And it further appearing to the satisfaction of the Court that said Commissioners, and each of them, before entering upon the discharge of their duties in the premises, were sworn as jurors are sworn and did make oath that they, and neither of them, were not directly nor indirectly interested in the issue to be tried and had not been consulted, advised with, or approached by any person in reference to the value of the lands and properties described more particularly in the Application for Order of Condemnation, as amended, or the proceedings to condemn the same prior to the assessment of damages and knew nothing of the same prior to their appointment as Commissioners and were not biased nor prejudiced against either or any of the parties to this cause and did make further oath that they, and each of them, would render such compensation to the Respondents as to them shall seem just and proper in the premises;

And it further appearing to the satisfaction of the Court that said Commissioners did, on, to wit, the 11th day of September, 1959, make their report in writing to this Court setting forth the amounts of damages and compensations ascertained and assessed by said Commissioners for the owners of each separate tract or parcel of land and other properties sought to be condemned, or for the persons injured and other parties interested herein, and to which said owners and other parties are entitled by reason of the taking and condemnation in this said cause, as follows, the owners or claimants of each separate tract or parcel and the particular description of each separate tract or parcel being contained under the corresponding Paragraph or "Parcel" designation in paragraph 3 of the Application for Order of Condemnation, as amended:
