A F F I D A V I T

Comes now, the undersigned, who states the following:

My name is Cecil J. Abbott. I am over the age of 21 and am familiar with the following described facts.

On February 12, 1997, I requested Mike Atchison; attorney in Columbiana, Alabama to prepare a Power of Attorney from myself to Sara Gould and a will from myself leaving all my assets to Sara Gould. Sara Gould has taken care of me, helped me get my medicines, brings me food, has arranged for me to receive benefits and has generally taken care of me over the past few years.

On February 12, 1997 at approximately 4:30 P.M., Mr. Atchison brought the will I had requested him to prepare and the Power of Attorney I had requested him to prepare to my house for me to sign them. I am on oxygen almost constantly and it is very difficult for me to travel. Mr. Atchison brought with him 2 ladies from his office to witness the will and the Power of Attorney. I signed those documents on that date after Mr. Atchison explained to me what they were and the effect that they would have on my property. At that time, other than Mr. Atchison and the two ladies from his office, there was no one else present when I signed these papers.

Shortly after February 12, 1997, my medical condition got worse and I was admitted to the hospital.

On March 5, 1997, my neighbor, Milner Wayne Gould, picked me up and drove me to a lawyers office. I did not get out of the car. It has been brought to my attention that I signed a deed conveying my home to Milner Wayne Gould. I am informed this deed is recorded in Inst. No. 1997-6892. At the time I went with Mr. Gould. I do not remember signing a deed, and I did not intend for anyone other than Sara Gould to get my property after I die. I remember talking to someone that came to the car, but I don't remember signing a deed and never intended to convey my property to Milner Wayne Gould. I feel like my property has been taken from me. I know of no reason I would ever voluntarily deed my property to Milner Wayne Gould. This was after I was released from the hospital. I am on many different medications, most of which relate to my breathing.

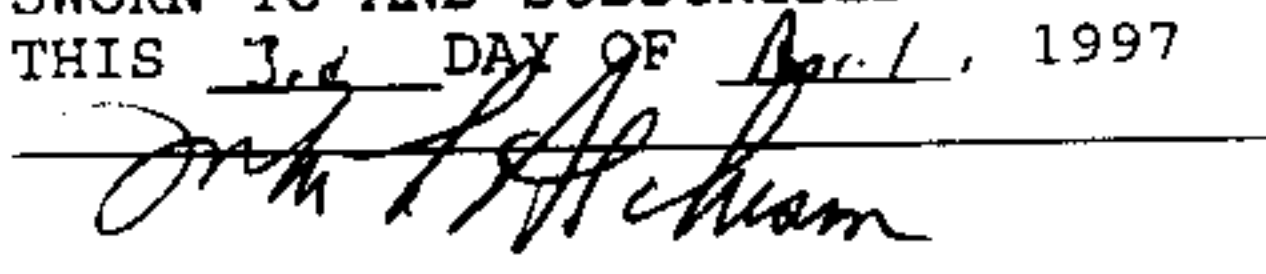

I do desire that Sara Gould receive all my assets and property at my death. Milner Wayne Gould has deceived me, for I never had any intention for him to have my property.
