- (3) The maximum annual assessment may be increased each year by not more than five percent (5%) of the previous year's assessment without a majority vote of the Homeowners Association. The Homeowners Association may fix the annual assessment at an amount not to exceed One Hundred and no/100 Dollars (\$100.00) unless greater assessment be approved by a two-thirds (2/3) vote of the membership of the Homeowners Association.

III. GENERAL REQUIREMENTS

- A. It shall be the responsibility of each lot owner to prevent development or occurrence of any unclean, unsightly or unkempt conditions of buildings or grounds on such lot which shall tend to decrease the beauty of the specific area or of the neighborhood as a whole.
- B. No weeds, underbrush or other unsightly growth shall be permitted to grow or remain upon any part of the Property and no refuse pile or unsightly objects shall be allowed to be placed or allowed to remain upon any part of the Property, including vacant parcels. The undersigned reserves the right (after 10 days notice to the Owner) to enter any residential

lot during normal working hours for the purpose of mowing, removing, cleaning or cutting underbrush, weeds or other unsightly growth, or trash which, in the sole opinion of the undersigned, detracts from the overall beauty and safety of the subdivision and may charge the Owner a reasonable cost for such services, which charge shall constitute a lien upon such lot enforceable by appropriate proceedings at law or equity. This provision shall not apply to the undersigned or their assigns during the sales and development period, such sales period to extend until the last lot is sold by the undersigned.

- C. No animals, livestock, or poultry or any kind shall be raised, bred or kept on any lot, except dogs, cats or other household pets may be kept provided that they are not kept, bred or maintained for any commercial purposes. - E. No oil drilling, oil development operation, oil refining, quarrying or mining operations of any kind shall be permitted upon, or in any lot, nor shall oil wells, tanks, tunnels, mineral excavations or shafts be permitted upon or in any lot. No derrick or other structure designed for use in boring for oil or natural gas shall be erected, maintained or permitted upon any lot.
- F. No trash, garbage or other refuse shall be dumped, stored or accumulated on any lot. Trash, garbage or other waste shall not be kept on any lot except in sanitary containers or garbage compactor units. No outside burning of wood, leaves, trash, garbage or household refuse shall be permitted, except during the construction period.
- G. No structure of a temporary character, or trailer, basement, tent or shack shall be used at any time as a residence, either temporarily or permanently. intersection of the street lines or in the case of a rounded property corner, from the intersection of the street property lines extended. The same sight line limitations shall apply on any lot within 10 feet from the intersection of a street property line with the edge of a driveway or alley pavement. Trees shall be permitted to remain within such distances of such intersections provided the foliage line is maintained at sufficient height to prevent obstruction of such sight lines.

These provisions shall not apply to the undersigned or their assigns during the sales period.
- J. Any damage not repaired by the contractor will be repaired by the undersigned (after 10 days written notice) and will be charged to the contractor (or Owner) at a reasonable cost for such services, which charge shall constitute a lien upon such lot enforceable by appropriate proceedings at law or equity. During construction, all builders must keep the homes, garages and building sites clean. All building debris, stumps, trees, etc. must be removed from each building lot by the builder as often as necessary to keep the house and lot attractive. - R. No concrete block foundation will be exposed on the front, rear or sides of the residences constructed in this subdivision.
- S. All dwellings shall have fully sodded front yards except that a nature area may be created by approval of the Architectural Control Committee. Rear and side yards may be seeded. With respect to a corner lot, that portion of the side lot facing the street must be sodded to the rear building line of the dwelling. Sufficient landscaping shall be done to control erosion.
- T. No free-standing basketball goal may be placed closer to the street than the rear building line of the house. Basketball goals may be affixed to the house above garage entries only so long as the garage is a side entry garage.

IV. ARCHITECTURAL CONTROL COMMITTEE AND PLAN APPROVAL

- A. The Architectural Control Committee (the Committee) is to be under the control of Mobley Development, Inc. until all the subdivision is completed and at such time will be turned over to the Homeowners Association.

A majority of the Committee may designate a representative to act for it. In the event of the death or resignation of any member of the Committee, the remaining members shall have full authority to designate a successor. Neither the members of the Committee nor its designated representative shall be entitled to any compensation for services performed pursuant to this covenant. Upon the (i) development of at least one hundred percent (100%) of the lots of the subdivision for single-family residential use by the construction thereon of a single-family residential dwelling in accordance with the terms hereof and (ii) occupancy of said dwelling units by individual owner/tenant occupants, and then record owners of a majority of the lots shall have the power, through a duly recorded written instrument, to change the membership of the Committee, or to withdraw from the Committee or restore to it any of its power or duties.

- C. Any remodeling, reconstruction, alterations or additions to the interior of any existing residence shall not require the written approval of the Committee, but shall comply with all restrictions and covenants.
- D. One set of prints of the drawings (herein referred to as "Plans") for each house or other structure proposed to be constructed on each lot shall be submitted for review and approval or disapproval by the Committee. Said plans should be delivered to the office of Mobley Development, Inc. at least 10 days prior to the beginning of construction. All plans must include the following: a list of proposed exterior materials and color selections including exterior paint samples. Only upon the submission of all reasonably requested plans in the manner set forth above shall the Committee be deemed to have received the plans for the purposes of Section E hereof.

In the event the Committee, or a designated representative, fails to approve or disapprove submitted plans and specifications which have been submitted to it, within 10 business days after receipt of same, then such plans and specifications shall be deemed to have been approved by the Committee and the related covenants therein shall be deemed to have been fully complied with.
- F. Neither the Committee nor any architect or agent thereof nor the Developer shall be responsible to check for any defects in any plans or specifications submitted, revised or approved in accordance with the foregoing provisions, nor for any structural or other defects in any work done according to such plans and specifications. It is specifically understood and agreed that any approval given by the Committee as provided herein shall not be deemed any warranty, either expressed or implied, or approval by the Committee of the structural integrity or soundness of any structure to be erected upon any lot in the subdivision.
- G. The undersigned reserve for themselves, their successors and assigns the right to use, dedicate and/or convey to the State of Alabama, to the City of Pelham, and/or to the appropriate utility company or companies right-of-way or easement on, over, across or under the ground to erect, maintain and use utilities, electric and telephone poles, wires, cables, conduits, storm sewers, sanitary sewers, water mains and other

- H. Each and every covenant and restriction contained herein shall be considered to be an independent and separate covenant and agreement and in the event any one or more of said covenants or restrictions shall, for any reason, be held to be invalid or unenforceable, all remaining covenants and restrictions shall nevertheless remain in full force and effect.
- I. The undersigned, and only the undersigned, may include in any contract or deed thereafter made any additional covenants and restrictions that are not inconsistent with and which do not lower the standards of the covenants and restrictions set for herein.

- K. The covenants and restrictions set forth herein are made for the mutual and reciprocal benefit of each lot within the herein described subdivision and are intended to create: (1) mutual, equitable servitude upon each lot within such subdivision, (2) reciprocal rights between and among the respective owners and future owners of each lot within such subdivision, and (3) a privity of contract and estate between the grantees of any and all lots within such subdivision, their respective heirs, executors, administrators, successors and assigns.
