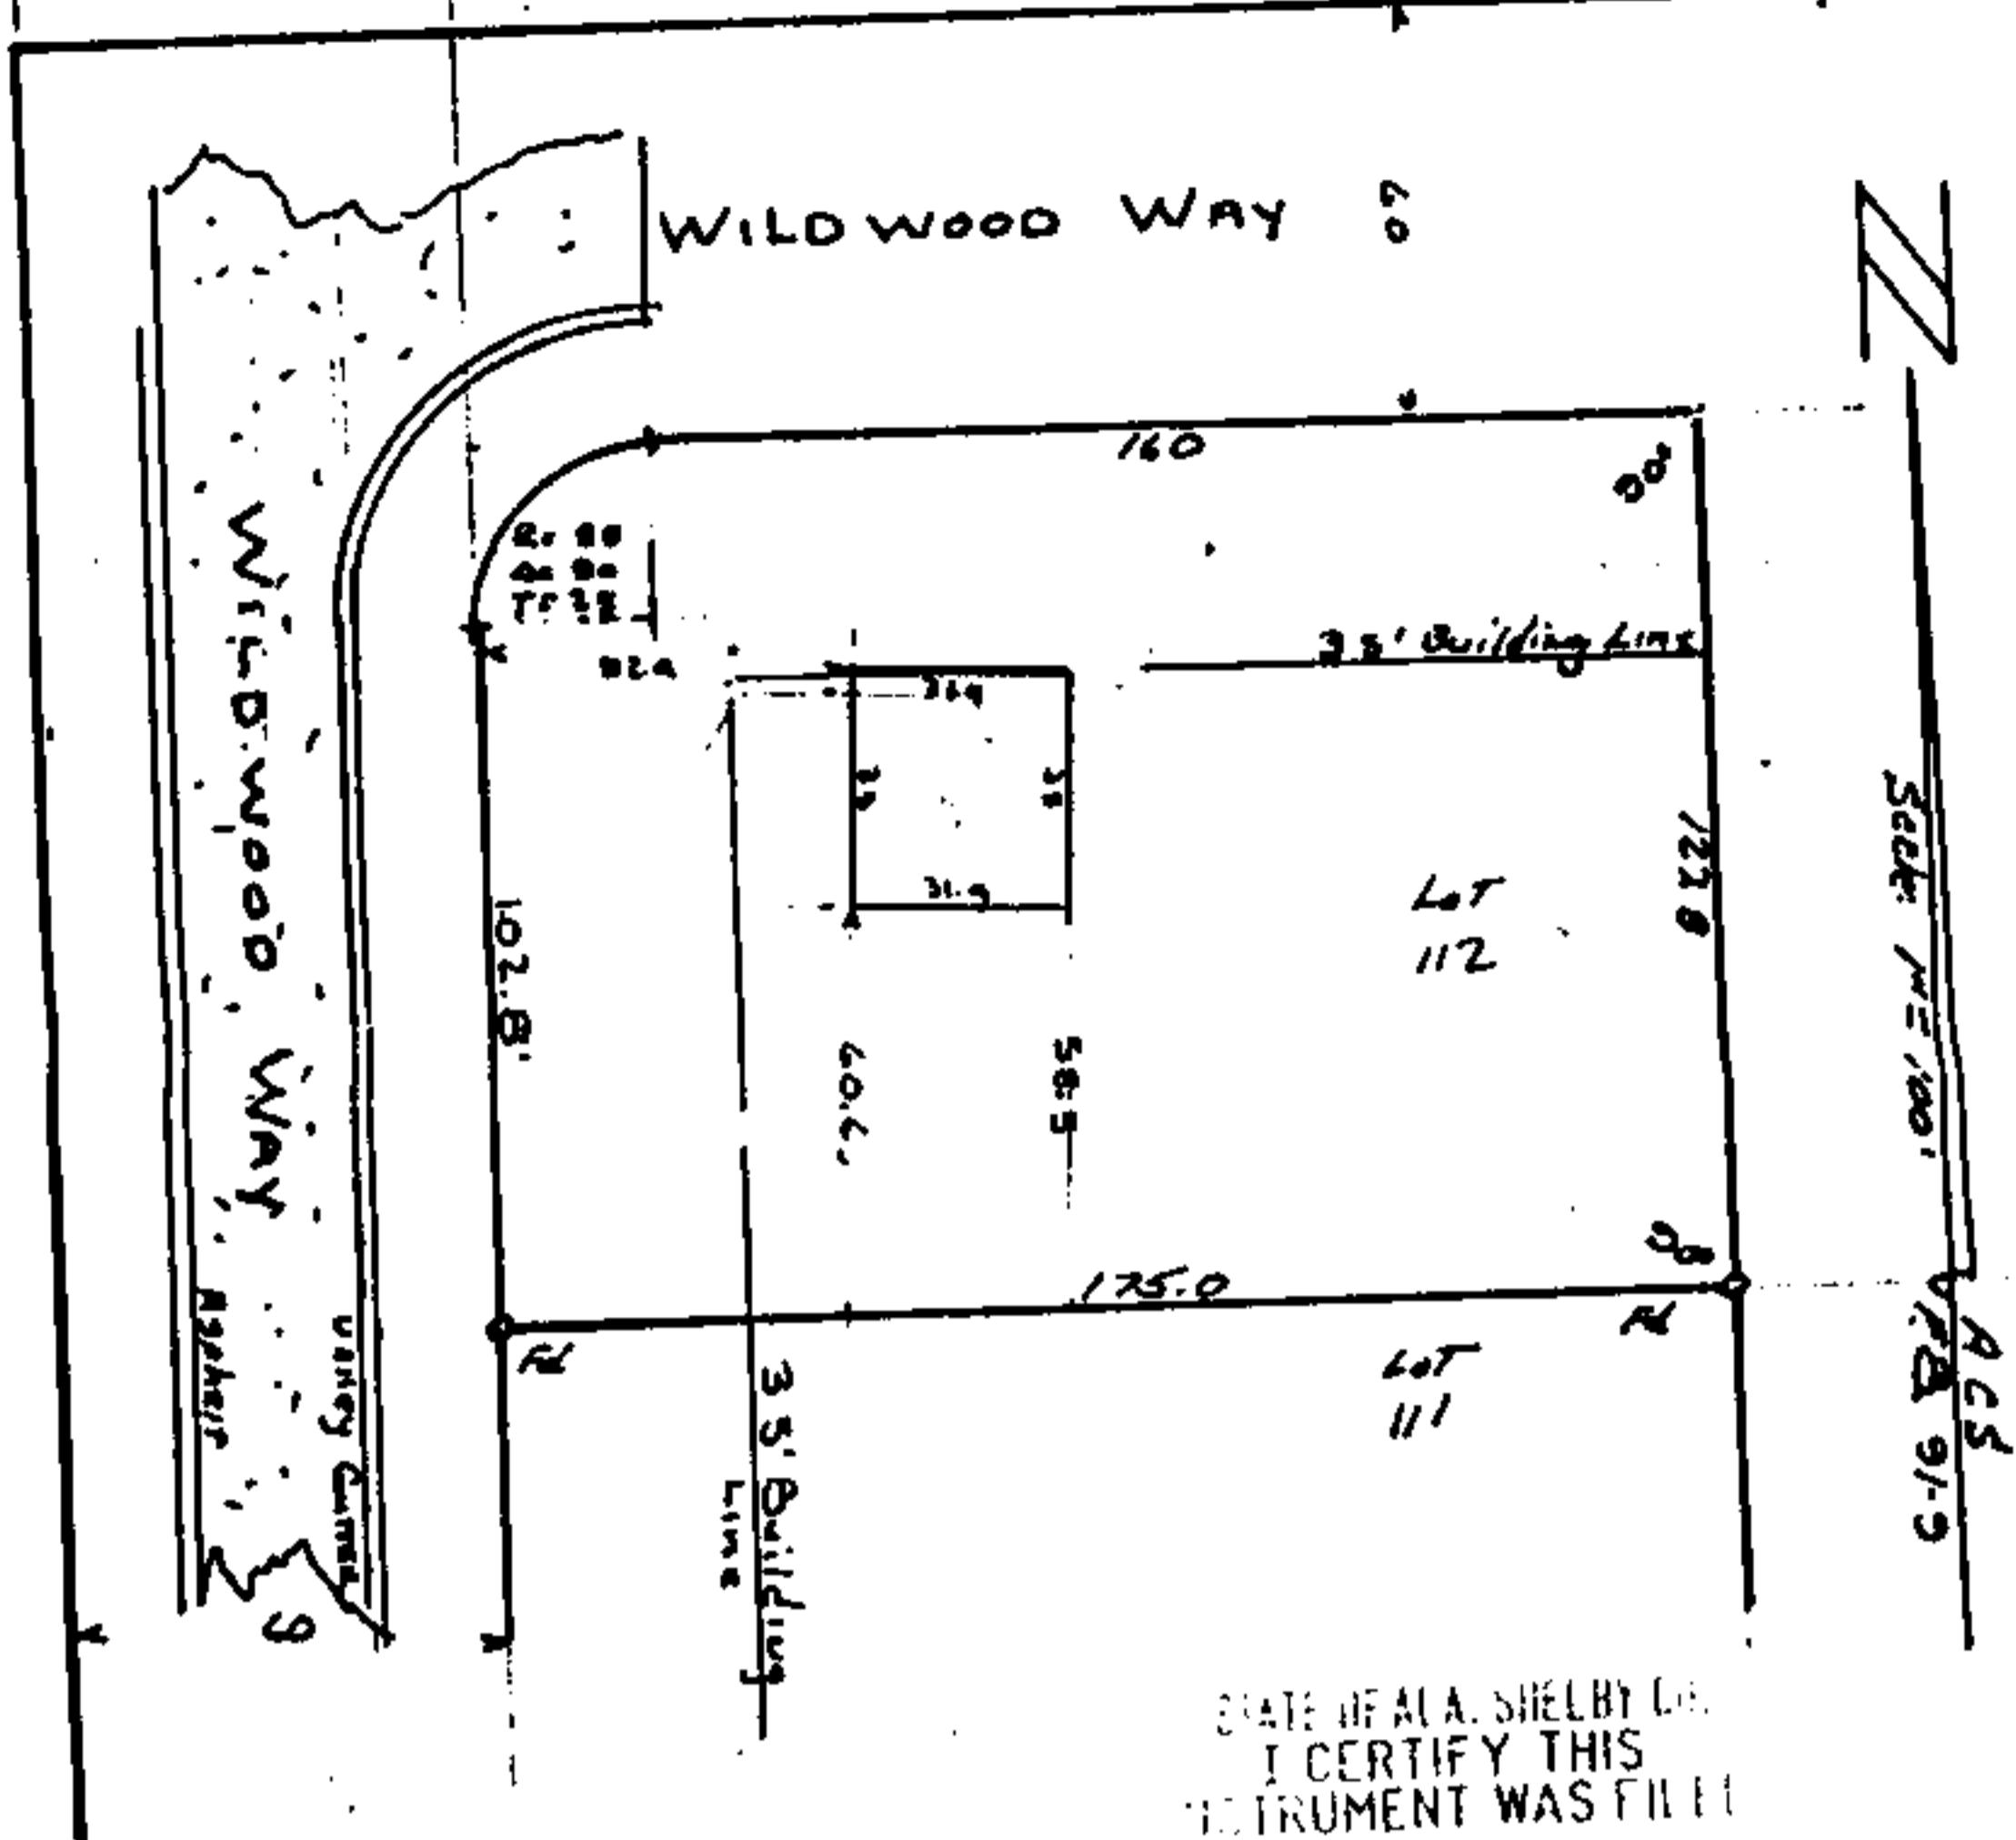

In view of this, we hereby give this letter as a variance for the house to remain as built, being as it is on a corner lot. However, this letter in no way constitutes that every home to be built at Country View Estates can be over the set back lines.
