Together with all the rights and privileges necessary or convenient for the full enjoyment or use thereof, including the right of ingress and egress to and from said lines; and including the right to install guys and anchors within twenty feet of aforesaid poles on property immediately adjacent to said streets, avenues, alleys, public ways, public utility easements and/or said additional easements; and to overhang with wires and crossarms, for a distance not to exceed five feet (5'), the property immediately adjacent to said streets, avenues, alleys, public ways, public utility easements, and/or said additional easements; and the right to cut, trim and keep clear, both on the areas described above and on lots adjacent thereto, all trees and undergrowth within fifteen feet (15') of the above described lines and electric facilities, as well as the right to cut all dead, weak, leaning or dangerous trees and limbs outside of the said thirty foot (30') strip which might endanger, interfere with or fall upon the said lines and facilities; and also the right to string wires across properties adjacent to said streets, avenues, alleys, public ways and easements.
