Severally in accordance with their respective Pro Rata Shares (as defined below), Assignees do hereby agree to assume and be subject to their proportionate share of all obligations and liabilities arising or incurred after the Effective Date under those Agreements attributable to the Subject Interests which are identified on Exhibit "B" attached hereto and incorporated herein, provided that Assignees do not assume or agree to assume any obligations or liabilities of Assignor to any of Assignees under or pursuant to or in connection with any of the Agreements;

4. All of the personal property, fixtures and improvements now or as of the Effective Date on the Subject Leases, appurtenant thereto or used or obtained in connection with the Subject Leases, or with the production, storage, treatment, transportation, processing, sale or disposal of hydrocarbons, water or other minerals or substances produced from or attributable to the Subject Leases, including, without limitation, pipelines (other than any interest of Assignor in the Plantation Pipeline, which is being assigned and transferred to Mission Energy Methane Company on even date herewith pursuant to that certain Assignment, Bill of Sale and Conveyance (Mission--Plantation Pipeline)), gas gathering and transmission systems, electrical distribution systems, compression facilities, high pressure lines in Alabama from compressor stations to the SONAT delivery points and all facilities related thereto, all metering, glycol and dehydration equipment, water disposal systems and wells, pipe, all wells,

5. All other interests, if any, owned by Assignor in and to the Lands, or the Subject Leases, or any other lands covered by the Subject Leases, including without limitation, all leasehold working interests, mineral or royalty interests, overriding royalty interests, net profits interests, production payments and any other economic interests owned by Assignor in the production of hydrocarbons or other substances from the lands covered by the Subject Leases, whether presently effective or hereafter becoming effective;

7. All rights of Assignor and/or Robert E. Ogle, the Chapter 11 Trustee (acting as a representative of Assignor's estate appointed under Section 1123(b)(3)(B) of the Bankruptcy Code) to avoid, and obtain the full benefits of avoidance of, any claims, liens, interest, charges and other encumbrances of any kind or nature against the working interest or other assets previously owned or acquired hereunder by the Assignees in the 1989-90 Program Interests (except for Recorded Working Interests, Allowed Unrecorded Working Interests electing treatment under Section 6.10(a), (b) or (c) of the Plan, and working interests included among the interests listed on Exhibit "E" to the Plan) and to preserve and defend title to such interests.
