All such plans and specifications shall be submitted to Grantor for Grantor's review and approval or disapproval in the following manner:

Grantee will submit to Grantor, for Grantor's review and approval or disapproval, preliminary plans of the exterior of the Building and for lighting; a perspective of the Building; specifications for exterior materials of the Building; and a site plan of the Property showing all proposed improvements, grades, curbs, curb cuts, landscaping, lighting, and location of exterior signs. Within twenty (20) business days from the date Grantor receives all such preliminary plans and specifications, Grantor will give Grantee written notice of Grantor's approval or disapproval thereof. If such notice is not so given within such period of time, Grantor shall be deemed to have approved such preliminary plans and specifications. Any approval by Grantor, whether actual or implied, of such preliminary plans or specifications or both shall in no event obligate Grantor to approve the final plans and specifications.

2.3.2 Final Plans and Specifications. Grantee will submit to Grantor, for Grantor's review and approval or disapproval, final plans and specifications which shall include, without limitation, working drawings of the exterior of the Building, final specifications of exterior materials of the Building, working drawings of all improvements to the Property exterior to the Building, detailed landscaping plans, and detailed plans for exterior signs and for lighting. The construction of the Building and the development of the site shall be in strict compliance with said final plans and specifications submitted to and approved by Grantor, if any.

2.4 Additional Construction. From and after the time the Building is completed in accordance with the provisions of Sections 2.1 through 2.3, or otherwise completed, Grantee will not construct any additional building or buildings on the Property for any purpose other than for providing office space for Grantee or for any corporation or business entity at least fifty percent

In the event Grantee so desires to construct an additional building or buildings on the Property for such purpose, Grantee shall not commence construction of such additional building or buildings until Grantee has obtained Grantor's approval of preliminary and final plans and specifications for the exterior of such additional building or buildings and for site development of the Property in connection therewith in the same manner as set forth in Section 2.3 for the approval of preliminary and final plans and specifications relating to the Building and to site development of the Property at the time of initial construction of the Buildings.

2.5 Modification to Building. Any material modifications of the exterior of the Building or of any portion of the interior of the Building which would affect the exterior appearance of the Building or of any portion of the Building or of the site development of the Property which are proposed by Grantee subsequent to Grantor's approval of the final plans and specifications in accordance with Section 2.32 will be in character with the final plans and specifications so approved by Grantor and compatible with the architecture of other structures and with the site development (including, without limitations, signs, driveways, curbs, and landscaping) of similar buildings and tracts in Inverness Center. Grantee shall make no such modification unless and until Grantee first obtains Grantor's approval of preliminary and final plans and specifications therefor. Grantor's approval of such preliminary and final plans and specifications shall be obtained in the same manner set forth in Section 2.3, except that Grantor shall give Grantee written notice of its approval or disapproval of such plans within twenty (20) business days of its receipt of all plans and specifications.

2.6 Signs. Any exterior sign approved by Grantor at any time will conform to the standard of exterior signs at Inverness Center and no modification of or addition to any exterior sign approved by Grantor shall be made unless and until Grantee first obtains Grantor's approval therefor in the manner provided in Section 2.3.

2.7 Disapproval of Plans. In the event Grantor ever disapproves any preliminary or final plans or specifications of the Building or of an additional building or buildings or of any modification of the Building or of the site development, or disapproves of any other plans or specifications required to be submitted by Section 2.3 through 2.6, Grantor shall specify in detail in writing those objections which Grantor may have to same. The factors which Grantor may

consider in determining the approval or disapproval of any preliminary and final plans and specifications may include, but shall not be limited to, the following:

2.7.1 Building and architectural standards concerning the exterior of the Building and all improvements exterior thereto;

2.7.2 Aesthetics (including design, appearance, color, size, location, finish, lighting, proportions and graphics of signage);

2.7.3 Exterior or exposed materials;

2.7.4 Site layout (including location of and traffic flow through proposed points of ingress and egress); and

2.7.5 Compatibility (including architectural, signage, and landscaping) with existing improvements and property contained within Inverness Center.

2.7.6 If Grantor shall disapprove the Final Plans and the parties are unable to agree upon such Final Plans, Grantee shall either amend said plans to meet Grantor's reasonable objections, or Grantor may, at its option, elect to repurchase the Property in its unimproved original state at the purchase price paid with no interest.

2.7.7 If Grantor repurchases the Property;

(a) The purchase price shall be the same price Grantee paid for the property with no interest.

(b) The closing of the repurchase shall take place within thirty (30) days of the final disapproval by Grantor at a time and place in Birmingham, Alabama, designated by Grantor by written notice to Grantee at least five (5) business days prior thereto.

(c) At closing, the purchase price (as provided in Paragraph 2.7.7(a) above) shall be paid by Grantor to Grantee in immediately available funds (including, without limitation, a cashier's check).

(d) At closing, Grantee shall deliver to Grantor a Statutory Warranty Deed, duly executed by Grantee, conveying good and marketable fee simple title to the Property, free and clear of all liens and encumbrances, subject to the same exceptions contained in Grantee's deed from Grantor affecting the Property.

(e) At closing, all real property and ad valorem taxes and other taxes and assessments levied upon or assessed against the Property for the year in which the closing occurs shall be prorated as of the closing date.

(f) Grantee will deliver exclusive possession of the Property on the closing date.

2.8 Drainage Provisions. The following provisions shall apply to drainage:

2.8.1 In connection with the construction of the Building and of any modifications thereof and of any additional buildings and with the site development of the Property, Grantee shall make such provision for drainage of the Property affected by such construction and development as is satisfactory to Grantor and to any appropriate county, municipal, or governmental agencies having authority over such construction and development. Further, Grantee hereby covenants and agrees to hold Grantor harmless against any and all loss, cost, damage, or injury which Grantor shall ever suffer or endure because of Grantee's failure to make adequate provisions for drainage of the Property after said proposed construction and development.

2.8.2 Existing drainage shall not be altered in such a manner as to divert the flow of water onto an adjacent lot or lots.

2.8.3 Drainage of surface water, storm water, and/or foundation drains may not be connected to sanitary sewers.

2.8.4 Drainage flow shall not be obstructed or be diverted from drainage swales, storm sewers and/or utility easements as designated herein, or as may hereafter appear as a matter of record.

ARTICLE III

REPAIR OF DAMAGE; INDEMNITY

3.1 Grantee shall repair, restore, or replace, as Grantor shall direct, any property, whether personal or real, by whomever owned, which is damaged, destroyed, or injured in any way by Grantee, its agents, representatives, designees, employees, or successors or assigns, in connection with the construction of the Building or the site development on the Property, including, without limitation, any right-of-way curbs, median curbs, signs, or pavement in the rights-of-way of dedicated or undedicated roads within; and Grantee hereby agrees to indemnify and hold Grantor

harmless from any and all liabilities, claims, and losses resulting from or arising in connection with any such damage, destruction, or injury.

ARTICLE IV

4.1 Maintenance of Property. Before such construction of the Building is commenced, and after such construction is completed, the Property and areas contiguous to road right of ways including the Highway 280 right of way and the side and rear Access Roads, shall be kept grassed, mowed, and otherwise maintained by Grantee in an attractive appearance and to a level of quality equal to or better than maintenance of other sites or common areas maintained by Grantor throughout Inverness Center. In the event Grantee fails to keep the Property so grassed, mowed, and maintained, Grantor, its representatives, agents, or employees shall have the right, after seven (7) days' notice to Grantee, to enter onto the Property at reasonable times and perform all work needed or desired in order to maintain the Property in the manner provided. Such entrance upon the Property for such purposes shall not be a trespass. Grantee hereby agrees to pay Grantor such costs and expenses as Grantor shall incur by so acting to maintain the Property within ten (10) days from the receipt by Grantee of a statement from Grantor for any such work.

In addition to all other rights and remedies for breach of these Restrictions, in the event the time period set out in Section 1.1 is not fully complied with, Grantor shall have the right, but not the obligation, to repurchase the Property for an amount not to exceed the purchase price paid Grantor for the Property, without interest.

5.2 Resale. In the event the Grantee desires to convey the Property to any party which is not Grantee ' s parent, subsidiary, an affiliated corporation or any entity which is directly or indirectly controlled by a parent, subsidiary or affiliated corporation prior to the expiration of eighteen (18) months after the purchase from Grantor, and in the further event that the Grantee has not begun construction of the Building thereon, Grantor shall have and retains the option to purchase the Property from Grantee at an amount not to exceed the purchase price paid to Grantor for the Property, without interest. If Grantor does not so notify Grantee within such thirty (30) day period, Grantor shall be deemed to have waived its right of repurchase under Section 5.1. In the event Grantor declines to exercise its right to repurchase under Section 5.1, or fails to notify Grantee within such thirty (30) day period, then Grantee shall be free to construct on the Property such building as shall be compatible with other buildings in Inverness Center and shall be free to choose such site development plan as shall be compatible with other portions of said surrounding Inverness common area, subject to the provisions of Article II. Grantor hereby expresses its general intent to use these same restrictions, as they may be modified, on other property in Inverness Center, as it may be specifically designated by deed as such from time to time.

ARTICLE X

10.1 Every one of the Restrictions is hereby declared to be independent of, and severable from the rest of the restrictions and of and from every other one of the restrictions and of and from every combination of the restrictions.
