1. GRANTOR reserves the full right to use such easement in common with GRANTEE, and any entity having any rights therein, and reserves the right to dedicate such easement for public roadway purposes, without consent of GRANTEE or any other entity.

2. GRANTOR has no obligation to keep and maintain the roadway in safe condition and the use of the easement by GRANTEE or any other entity shall be solely at the user's risk and peril.

3. GRANTEE agrees, and at its own expense, to construct, improve and maintain such road, for its use. GRANTEE further agrees to stabilize the road by using diversion ditches, waterbars, silt screens, seeding and mulching, or other approved stabilization methods as may be necessary. All soil stabilization measures shall be at GRANTOR'S specifications or State's best management practices for roads and shall satisfy all local, state, and federal regulations now in existence or as maybe hereinafter enacted.

4. GRANTOR reserves the rights to use and enjoy the property subject to the easement for growing timber, and for any and all purposes including, but not limited to, the installation and maintenance (or to grant such rights to others) within the boundary of the easement herein granted, of electrical, telephone and communication lines and facilities; gas or other pipelines or facilities; railroad tracks and facilities; all at any point whatsoever, either at, above, or below grade, provided the exercise of such rights shall not interfere with the use by GRANTEE of the easement granted herein.

5. GRANTOR reserves the absolute right to cross such easement at any point along its route (such crossing point or points to be solely determined by GRANTOR) with heavily loaded logging trucks or other vehicles or equipment, in its management and logging of GRANTOR'S property, even though such usage shall interfere with usage under the easement granted herein.

6. In the event the easement granted herein is abandoned and not used by GRANTEE for a period of two years, title thereto shall automatically revert to GRANTOR.

7. GRANTOR shall not be liable or responsible for, and GRANTEE hereby agrees to hold GRANTOR harmless from, any damages to the road caused by GRANTOR, including, but not limited to, damages in connection with the construction of any road on or across the easement area, to allow the use of the vehicles and equipment described herein, or otherwise. GRANTEE also agrees that its facilities are placed on such easement, at its own risk of their being damaged by GRANTOR'S heavy equipment in carrying out the activities herein described. GRANTOR agrees to make reasonable repairs for any damage that it may make on any road on or across the easement area.

8. GRANTEE agrees and covenants to release, indemnify, protect and hold the GRANTOR, its officers, directors, and employees from and against any and all claims and demands by GRANTEE, its employees, agents, contractors, or any other persons whomsoever, for damages to property and injury or death to persons which may arise out of or be caused directly or indirectly by its use of the road and/or the construction and maintenance of the road, or by the use, of such road by GRANTEE, its employees, agents, contractors, invitees, licensees or any other persons whomsoever, and even though caused by GRANTOR or others as a result of damage to such road as a result of any activities of GRANTOR as are alluded to herein.

9. GRANTOR and GRANTEE agree that this easement, and the covenants and agreements herein, shall be binding upon and enforceable by GRANTOR and against GRANTEE. The continued use or maintenance of the easement area, the road, by any successor in ownership to the road shall conclusively constitute such user's agreement to be bound by all the covenants and agreements herein assumed by GRANTEE, including the agreements of indemnity.

10. No permit, or assignment by GRANTEE, of any right to use the road provided for herein shall be valid or effective unless first approved in writing by GRANTOR.
