Atlanta, Georgia 30342

RIGHT OF WAY AND EASEMENT AGREEMENT

For and in the sum of Ten Dollars (\$10.00), and other valuable consideration, the receipt and adequacy of which are hereby acknowledged, the undersigned, herein called Grantor (whether one or more), hereby grants, sells, conveys, and warrants unto Level 3, a Delaware LLC corporation operating as a specialized communications common carrier and telephone public utility, whose mailing address is 14023 Denver W. Parkway, Golden, Colorado, 80401, its successors and assigns, herein called Grantee, a perpetual easement and right of way (hereinafter, together with the rights and privileges herein granted, the "Easement"), together with all improvements located thereon, with a width and centerline as indicated below, to locate, survey, construct, maintain, inspect, operate, protect, repair, alter, replace, change the size of, relocate, establish, lay, install, test, substitute, renew, reconstruct, restore, abandon, and remove underground communications system(s) together with necessary underground conduits, cables, wires, underground splicing boxes, and any other appurtenances thereto, at any time or times for the transmission of data or communications (including, without limitation, pipeline data) for and by others upon and along a route or routes to be selected by Grantee (within the said easement as described below), on, in, over, under, through, and across the following described land (the "Property") located in the County of Shelby, State of Alabama, to wit:

79.00 acres of land lying in Section 13, Township 20 S, Range 2 W, in Shelby County, AL.; being the property described in that certain Warranty Deed dated September 22, 1995 recorded under Volume 1995, Page 27245 dated September 27, 1995 in Register of Deeds of Shelby County, Alabama.

together with the right of ingress and egress to, from, and along the Easement and the right to use gates and existing roads for the aforesaid purposes (Grantee shall and does hereby agree to restore any damage to such lands, gates, or roads caused by its use thereof) and together with a temporary easement to provide work space along and adjacent to the Easement as Grantee, in its sole discretion, may deem necessary from time-to-time. Grantee shall do nothing to interfere with Grantors use and enjoyment of the property.

The communications system(s) shall be installed across the Property within, and the temporary easement shall be limited to, the area of the Property on either side of the 10-inch pipeline owned by Plantation Pipe Line Company, as such pipeline is located as of the date of this instrument. The Easement shall be located either inside of or along Plantation Pipe Line Company's pipeline and extend for five feet on each side of such pipeline as is depicted on the map attached here to Exhibit A.

Grantee shall restore the surface of the Easement and temporary easement as nearly as reasonably practical to its original grade and level after performing any construction or other work that disturbs the surface. Grantee shall cause reasonable payment to be made for actual damages to crops, timber, and improvements of Grantor directly resulting from the exercise, now or in the future, of the rights herein granted; provided, however, that Grantee may elect, at Grantee's sole option, to restore crops, timber, or improvements to the pre-existing or equivalent or better condition (or replace fencing with gates) in lieu of paying damages; and provided further that after a communications system(s) has been constructed hereunder, Grantee shall not be liable for damages caused to trees, undergrowth, and brush removed from the Easement by Grantee.

All oil, gas, and other minerals are reserved to Grantor, provided that Grantor shall not use a method of extraction that interferes with or impairs in any way the exercise of Grantee's rights herein or the operation of Grantee's facilities. Grantor shall have the right to use and enjoy the above described premises except that Grantor shall not interfere with or impair or permit others to interfere with or impair in any way the exercise of the rights herein granted to Grantee or the operation of Grantee's facilities.
