It further appears to this Court that notice of the appointment of the said three named persons as commissioners was issued by this Court, as required by law, and that service of such notice was accepted by each of said persons.

It further appears to this Court that the said commissioners, before entering upon the discharge of their duties in the premises, were sworn as jurors are sworn, and that they did thereafter receive all legal evidence offered by the parties touching the amount of damages the owners of said parcels of land will sustain and the amount of just compensation they are entitled to receive; and it further appearing to the Court that the said commissioners did on the 24 day of October, 1991, as to the tract numbered 30, as described in the said petition make a report in writing to this Court setting out the amount of damages and compensation ascertained and assessed by them which should be awarded as to the said respective tracts.

It further appears to this Court that the said commissioners did also file a certificate along with their award that none of them has ever been consulted, advised with or approached by any person in reference to the value of the land or the proceedings to condemn the same prior to the assessment of damages, and that they knew nothing of the same prior to their appointment.

It further appears to this Court that the damages and compensation ascertained and assessed by the said commissioners for the respondents or owners as to the parcels or tracts of land named above has been deposited in this Court, and that all things necessary and required by the laws of the State of Alabama have been done and performed by the State of Alabama, as plaintiff.

IT IS FURTHER ORDERED, ADJUDGED and DECREED that the fee simple title to and a right of way or easement, in, over, on, or upon the hereinabove lands be, and the same hereby is, divested out
