(c) Prior to completion of construction of any residence on a Lot within the Ninth Sector and the First Phase of the Tenth Sector, the Owner of such Lot shall plant not less than five long leaf pine trees on such Lot with each tree having a minimum height of six feet.

(d) Each Owner of a Lot in the Ninth Sector and the First Phase of the Tenth Sector, by acceptance of a deed or other instrument of conveyance for a Lot, agrees to comply with all terms and provisions of a habitat conservation plan with respect to the Ninth Sector and the First Phase of the Tenth Sector as the same may be approved and adopted by the Association or the Developer in accordance with the requirements of the U.S. Fish and Wildlife Service and/or the Environmental Protection Agency; provided that any such plan or compliance therewith shall not unreasonably interfere with the Owner's use and enjoyment of his or her Lot as a residential dwelling nor unreasonably detract from the architectural design of the structures on any Lot.
