This cause coming on to be heard after submission of the report of commissioners heretofore appointed in this cause seeking an order of condemnation of the lands described in Attachment A attached hereto and in the said report of the commissioners filed in said cause and also described in the petition of the State of Alabama, for an order of condemnation; and it appearing that this Court previously heard the allegations of said petition and all legal evidence offered by the parties touching the same and it further appearing that this Court made an order granting said application for the condemnation of the property described in the said application or petition and as hereinafter described and did appoint George Seales, Henry Caton and J.D. "Buck" Falkner, three citizens of Shelby County, Alabama, in which the lands sought to be condemned are situated and who were and are disinterested and who possess the qualifications of jurors in Shelby County, Alabama, as commissioners to assess the damages and the compensation to which the respondents or defendants described in said petition are entitled.

It further appears to this Court that the said commissioners, before entering upon the discharge of their duties in the premises, were sworn as jurors are sworn, and that they did thereafter receive all legal evidence offered by the parties touching the amount of damages the owners of said parcels of land will sustain and the amount of just compensation they are entitled to receive; and it further appearing to the Court that the said commissioners did on the 16th day of October, 1991, as to the tract numbered 7, as described in the said petition make a report in writing to this Court setting out the amount of damages and compensation ascertained and assessed by them which should be awarded as to the said respective tracts.

It further appears to this Court that the said commissioners did also file a certificate along with their award that none of them has ever been consulted, advised with or approached by any person in reference to the value of the land or the proceedings to condemn the same prior to the assessment of damages, and that they knew nothing of the same prior to their appointment.

It further appears to this Court that the damages and compensation ascertained and assessed by the said commissioners for the respondents or owners as to the parcels or tracts of land named above has been deposited in this Court, and that all things necessary and required by the laws of the State of Alabama have been done and performed by the State of Alabama, as plaintiff.
